Read again—

Board's Proceedings, dated 27th August 1874, *No.* 2408.

From the Hon. D. ARBUTHNOTT, President of the Local Fund Boards, Tanjore District, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Trivadi, 12th August 1874, No. 242.

The Local Fund Boards of the Tanjore and Negapatam Circles have resolved, on the recommendation of the Superintendent-General of Vaccination, to allow a peon to each of the two Superintendents of Vaccination doing duty in this district.

2. The Local Fund Boards consider that it is necessary that the Superintendents should have a peon to post their official correspondence and do other menial duties in their offices.

3. The salary of the peons is to be Rupees 5 per mensem.

4. I have the honor to request that you will obtain the sanction of the Board and Government for this.

5. The additional cost may be met from the unappropriated balance of General Fund appertaining to the respective circles.

The Superintendent-General of Vaccination will be requested to inform the Board whether he thinks peons should be appointed in this case only or throughout the Presidency, and how it has been shown that the existing establishments need to be changed in this way.

(A true Copy and Extract.)

(Signed) J. GROSE,
Secretary.

Read also the following letter :—

From Surgeon-Major J. SHORTT, M.D., Superintendent-General of Vaccination, Madras Presidency, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Madras, 2nd September 1874, No. 1124.

WITH reference to the Proceedings of the Board of Revenue, No. 2408, dated the 27th August 1874, I have the honor to state that I think it absolutely necessary that each Superintendent of Vaccination should have two peons to assist, not only in office and other menial work, but also to aid in collecting subjects for inspection and vaccination, and as these peons will have to be constantly on the move travelling about the circle or district with the Superintendent of Vaccination, I do not think the services of suitable men can be procured at the rate of 5 Rupees a-month ; their pay should be fixed at least at 7 Rupees each per mensem.

2. I have been urging the employ of peons for years, and it is on the whole bad economy not to do so, as it only takes away a vaccinator from his more legitimate work to do what can be better done by an ordinary peon. If care be exercised in the selection of proper individuals they might succeed to vacancies

among the vaccinators, and much time be thus saved in qualifying candidates for the work of vaccination.

THE Board resolve to recommend Government to sanction the entertainment of a peon paid Rupees 5 a-month for the Superintendents of Vaccination in the Tanjore and Negapatam Circles.
