Not to be folded or roughly handled

No. 72. Read the following letter from J. B. PENNINGTON, Esq., President of the Municipal Commission, Trichinopoly, to the Honorable D. F. CARMICHAEL, Acting Chief Secretary to Government, Fort St. George, dated Trichinopoly, 26th September 1874, No. 106 :—

With reference to the enclosed resolution of the Trichinopoly Municipal Commissioners, I have the honor to request that Government will be pleased to reconsider their Order, No. 17, of the 8th January 1868, and allow the Commissioners to use *all* the stone procured from the demolition of the rampart, at any rate until the work is completed and it can be ascertained how much is available for use elsewhere.

2. As Government are no doubt aware the filling in of the moat necessarily involves the construction of extensive drains to carry off the flood water of the town into the adjoining channels; and, unless the Commissioners had availed themselves freely of the fort stone for this purpose, the drains would have been enormously expensive.

3. They have, I think, the first claim to the stone *to the extent required for constructing such necessary drainage works*, and it is evidently the most economical use to which the stones can be put. I trust, therefore, that Government will be pleased to allow the Municipality the *exclusive* use of the stone until the Moat Reclamation work is completed.

4. Under the orders now in force the Department of Public Works are carting away stone in large quantities, and it seems doubtful if enough will be left to complete the drainage works. I should be obliged, therefore, by very early orders on this letter.

Extract from the Proceedings of the Municipal Commissioners for the Town of Trichinopoly, at a Meeting held on the 19th September 1874.

5. Read the following memorandum of the President on fort stone :—

"I think we ought to ask Government to reconsider their order about the fort stones, and to allow us the use of as much as is absolutely required for the Moat Reclamation Scheme at any rate."

12th September 1874. (Signed) J. B. PENNINGTON.

Ordered accordingly.

Municipal Commissioners Office
Spiellmspoly 26th September 1874

Sir,

I.B. Pennington Esqre
President
Municipal Commissioners
Spiellmspoly

Do,

The Chief Secretary to Government
Port Saint George
Madras.

Potacamund

Sir,

With reference to the enclosed Resolution of the Spiellmspoly Municipal Commissioners I have the honor to request that Government will be pleased to reconsider their order No 170 of 8th January 1868 and allow the Commissioners to use all the stone procured from the demolition of the Ramparts, at any rate until the work is completed and it can be ascertained how much is available for use elsewhere.

Remarks and orders on this subject of 26 Sept 74 No 1636. Sent to Madras

2. As Government are no doubt aware

award the filling in of the least
necessarily involves the Construction
of extensive drains to carry off
the flood-water of the Lands into
the adjoining Channels; and unless
the Commissioners had availed
themselves freely of the Foot Land
for this purpose the drains would
have been enormously expensive.

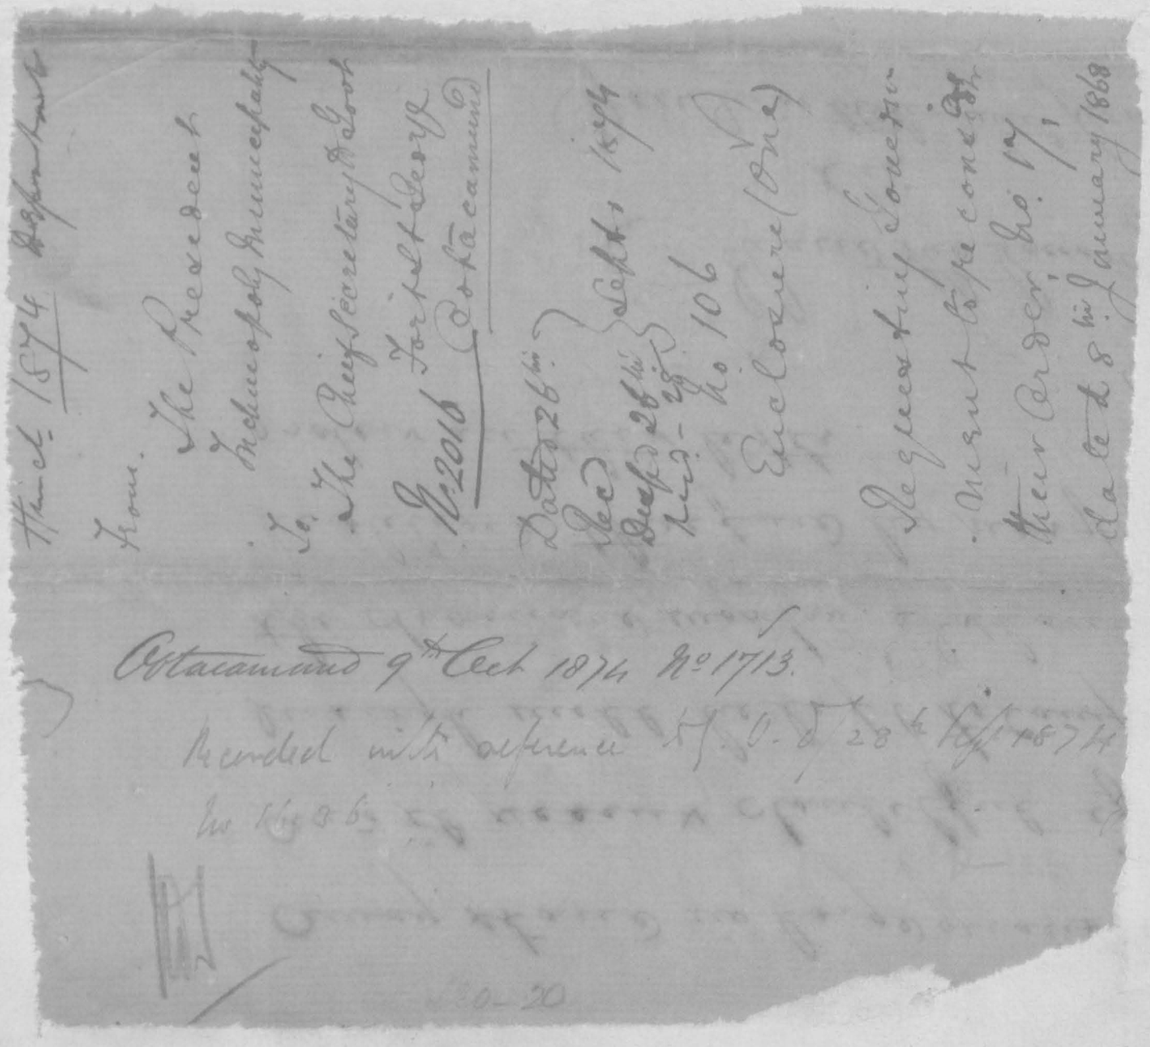

3. They have, I think, the first
claim to the Land to the extent re-
=quired for Constructing such
necessary drainage works, and
it is evidently the most economical
use to which the Lands can be
put. I trust therefore that Govern.
=ment will be pleased to allow the
Municipality the exclusive use of
the Land until the Reclama-
=tion work is Completed.

4. Under the Orders now
in force the D. P. W. are now Cutting
away stand in large quantities
and it seems doubtful if
enough will be left to complete
the drainage works. I should
be obliged therefore by very early
orders on this letter.

I have the honors to be
Sir,
Your most Obedient Servant

J. S. Pennington
President.
