No. 52. Read the following letter from A. MACGREGOR, Esq., President of the Municipal Commissions, Malabar, to the Hon. D. F. CARMICHAEL, Acting Chief Secretary to Government, Fort St. George, dated Nelambur, 7th October 1874, No. 13 :—

I have the honor to submit the annual report of the Palghaut Municipality on the working of the Towns Improvement Act during the year 1873-74.

2. The total income of the year amounted to Rupees 22,541-3-7, or Rupees 27,838-14-4 inclusive of the opening balance. The charges amounted to Rupees 25,292-14-8, leaving an unexpended balance of Rupees 2,545-15-8 at the close of the year.

3. The sum that remained to be collected at the end of the year under House and Profession taxes was Rupees 1,181-8-10; nearly three-fourths of this appears to have since been collected.

4. The expenditure under Grant I. amounts to Rupees 13,914-9-11. Of this, Rupees 1,037-11-11 were spent for constructing a bandystand, the only new work undertaken during the year.

Rupees 6,191-15-6 were spent in maintaining the principal roads of the Municipality, and Rupees 6,260 were paid to Local Fund Board as contribution for keeping up the roads that lead to the Municipality.

5. Under Grant II., Rupees 2,527-11-11 were spent for educational purposes, of which Rupees 1,186-12-9 were for the Kalpathy School. Of this Rupees 406 were recouped by fees. The remainder was spent in result-grants to indigenous schools.

6. *Grant* III., *Hospital*.—The total receipts of this institution was Rupees 517-2-10. Its charges were Rupees 2,525-11-4, leaving a deficit balance of Rupees 2,008-8-6.

The full amount of Local Fund contribution was not paid before the close of the year, owing to a question arising as to the amount; hence the cause for the deficit balance being large.

Vaccination.—Rupees 486-10-10 were spent under this head, of which Rupees 346-10-10 were for extra vaccinators entertained by the Municipality in hopes of arresting the progress of the epidemic which prevailed during the year.

Registration.—Rupees 387 were spent for registration of births and deaths.

Conservancy.—Rupees 2,389-6-2 were spent under this head; the streets were kept clean.

7. *Grant* IV.—Rupees 1,303-1-9 were spent under this head for various purposes; the principal item was for lighting.

8. *Grant* V.—Rupees 1,849-9-3 were spent under this head including miscellaneous charges.

9. The transactions of the year do not seem to call for any special remarks.

From H. T. KNOX, Esq., Vice-President of the Municipal Commission, Palghaut, to A. MACGREGOR, Esq., President of the Municipal Commissions, Malabar, dated Palghaut, 21st August 1874, No. 182.

I have the honor to make the annual report on the operations of the Palghaut Municipality in the year 1873-74.

2. *Income.*—The income of the year was Rupees 27,838-14-4, consisting of the balance on the last year's accounts of Rupees 5,297-10-9, and the collections of the year amounting to Rupees 22,541-3-7. The increase under Tolls, Market, Bandypettah, and Slaughter-house, is due to competition at the auction. The contribution of Rupees 1,046 from the Local Fund Board was for two years.

3. Sums of Rupees 879-14-2 under House-tax, and Rupees 301-10-8 under Profession-tax, remained in arrear. Nearly three-fourths have since been collected. The grant on account of the Middle-class School at Kalpathy has not been paid for the last three years.

4. *Expenditure.*—Rupees 25,292-14-8 were spent in the year. The chief new work was a Bandypettah at the eastern end of the town, like that which was built last year at the western end. The pair was sold for Rupees 660.

5. Rupees 5,123-15-6 were spent under "Repairs, (*a*) Communications" as detailed in Statement III.-A. The excess over the allotment is due to the heavy expenditure incurred in metalling the Big Bazaar, Vudacantara, and Olavacode roads. Nearly all the traffic of the town and of the railway passes over these three roads. The Collungode road from the Kanady river to the Sultanpettah Bazaar was also repaired. To keep the minor roads and streets in order as well, a gang of permanent coolies was maintained at a cost of Rupees 1,157-12-6. The roads are generally in fair order.

6. *Education.*—Education cost Rupees 2,527-11-11, of which Rupees 1,136-12-9 was spent in the Middle-class School at Kalpathy having a daily average attendance of 119·9 pupils. Rupees 828-12-0 was paid to thirteen pial schools educating 500 children. At the instance of the Inspector of Schools, the Kalpathy School has been since the 1st January placed under a system which gives the masters a small fixed salary to be supplemented by a results-grant. This experiment is being tried in the Local Fund Schools. The Commissioners of course cannot yet form an opinion on the matter.

7. *Sanitation and Medical Services.*—The Dispensary treated 214 in-patients and 2630 out-patients. The average daily sick was 13 and 2·5. The report of the Hospital Assistant in charge is annexed. The financial difficulty which has hitherto prevented the building of a suitable hospital has been overcome in the current year, and I trust that the next annual report may show that the work is well in hand.

