No. 256. Read the following Proceedings of the Board of Revenue, dated 6th October 1874, No. 2900:—

Read the following letter from J. H. MASTER, Esq., Collector of Bellary, to J. GROSE, Esq., Secretary to the Board of Revenue, dated 30th July 1874, No. 270 :—

I HAVE the honor to forward a Supplemental Local Fund Budget for 1874-75, with its covering letter* received from the Vice-President of the Gooty Local Fund Board, and to request that you will be good enough to submit the same for sanction of Government at an early date.

* No. 131, dated 10th July 1874.

2. The submission of this budget is rendered necessary, owing to the actual balances of the Road and General Funds available on the 31st March last, having been found largely in excess of those estimated. This large increase in the balances is mainly attributable to the non-utilization of the maintenance allowances for roads, to the full extent of the budget provision, to the increase of about Rupees 5,000 under Land-cess, and to the non-execution of certain Public Works in consequence of the estimates for them not having been submitted for sanction before the close of the year 1873-74.

3. The circumstances under which the allotments sanctioned in the budget were not fully worked out, will be explained in the Annual Report for 1873-74.

4. The Circle Board provide in the Supplemental Budget Rupees 5,000 for Public Works Supervision and Road Fund reserve. This I think unnecessary, as the provision in the original budget is intended to meet all the requirements under these sources.

5. In conclusion, I have the honor to request that, in anticipation of the sanction of Government, the Circle Board may be authorized to arrange for the execution of the several works, budgeted for, so that the amounts allotted for them may be fully utilized before the close of the current official year.

Local Fund Board's Office,
10th July 1874.

Enclosure No. 2.

From C. J. CROSTHWAITE, Esq., Vice-President, to J. H. MASTER, Esq., President of the Local Fund Boards, Bellary, dated 10th July 1874, No. 131.

I have the honor to submit a Supplemental Budget for the opening balance of the current year accompanied by the necessary statements, and request you will be good enough to transmit the same for the sanction of Government at an early date.

2. From the annual Accounts furnished to this office, it appears that Rupees 51,736 were left unspent under Road Fund and Rupees 21,314 under the General Fund, or in other words Rupees 17,250 under the former and Rupees 15,180 (leaving a margin of Rupees 1,720 for the Local Fund works incomplete at the end of 1873-74) under the latter fund, more than was expected when the original budget was prepared, and to utilize this balance the proposals hereinafter mentioned are made. Rupees 1,080 were promised by the inhabitants of Bhantanahol, Harivanum, and Yemiganur, the particulars of which have been given in Statement I A. *Receipts.*—The total estimated receipts for the supplemental proposals amount to Rupees 33,510.

3. Grant I. *Charges.*—The allotment for new works amounts to Rupees 14,920. Statement II. A., Part I., contains details of new works.

4. Rupees 1,525, the balance of the estimate for the road from Halvy to Kosgi has been allotted to complete the road. No allotment was made in the original budget, because the road was considered unimportant. However, as Rupees 24,265 out of the estimate (Rupees 25,790) have already been spent on the road, and the balance is chiefly for road dams or culverts, the Circle Board thought it worth while to spend the above sum to complete the road, and with the same object the Circle Board allot Rupees 2,000 out of the balance on the road from Kosgi to Madhavaram. Rupees 1,460 have been allotted for the road from Rampore to the Railway Station at Kachapore (Item No. 9 of the original budget), so that including the original allotment, there will be the total amount of the estimate for expenditure in the current year on this road.

5. An allotment of Rupees 3,000 was made for building a new Dispensary at Tadpatri in the original budget, but the Revenue Board in reviewing the budget reduced it to Rupees 2,000 (*vide* paragraph 57 of their Proceedings, No. 592, dated the 16th of March 1874). In paragraph 5 of my letter, No. 68, dated 22nd April, it was requested that the allotment of Rupees 6,000 of the previous year might be repeated as the reduced allotment was insufficient even for the collection of materials, but the Circle Board now think that more than 5,000 Rupees cannot be spent for that work in the current year, therefore a fresh allotment of Rupees 3,000 only has been made instead of Rupees 6,000 as requested in the above letter.

6. Rupees 1,300 were allotted in the original budget for the proposed Chuttrum at Garladinna (Item No. 12 of the original budget). This proposal was rejected by the Revenue Board —*vide* paragraph 56 of their Proceedings, No. 592, dated the 16th March 1874, but subsequently the Circle Board requested that it might be retained—*vide* Resolution No. VIII. of 15th April last, which was communicated to you with my letter, No. 64, dated 18th of that month—and the necessity for constructing a Chuttrum at that place was shewn in my letter, No. 76, dated 1st May 1874. As the plan and estimate have been submitted for sanction, the Circle Board have now allotted 1,820 Rupees which will complete the estimated amount in the current year.

7. At a meeting held on the 15th of last month the Circle Board decided to construct a Chuttrum at Bundamithi Pally, in the Anantapur Taluq, similar to the one proposed for Garladinna. An application for a plan and estimate was made in my letter No. 112, dated the 22nd June last, and the necessity for the proposed Chuttrum was shown in the Resolution that accompanied it. An allotment of Rupees 2,000 has been provided in the accompanying Budget.

