No. 197. Read the following Proceedings of the Board of Revenue, dated 29th September 1874, No. 2799 :—

Read the following letter from R. DAVIDSON, Esq., Acting President of the Local Fund Boards, Ganjam, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Berhampore, 24th August 1874, S. No. 639 :—

I HAVE the honor to forward, for the sanction of Government, plans and estimates, amounting to Rupees 46,760, for the construction of the direct road from Berhampore to Digapudy.

2. This road was originally sanctioned in G. O., dated 23rd January 1872, as a famine relief work, and the earth-work was executed to a certain extent in 1871-72.

3. The Local Fund Board, Chetterpore Circle, have now resolved to complete the road.

4. A copy of their Proceedings, dated 20th August 1874, is enclosed.

ENCLOSURES Nos. 1 and 2.—Estimates.

ENCLOSURES Nos. 3 and 4.—Plans.

ENCLOSURE No. 5.—Specification Report.

ENCLOSURE No. 6.—Extract from Proceedings of Local Fund Board.

THE estimate for constructing a road from Berhampore to Digapudy, *vid* Narampore, 15 miles and 1,387 yards long, at a cost of Rupees 46,760, will be submitted for the orders of Government after reference to the Chief Engineer.

2. The President does not explain the necessity for the work, and his attention is called to No. XXX., Clause 10, of the Local Fund Rules. It is clear, however, from the last paragraph of the report accompanying the estimate that the work will be a very useful one. Moreover, Rupees 7,160 have been already spent on the line out of the special grant of Rupees 10,000 sanctioned for it in a time of scarcity in G. O., Revenue Department, dated 23rd January 1872, No. 142.

3. It is to be observed that the Chetterpore Local Fund Board have submitted three large estimates lately, viz. :—

	RS.
1. The Great Northern Road	1,25,000
2. Mundesa Road	53,000
3. Now submitted	46,760
Total ...	2,24,760

4. The sum available for new works in the current year's budget is only Rupees 10,400, but the Local Fund Board hopes to get special grants (Board's Proceedings, dated 22nd September 1874, No. 2,724).

Secretary.

Proceedings of the Madras Government, Financial Department,
22nd October 1874.

Referred for the opinion of the Chief Engineer.

6th October 1874. (Signed) J. STURROCK,
Acting Under Secy. to Govt.

No. 198. NOTE.

The Chief Engineer has the honor to remark that neither the waterway given in the specifications, nor the sections of nullahs given in the plans, are calculated to satisfy him as to the sufficiency of waterway allowed for the bridges of three spans of fifteen and twenty feet, respectively. There are five of the former, and for all of them but one nullah section and one estimate of high-flood section are given. This does not show that detailed examination and measurement which are desirable in planning bridges, or that the District Engineer has exercised that amount of supervision in checking the papers which is expected of him by the Government.

OOTACAMUND,
7th October 1874. (Signed) G. W. WALKER, Colonel, R.E.,
Chief Engineer, P. W. D.

No. 199. ORDER THEREON, 22nd October 1874, No. 1807.

The estimate will be returned for revision, with reference to the note by the Chief Engineer.

2. Further explanation should also be afforded regarding the necessity for the work.

(True Extract.)

D. F. CARMICHAEL,
Acting Chief Secretary.

To the Board of Revenue, with six enclosures.