8. *Vaccination.*—The Commissioners engaged extra vaccinators to cope with an outbreak of small-pox; 4147 cases out of 4292 were reported as successful. But, as the work of the vaccinators has not been tested and supervised, the Commissioners do not accept these figures as accurate. It is proposed by the Commissioners that arrangements be made with the Superintendent of Vaccination for supervision.

9. *Registration of Births and Deaths.*—The birth-and-death rates have increased considerably since two additional registrars have been entertained. But the registration is yet far from what it should be. Eight hundred and seventy-four births and 698 deaths were registered. According to the return of population at the Census the rates are twenty-eight and twenty-two per thousand.

10. *Conservancy.*—The usual Conservancy Establishment was maintained. The streets are fairly well scavenged. The Malabar people keep their houses generally very clean, and scavenging is as little troublesome as it can be.

11. *Public Health.*—Though small-pox has been about, the public health was generally good. Deaths were 114 from small-pox, 141 from fever, 119 from bowel-complaints, ten from injuries, and 310 from other causes. Four cases of cholera were reported, but it is believed that they were not cholera. Purging and vomiting are always taken as cholera.

12. There were 183 convictions under the Act; nineteen for neglecting to report births and deaths, 120 for trading without a license, and three under bye-laws. In forty-one cases complaint was withdrawn on payment of Profession-tax.

13. The accounts were audited and found correct by M. R. Ry. Ramaswamy Naidoo, whose report is enclosed.

No. 53. ORDER THEREON, 6th November 1874, No. 1896.

2. The receipts exclusive of the opening balance amounted to Rupees 22,541, or Rupees 1,591 over the estimates, the increase being entirely owing to Tolls

having realized, with arrear collections, Rupees 2,785 more than was anticipated. Deducting from both sides of accounts Rupees 6,260, the share of the tolls transferred to the Local Fund Board, the net assets of the year available for expenditure amounted to Rupees 21,579, of which Rupees 19,143 were expended against an estimate of Rupees 18,950.

3. The outlay on New Works amounted to Rupees 1,119, of which Rupees 1,038 were expended on the construction of a new bandypettah on the same plan as that constructed in the previous year. Regarding these bandypettahs, the Vice-President, Mr. Knox, remarks: "The pair was sold for Rupees 660." From a reference to the figured statements submitted, the Government learn that the pettahs were rented out for that amount. The expenditure on repairs to communications was heavy, but it is reported that the roads are now generally in fair order.

4. The expenditure on Education was Rupees 2,528, or over eleven per cent. of the net income of the Municipality. Orders have been passed separately regarding the application for a grant for the Kalpathy old Rate-school of the middle class.

1872-73	2,440
1873-74	2,730
Increase ...	290

The attendance at the Dispensary shows an improvement on that reported for the previous year, but still compares unfavorably with the attendance at similar institutions in most other Municipalities. It is observed that the erection of a suitable building is reported to have been taken in hand in the current year.

5. The staff of vaccinators was temporarily increased and 4292 operations were performed at an outlay of Rupees 487, being at the low rate of about 1 Anna 10 Pies per operation. The returns of births and deaths are not satisfactory while the cost is high. The matter must continue to receive careful consideration at the hands of the Commissioners.

6. Conservancy and other Miscellaneous objects of the Act appear to have been carefully attended to, and the report regarding the state of public health is fairly satisfactory.

2. The receipts (excluding the opening balance) amounted to Rs 22,541 or Rs 1591 over the estimate, the increase being entirely owing to Tolls having realized, with arrear collections, Rs 2785 more than was anticipated. Deducting from both sides of accounts Rs 6260, the share of the tolls transferred to the Local Fund Board, the net apets of the year available for expenditure amounted to Rs 21,579 of which Rs 19143 were expended against an Estimate of Rs 18,950.

3. The outlay on New Works amounted to Rs 1119 of which Rs 1038 were expended on the construction of a new bandy-pettah on the same plan as that constructed in the previous year. Regarding the bandy-pettahs, the Vice

President

President Mr. Knox remarks "The pair was sold for Rs. 660". From a reference to the figured statements submitted, the Government learn that the pettahs were rented out for that amount. The expenditure on repairs to Communications was heavy, but it is reported that the roads are now generally in fair order.

4. The expenditure on Education was Rs. 2,528 or over 11 per cent of the net income of the Municipality. Orders have been passed separately regarding the application for a grant for the Kulpathy old pake school of the middle class. The attendance at the dispensary shows an

Increase	290	

shows an improvement on that reported for the previous year, but still compares unfavorably with the attendance at similar institutions in most other Municipalities. It is observed that the erection of a suitable building is reported to have been taken in hand in the current year.

5. The staff of Vaccinators was temporarily increased ~~on account of an outbreak of cholera~~ and 4,292 operations were performed at an outlay of Rs. 387, being at the low rate of about 1 anna 10 pies per operation. The returns of births and deaths are not satisfactory while the

the cost is high. The matter must continue to receive careful consideration at the hands of the Commissioners.

6. Conservancy and other miscellaneous objects of the Act appear to have been carefully attended to and the report regarding the state of public health is fairly satisfactory.
