Read the following papers :—

No. 9. Proceedings of the Board of Revenue, dated 10th July 1874, No. 1756.

Read the following letter from J. B. PENNINGTON, Esq., President of the Local Fund Board, Trichinopoly, to J. GROSE, Esq., Secretary to the Board of Revenue, dated 23rd April 1874, No. 23 :—

With reference to my letter, No. 11, dated 28th February 1874, I have the honor to forward copy of the Proceedings of the Local Fund Board, No. 37, dated 28th March 1874, and to state that, as the Board are aware, Ariyalur and Musiri are the Head-quarters of the Divisional Officers, the former being twenty-five miles, and the latter twenty miles, from the nearest Dispensary.

2. I have consulted the Deputy Surgeon-General, and the following is the lowest possible cost of the proposed institutions per annum :—

	Rs.
The salary of the 2nd-Class Hospital Assistant...	480
Compounder	60
Ward cooly	60
European Medicines	300
Perishable Articles and Contingencies	100
Total for one Dispensary ...	1,000
Total for two Dispensaries ...	2,000

3. A sum of Rupees 1,000 would be required for constructing two Dispensary sheds, one at each station, and for providing them with required furniture and utensils.

4. I request you will be good enough to obtain the sanction of the Board of Revenue for the establishment of these institutions, which, in my opinion, are very much required, and will (if successful) be the beginning of a complete system of cheap Branch Dispensaries all over the district.

5. The above charges can be met out of the current year's General Fund Reserve.

Enclosure No. 1.—Extract from Proceedings of Local Fund Board.

The proposal to open two Dispensaries, one at Ariyalur and the other at Musiri, is submitted for the sanction of Government.

2. The cost of starting the institutions is estimated at Rupees 1,000 for each, which includes Rupees 480 the salary of a 2nd-Class Hospital Assistant, instead of Rupees 900 to provide for an Hospital Apprentice as directed by Government.

3. The President states that Rupees 1,000 would be required for erecting sheds for the two Dispensaries, and for providing them with the required furniture and utensils.
