ABSTRACT.—*Provincial and Local Fund Budget Estimates.*—Orders in regard to the charge to Imperial Funds for Public Works Establishment and remarks with reference to the Provincial and Local Fund Budgets.

COMMUNICATED to all Presidents of Local Fund Boards.

2. According to No. XX. of the Local Fund Rules, the Local Fund Budget Estimates must be forwarded to the Board of Revenue in the first week of October of each year. Of the thirty-five Circle Budgets now due for 1875-76, only two* have been received up to date, though the Board have taken care to remind the Presidents of Local Fund Boards of the subject in a special Circular Memorandum, dated 21st August 1874, No. 1308, a copy of which is herewith submitted for the information of Government.

3. The Board have made the necessary arrangements for closing their reviews of the Local Fund Budget Estimates by the 31st December 1874, and if the Government, in their turn, are pleased to pass orders on each Budget as submitted, there can be no difficulty in preparing the General Abstract Estimates by 1st February 1875, to admit of the necessary information being embodied in the Provincial Budget Estimate of the Public Works Department, which is stated to be due at Calcutta on the 15th February 1875.

CIRCULAR MEMORANDUM.

The Presidents of the Local Fund Boards are reminded that their Local Fund Budgets for 1875-76 should reach this office in the first week of October next.

2. The Budgets should be prepared in accordance with the instructions issued in the Board's Circular Memorandum, dated 15th August 1873, No. 1231.

3. The road maps of the several Circles, received with the current year's Budget, are returned for revision with reference to the proposed Budget. The maps do not generally show the minor roads, for the improvement and repair of which provision is made in the Budget. The Presidents will see that these roads are carefully marked in the maps, which should invariably be returned with the Budgets.

4. With respect to grants from Provincial Funds for roads, schools, and general purposes, the Presidents may adopt the figures of the current year, as directed by Government.

5. The share of the cost of the Public Works Department, General Establishment, should, as in the present year, be calculated at twenty-five per cent. on the proposed expenditure on works by the Public Works Department.

6. The allotments for repairs to village roads should, as a rule, be expended by other agency than that of the Public Works Department, as the execution of such works does not require the supervision of that agency.

Proceedings of the Madras Government, Financial Department,
23rd October 1874.

7. In several of the current year's Budgets, and in those of the previous years, no provision was made on account of the General Reserve, and hence the omission had to be supplied by this office. The Presidents are requested to guard against such omissions.