8. In reference to Resolution No. X. of 15th February of the Circle Board, I have to draw your attention to the marginally noted correspondence regarding the accommodation to be provided for the proposed Dispensary at Alur, and as the Circle Board have finally decided to construct a Hospital there, Rupees 2,000 have been allotted for expenditure in the current year.

President's No. 68, 11th May 1874.
Vice-President's No. 112, 22nd June 1874.

9. Rupees 9,450 have been allotted for the repair of communications and maintenance of Avenues, etc. Statement II.-A, Part II. contains details as follows—

10. Rupees 6,900 have been allotted for the road from Bellary to Cuddapah for which an estimate of Rupees 22,270 was sanctioned by Government, in their Order No. 181, dated the 4th February last. Rupees 350 have been allotted for the maintenance of the new road from Rayalchervoo to Yadiky for which an estimate has been submitted by the Range Officer which will doubtless be sanctioned at the next meeting.

11. Rupees 200 have been allotted for the repairs to the building at present used for the Dispensary at Tadpatri, and Rupees 2,000 for improving and maintaining avenues.

12. The total under Grant I. amounts to Rupees 28,250.

13. GRANT II.—*Nil.*

14. GRANT III.—Rupees 5,070 have been allotted for clearing wells and tanks, etc. of which Statement IV.-B contains details.

15. GRANT IV.—Miscellaneous.

The Circle Board have resolved to increase the salary of the Attender of this Office to Rupees 10 per mensem on account of his increased work in this office. His pay as provided in the original Budget is Rupees 7 per mensem. He is a passed candidate and does Gumasta's work. The increase has been provided under this grant.

WITH the foregoing letter the President submits, for sanction, a Supplemental Local Fund budget of the Gooty Circle for the current year with a view of utilizing the large available balance of Rupees 33,510 made up as follows :—

		RS.
1.	Difference between the actual and estimated balance of the Road Fund on the 31st March 1874	17,250
2.	Do. do. of the General Fund do	15,180
3.	Contribution from the inhabitants of Harivanum for repairing a well	480
4.	Do. from do. of Bhantanahol for constructing a Koonta.	400
5.	Do. from do. of Yemiganur for repairing a well ...	200
		33,510

2. The proposed expenditure is made up of—

Grant I...	28,250
Do. II...	...
Do. III...	5,070
Do. IV...	30
	33,350

3. The allotment for Grant I includes Rupees 3,280, the share of the cost of Public Works Supervision chargeable to the Road Fund, and Rupees 1,720, the Road Fund Reserve. The Board agree with the President in thinking that these provisions are unnecessary and have accordingly disallowed them.

4. Part I contains 7 items with an aggregate allotment of Rupees 13,805. The 3rd, 4th, 6th and 7th items are unsanctioned.

5. The 4th work* appears as item No. 11 in Part I of the current year's budget with an allotment of Rupees 2,000. An estimate amounting to Rupees 9,215 was submitted for the work, but it was returned to the President with Board's Proceedings, dated 11th July 1874, Miscellaneous No. 4,642 for further information. The President will, at an early date, re-submit the estimate with the required explanation for the sanction of Government.

* Erecting a Dispensary at Tadpatri.

6. An estimate amounting to Rupees 3,150 for the 5th work* has since been received and sanctioned in separate Proceedings, and a sum of Rupees 3,000 has been allotted by a transfer of the amount provided in the current year's budget (item No. 9) for constructing a Chuttrum at Adoni. The provision of Rupees 1,820 in the present budget is therefore disallowed.

* Erecting a Chuttrum at Garladinna.

7. It is to be distinctly understood that no portions of the allotments for the 3rd, 4th, 6th and 7th items can be spent until the estimates have been submitted to and sanctioned by competent authority.

8. Part II contains 4 items with a total assignment of Rupees 9,450. The first item is for improving the portion of the road from Bellary to Cuddapah (from 14th to 58th mile) in the Gooty range, estimated to cost Rupees 22,270 and sanctioned in G. O., Financial Department, dated 4th February 1874, No. 181. The work should have been shown in Part I under New Works. The necessary transfer has now been made.

9. GRANT IV.—It is proposed to raise the salary of the Attender attached to the Circle Board's Office from Rupees 7 to 10 a month. The Board disallow the provision, as none of the attenders attached to the offices of the several Local Fund Boards get more than Rupees 7 and there is nothing peculiar in the office work of the Gooty Circle to warrant the grant of the increased rate. The posts of Attenders are not intended for passed candidates, but if the present incumbent choses to accept it, he should be satisfied with the rate of salary sanctioned for the post.

10. The total allotment admitted by the Board is Rupees 26,500, which is chargeable as follows :—

	RS.
Road Fund...	12,230
General do...	14,270
	26,500

In anticipation of the sanction of Government to the Supplemental Budget, the Board request the Accountant-General to place only Rupees 21,430 (the total of Grant I) at the disposal of the Public Works Department.
