No. 26. Read the following letter from A. MACGREGOR, Esq., President of the Municipal Commission, Palghaut, to the Hon. D. F. CARMICHAEL, Acting Chief Secretary to Government, Fort St. George, dated Nilambur, 24th October 1874, No. 16:—

I have the honor to forward, for the favorable consideration of Government, an application from the Vice-President of the Palghaut Municipality for grant-in-aid to the Kalpathy School, transferred to the Commissioners on the introduction of the Local Fund Act.

2. Before the transfer took place, it formed a branch of the Palghaut Rate School, and was in receipt of a grant of Rupees 260 a-year from Government.

3. The Commissioners applied to the Inspector of Schools to support their application, but that officer returned it, observing that he would be glad to do so if the Commissioners can point out a case in which Government paid a grant to a Municipal School. From paragraph 8 of G.O., No. 367, dated 6th March 1874, reviewing the annual reports of all the Municipalities for 1872-73, collectively, it is observed that Government did pay grant-in-aid to schools under municipal management.

4. The Commissioners assumed charge of the institution on the understanding that the grant would be continued to them, and they entered the amount in the Budgets for 1872-73 and 1873-74, to which Government took no exception.

5. The teaching staff has been strengthened since the school passed into the hands of the Commissioners, owing to the increase in the number of pupils attending the school.

6. The institution is well conducted; it acts as a feeder to the Palghaut High School.

7. I confess I am unable to adduce any reason for treating Palghaut exceptionally beyond the fact that, probably, this is the only Municipality which had a Rate School handed over to it. Had the Rate School not been taken up by the Municipality, it would have fallen to the ground; and as lower-class education is more particularly the function of Municipalities, it may be considered that the Commissioners are entitled to some assistance in the case.

No. 27. ORDER THEREON, 6th November 1874, No. 1877.

The President should apply to the Director of Public Instruction, to whom it was intimated in G.O., dated 24th June 1873, No. 884, that the principle of the orders regarding the continuance of grants-in-aid to old Rate Schools was applicable to schools of the middle class transferred to Municipalities equally with schools transferred to Local Fund Boards.
