Proceedings of the Madras Government, Financial Department,
27th October 1874.

No. 239. Read the following Proceedings of the Board of Revenue, dated 5th October 1874, No. 2882:—

Read the following letter from Colonel R. M. MACDONALD, Acting Director of Public Instruction, to the Hon. D. F. CARMICHAEL, Acting Chief Secretary to Government, Fort Saint George, through the Board of Revenue, dated Madras, 17th September 1874, No. 1,686:—

I HAVE the honor to submit the accompanying papers relative to an application from the Managers of an Anglo-Vernacular School at Narsarowpett for a salary grant of Rupees 15 per mensem from the Local Fund Board, Guntur.

2. The average attendance is only 12½, and the standard is at present low, but the Master who has been selected has passed the Matriculation Examination, and it is evidently intended that the school shall be eventually a middle-class school.

3. Mr. Kershaw considers that, in the present condition of the school, the Master should receive a salary of Rupees 10 from the Managers, a monthly grant of Rupees 5 from the Local Fund Board, and as much more as he can earn under the Result Grant Rules.

4. Schools aided by Government under the salary grant system are not allowed to receive aid also under the results system, and the fact of the salary grant being given in this case by a Local Fund Board, and not by Government, does not appear to make any difference in the application of the principle.

5. The case of a Local Fund School in which the Master receives a salary from Local Funds and also a result grant from Local Funds is, of course, entirely different, as in such a school the salary given is not a grant in aid of another salary given by certain Managers.

6. It, therefore, appears to me impracticable to act upon Mr. Kershaw's suggestion, and as the attendance in a large place like Narsarowpett may be expected to increase, and as the services of a Master who has passed the Matriculation Examination could hardly be retained in a place like Narsarowpett for a very small salary, I recommend that the grant of Rupees 15 given by the Local Fund Board be sanctioned.

ENCLOSURE No. 1.

From G. D. LEMAN, Esq., President of the Kistna District Local Fund Boards, to E. B. POWELL, Esq., M.A., C.S.I., Director of Public Instruction, dated Masulipatam, 12th August 1874, No. 106.

I HAVE the honor to forward, herewith, an application from the Managers of an Anglo-Vernacular School at Narsarowpett, Guntur Circle, for a salary grant of Rupees 15 per mensem, or Rupees 180 per annum. There is a lump sum of Rupees 1,000 provided in this year's Budget for salary grants. The sanctioning resolution of the Guntur Board accompanies.

2. I request that, in the event of your approving of the application, you will be so good as to forward it to the Revenue Board, with your recommendation, for their final orders.

ENCLOSURE No. 2.

From W. R. KERSHAW, Esq., Inspector of Schools, 1st Division, to Colonel R. M. MACDONALD, Acting Director of Public Instruction, dated Cocanada, 27th August 1874, No. 710.

WITH reference to the papers herewith returned and sent to me with your Proceedings, No. 1,429, of the 12th instant, I have the honor to state that I consider Rupees 15 too large a grant for a school with only an average daily attendance of 12½, and for a school of the standard of the 2nd class of a Zillah School. I should consider a grant of Rupees 7½ ample for such a school.

2. I think, however, the best way would be to allow a grant of Rupees 5 per mensem, and to allow the master to get as much more as he can on the results system. If the managers allowed him another Rupees 10 per mensem, he would receive a fixed salary of Rupees 15, and whatever addition he got would depend on his own exertions.

ENCLOSURE No. 3.—Extract from Proceedings of Local Fund Board.

SUBMITTED for the orders of Government.

2. There are several objections to the large salary grant which the Guntur Local Fund Board propose to give to a school at Narsarowpett, and which the Director recommends, viz.—

(1.) The school is a very small one, the average attendance being 12½.

(2.) English is taught.

(3.) The school is said to be intended to become a middle-class school eventually.

(4.) The Local Fund Board have a second-class school of their own at Narsarowpett.

3. The Board cannot think the proposal judicious, but, under the circumstances, they think the Local Fund Board should be allowed to carry it out.
