Not to be folded or roughly handled

No. 262. Read the following Proceedings of the Board of Revenue, dated 8th October 1874, No. 2932:—

THE Board resolve to review the several detailed budgets of expenditure proposed out of the Jungle Conservancy Fund during 1874-75.

2. GANJAM.—The provision of Rupees 324 for the nine gardeners to be employed at certain Salt topes has been disallowed, the Government having, in their Order, Revenue Department, dated 19th August 1874, No. 1,042, sanctioned the debit of their salaries to Imperial Funds.

3. GODAVERY.—The proposed expenditure on account of the tope in the Cocanada Division is given as Rupees 4,000 thus:—

	Rs.
1 Overseer at 20 Rupees a month	240
10 Coolies at 5 Rupees each do.	600
	4,000

The total of the two sums comes to only Rupees 840, which deducted from Rupees 4,000, leaves Rupees 3,160 unaccounted for. It is however observed from the budget that the latter sum is intended to meet the cost of sinking thirty-two wells to be used for watering the transplantation of 7,000 seedlings of different sorts of trees. The Collector should have entered the estimated cost of each well and the other charges making up Rupees 3,160. He is now requested to supply the omission, and at the same time state why so many as thirty-two wells will be required for the watering of the 7,000 seedlings.

4. KISTNA.—The cost of Public Works supervision is, as in 1873-74, calculated at 28½ per cent. on the proposed expenditure by the Public Works Department, the correct percentage being 25 per cent. as fixed by Government. The necessary correction has been made in this office.

5. There is a lump allotment of Rupees 500 for Miscellaneous and unforeseen charges. The object of this provision in the budget is not apparent, when there are surplus funds available for such purposes throughout the year. The amount is accordingly disallowed.

6. NELLORE.—Under II. Casuarina Plantations, the rates of monthly salaries proposed to be given to Maistries or Gardeners are not given in many cases. This omission should now be supplied by the Collector.

7. Under V. Village Topes, there are several items for the excavation of wells, repair of wells, tanks, ponds, guntahs, konerus and doruvus provided for, but no plantations are proposed in connection with them. In his letter giving cover to the Budget, the Collector however states that measures are being taken to have trees planted under the wells, etc. With this explanation, the Board admit these items, though they think that the Collector should have shown in the budget the proposed plantations and thus made the document more complete than it is at present.

8. CUDDAPAH.—The detailed budget is headed "Part II., Maintenance of the topes of the Jungle Conservancy Fund at the disposal of the Collector," and yet it is proposed to plant six new topes in six villages of the Budvail and Sidhout Taluqs. The number of trees and the cost of planting them are inserted, but the kinds of trees are not stated. Without this information the budget is incomplete. The Collector will now furnish the required particulars.

9. SOUTH ARCOT.—The total proposed expenditure is Rupees 8,200, of which Rupees 6,886 have been set apart in two lump sums as hereunder particularized, to meet the expenses of the operations to be carried on under the supervision of the Deputy Conservator of Forests.

	Rs.
Moiety of the cost of the conservancy of the fuel reserves, referred to in Board's Proceedings, dated 13th January 1874, No. 49, Forest No. 1	5,000
To defray the cost of maintenance of the Casuarina plantations near the Sea beach at Cuddalore and other places and in the bed of the Malattar and other plantations for which no particulars have been furnished	1,886
Total...	6,886

10. With his letter, dated 26th May 1874, No. 254, the Collector submits the Jungle Conservancy Budget* for the current year, as prepared by the Deputy Conservator of Forests, which with certain proposals was submitted for the Orders of Government in Board's Proceedings, dated 1st September 1874, Forest No. 150. Pending the receipt of orders, the allotments as proposed by the Collector, will be allowed to stand.

*With an allotment of Rupees 38,236.

11. TANJORE.—In five of the eight taluqs of the district, the number and description of the trees already planted and proposed to be planted are not given, though there are two columns expressly provided for the purpose in the budget. The Collector is requested to supply the omission at once and to guard against its recurrence in future budgets.

12. TRICHINOPOLY.—In the Udayarpoliem Taluq, the number and description of trees proposed to be planted are not shown. The establishment for this taluq at a cost of Rupees 5,000 is entered thus:—

	Rs.
Daily coolies at different rates for twelve months...	4,050
Supervision and sundries...	950
Total...	5,000

A lump sum of Rupees 2,000 is also provided for planting village fuel reserves in the same taluq, and the Collector promises to submit details of the scheme as soon as they are ready.

13. In the Musery Taluq the cost of maintaining a tope consisting of fifty-two mango trees is given as Rupees 140 made up of

	Rs.
Three Gardeners—two at Rs. 3½, and one at Rs. 3½ per mensem for twelve months	120
Sundries	20
Total...	140

The Board are of opinion that one gardener on 3½ Rupees a month ought to be sufficient to keep up fifty-two mango trees. The Collector will explain.

14. MADURA.—For the tope at Orappanoor, in the Terumangalam Taluq, it is proposed to employ five gardeners at 600 Rupees per annum, which gives Rupees 10 a month for each gardener, while the salary of the Maistry attached to the tope is only 7 Rupees a month. The Collector will explain.

15. COIMBATORE.—There are certain lump sums entered in the Budget for the formation of new and the improvement of old topes in the taluqs noted below, with a remark that particulars will follow:—

Taluqs.	Number of Topes.	Lump allotment.
		Rs.
Collegal	2	691
Pollachy... ...	5	1,000
Bhowany	...	776
Erode	...	1,244

Proceedings of the Madras Government, Financial Department,
29th October 1874.

The Collector will, at an early date, furnish the necessary details which ought to have been entered in the Budget.

17. It is observed that in the districts marginally noted, the proposed expenditure exceeds the available assets, which is caused by the adoption of the actual balances instead of the estimated balances as shown in the abstract budget Statement of Special Local funds reviewed in G.O., Financial Department, dated 18th July 1874, No. 1,196. The Collectors concerned are requested to restrict the expenditure within the available receipts. The Board accordingly disallow the excesses.

Cuddapah, Chingleput, South Arcot, Tinnevelly and Nilgiris.

18. With these remarks, the taluqwar abstract of expenditure will be printed and circulated to all officers concerned.

19. The Accountant-General is requested to place Rupees 2,890 at the disposal of the Public Works Department, Rupees 120, the allotment for the Coimbatore District having, in Board's Proceedings, dated 13th August 1874, Miscellaneous No. 5,453, been already placed at their credit.

Madras,
8th October 1874.

(Signed) J. GROSE,
Secretary.

No. 263. ORDER THEREON, 29th October 1874, No. 1851.

In G.O., dated the 18th July 1874, No. 1196, the Jungle Conservancy Fund was dealt with as follows, *viz.* :—

	RS.
Balance expected on the 1st April 1874	2,05,190
Estimated receipts of the year	1,43,700
	3,48,890
Estimated charges	2,54,320
Balance ...	94,570

2. From the abstract appended to the foregoing Proceedings of the Board of Revenue it is observed that the

	RS.
