Proceedings of the Madras Government, Financial Department,

4th February 1874.

No. 28. Read the following Proceedings of the Board of Revenue, dated 22nd January 1874, No. 445 (Miscellaneous):—

Read the following letter from J. H. MASTER, Esq., Collector of Bellary, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Badanahal, 20th December 1873, No. 439:—

A list of chuttrums existing in this district was made out in 1868. The return from the taluq of Adoni was blank.

2. Last year I discovered that a chuttrum existed at Mantsala on the Tungabudhadra in that taluq. I addressed the Local Fund Board of the Gooty Circle on the subject, but they do not wish to undertake the management of it.

3. The building has been a substantial one of brick and mortar, but has fallen into disrepair. It appears that Mantsala was years ago a station where a party of the old Kurnool Horse was located, and I imagine that it must have been erected partly for the accommodation of the men of that regiment. There are no records forthcoming on the subject.

4. Many years ago it is stated some former Collector gave permission to some wealthy individual to build another chuttrum all round the Government building, so that now people cannot get into the Government Chuttrum without going through the entrance gateway of the private chuttrum.

5. The best plan, therefore, seems to be to sell the Government one. I have called for offers, but the highest is only 76 Rupees. I have the honour, therefore, to request that the permission of Government may be obtained for its sale by auction.

Submitted for the sanction of Government.

2. The proceeds, the Board are of opinion, should be given to the Local Fund.

Sir,

A list of chuttrums existing in this District was made out in 1868. The return from the Taluq of Adoni was blank.

2 Last year I discovered that a chuttrum existed at Mantsala

on

on the Tungabudhadra in that Taluq. I addressed the Local Fund Board of the Gooty Circle on the subject but they do not wish to undertake the management of it.

3 The building has been a substantial one of brick and mortar but has fallen into disrepair. It appears that Mantsala was years ago a station where a party of the old Burnood Horse was located and I imagine that it must have been erected partly for the accomodation of the men of that Regiment. There are no records forthcoming on the subject.

4 Many years ago it is stated, some former Collector gave permission to some wealthy individual to build another chuttram all round the Government building

building so that now people can not get into the Government chuttram without going through the entrance gate way of the private chuttram.

5 The best plan therefore seems to be to sell the Government one. I have called for offers but the highest is only seventy six Rupees. I have the honor therefore to request that the permission of Government may be obtained for its sale by auction.
