12. Read G.O., No. 176, dated 29th May 1874, with the President's docket, No. 212, dated 8th June, calling for a report whether the Local Fund Board of this Circle still desire a bridge in preference to a causeway over the Palar, regard being had to the fact that Colonel Farewell has declared a bridge to be unnecessary in his letter embodied in G.O., 29th April 1874, No. 725.

The Board are now persuaded that the erection of a bridge is unadvisable. They request sanction to restore the causeway at once, and suggest that the Government should grant them the convicts from the neighbouring jail at Chingleput to knock down the piers and break them up for metalling the causeway. The Board earnestly request early orders, as, in view of the delay of years that has occurred, it is desirable to render the river passable at once.
