No. 20. Read the following letter from A. MACGREGOR, Esq., President of the Municipal Commissions, Malabar, to the Hon. D. F. CARMICHAEL, Acting Chief Secretary to Government, Fort St. George, dated Nilambore, 10th October 1874, No. 14:—

I have the honor to submit, for sanction, a revised estimate of sums proposed to be raised and expended during the year 1874-75 in the Tellicherry Municipality as called for in G.O., No. 993, dated the 13th June 1874.

2. The Commissioners are not at present willing to raise the house-tax nor to retain the tax on arts, trades, and professions as suggested by Government. They state that the opening balance of the year was more than anticipated, and this, with the sums proposed to be raised, will meet the estimated charges of the year.

3. On the representation of the Educational authorities the provision under Grant II. has been raised to Rupees 2,000. This has been done by dispensing with some of the new works proposed under Grant I.

4. The question of the continuance of the grant from the Local Funds for roads will be brought before the next meeting, the item being allowed to stand on the understanding that in case of its being withdrawn a corresponding retrenchment in expenditure will have to be made.

5. The other items of expenditure call for no remark.

No. 21. ORDER THEREON, 5th November 1874, No. 1873.

The opening balance of the year having exceeded the estimate by Rupees 2,415 the Commissioners propose to dispense with the increased taxation considered necessary in G.O., dated the 13th June 1874, No. 993. The revised estimate of expenditure is contrasted below with that previously submitted. The revised Budget is sanctioned, but the reduction in the allotment for Conservancy is to be regretted:—

Sir

I am directed to request that you will submit a detailed estimate of the expenditure which you propose to incur on the Hospital and Dispensaries during the year 1911-12, showing the amount which you propose to contribute from your own funds, and the amount which you propose to ask Government to contribute.

2. I am to add that the Municipality will be required to provide the whole of the sum of Rs 7,644 from their own funds, unless they can show that they have not sufficient income to do so, and that they have taken all reasonable steps to increase their income.

3. I am to request that the information asked for may be furnished by the 15th November 1910.

I have the honour to be

Items with regard to Tellicherry
Tolls called for by H. E. the Governor

Before the Tellicherry Municipality was constituted there were two old "customary" tolls or near Municipal limits viz. at the Ernjoli and Kodavilly Boundaries. There tolls are now under the Local Fund Board and though the tolls have lately been moved a little further off, and foot passengers have been exempted, they are practically the old tolls still.

In consequence of the existence of these old tolls only one toll was established under the Municipal Act viz at Kuttiadi. Now this the Municipality receives a trifling amount.

About two miles south of the Municipality there is another toll on the Anake bridge half of the proceeds of which go to the Baudar [illegible] Board

of the "customary" tolls ~~for~~ (see under Cl. 2. 7 (5)) excluded the Municipalities from establishing tolls of their own it was considered fair that they should receive a portion of the proceeds of these tolls.-

In fixing this proportion it was taken into consideration that Municipalities can levy tolls only on vehicles entering Municipal limits, and while Local Road Boards levy on traffic both ways.- It was accordingly arranged that the Municipalities should receive one fourth of the proceeds* - namely one-half (roughly speaking) of the tolls levied on traffic entering the Municipality.

The Municipalities contend that they are entitled to the full amount levied on the traffic entering the Municipality.
