No. 57. From J. H. GARSTIN, Esq., President of the Municipal Commission, Cuddalore, to the Hon. D. F. CARMICHAEL, Acting Chief Secretary to Government, Fort St. George, dated Cuddalore, 2nd September 1874, No. 167.

In obedience to the Orders of Government under date the 27th April last, No. 712, I have the honor to submit the special report on the course followed in the Cuddalore Municipality with respect to education, its present educational elementary position, and the steps proposed to be taken for the further development of education within its limits.

2. There are within the municipal limits forty-six schools under Government inspection—

One Higher-class School, the Zillah School.
Six Middle-class Salary Grant Schools, *viz.* :—

(1.) St. Joseph's Institution.
(2.) The Anglo-Vernacular School for boys and girls at Munjacoopum.
(3.) The Pensioners' School for boys and girls at Old Town.
(4 and 5.) The two S. P. G. Schools for boys and girls, also at Old Town.
(6.) The Taluq School, also at Old Town.

Thirty-eight Results' Grant Schools.
One Caste Girls' School.

3. The Zillah and Taluq Schools and St. Joseph's Institution need no remark being institutions regularly reported on by the Educational Department and not in any way under municipal control. The Anglo-Vernacular School at Munjacoopum for boys and girls is a well-managed institution, supervised by a perfectly independent Native Committee.

The Pensioners' School is, as its name shows, a school for the children of Pensioners and is under the management of the Chaplain, and the two S. P. G. Schools are under the care of the Rev. Mr. Martyn, a Native Clergyman.

The Caste Girls' School is an institution started during the past official year by the Commissioners and has a considerable and fairly regular attendance, the strength being fifty-five. Its cost is 36 Rupees per mensem, and under the Orders of Government, under date the 14th January last, No. 42, this school became from the 1st April last a Government institution.

4. The enclosed two statements give all the information regarding the schools called for by Government in paragraph 2 of their Orders already quoted in the first paragraph of this report.

5. The Results' Grant Schools were twenty-one in number in 1872-73 and now number thirty-eight with an average attendance of 1140 pupils.

6. The Commissioners propose to continue the results' grant system supplementing it by degrees by the mixed result and salary grant system when the schools are sufficiently established to warrant such a step.

Referred to the Director of Public Instruction for his remarks.

No. 58. From Colonel R. M. MACDONALD, Acting Director of Public Instruction, to the Hon. D. F. CARMICHAEL, Acting Chief Secretary to Government, Fort St. George, dated Madras, 30th September 1874, No. 1805.

I have the honor to submit the following remarks on the accompanying letter, No. 167, of the 2nd instant, from the President of the Municipal Commission, Cuddalore.

2. The Inspector of Schools states that "education of the lower and middle class within the municipality of Cuddalore is progressing satisfactorily. The only schools that have declined are those in Old Town for Pensioners' children; but the improvement of these schools rests with the Chaplain, who is *ex officio* Manager, rather than with the municipality."

3. The male population of Cuddalore being, according to the last Census, 19,505, the number of boys of an elementary school-going age may, according to the calculation adopted in G.O., No. 1512, of the 8th instant, be taken at 2926. The total average attendance in the thirty-eight results schools, of which a list is given, was 1140, but of these seventy-three were girls, leaving 1067 boys. Some deduction ought perhaps to be made for the first school on the list, which was aided from Provincial Funds and must therefore have been a middle-class school, but even in this school most of the boys must have been receiving an elementary education. This must have also been the case with regard to many of the boys in the middle-class schools, of which a list is given by Mr. Garstin. And besides these must be reckoned the pupils in the elementary classes of the Zillah and Taluq Schools and St. Joseph's Institution. Altogether about forty per cent. of the boys capable of receiving elementary instruction seem to be attending school, and the measures which the Commissioners have in view for increasing the stability of their elementary schools seem to be judicious.

4. With regard to the Caste Girls' School, it will be observed that the Commissioners consider that under G.O., No. 42, of the 14th January 1874, it became a Government institution. Mr. Powell understood this Order as throwing upon Provincial Funds all salary and results grants hitherto paid on account of elementary girls' schools from Local Funds, but not as constituting a number of girls' schools Government institutions. In G.O., No. 1490, of the 4th instant, this has been declared to be too narrow a view of the scope of the Order. Still it is presumed that a distinct Government Order must be obtained in every case in which it is considered desirable that a girls' school should be constituted a Government school. In this case the only form in which the claim seems to have been made known was a complaint that the teachers had had no pay since the 1st April. I am expecting a report on this subject from Mr. Fowler.

No. 59. ORDER THEREON, 7th November 1874, No. 1902.

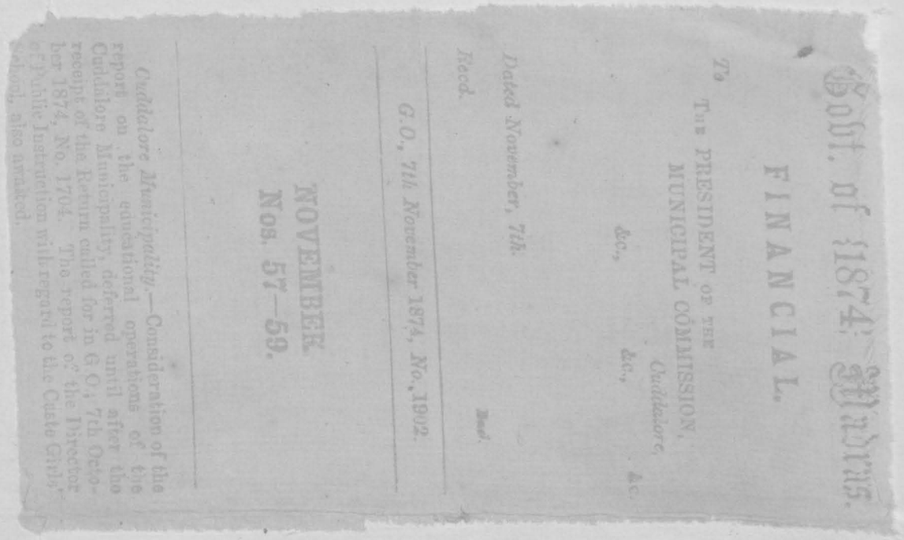

The Government will defer consideration of the report on the educational operation of the Cuddalore Municipality until after the receipt of the Return called for in G.O., dated 7th October 1874, No. 1704. The Director's report with regard to the Caste Girls' School will also be awaited.

SIR,

I have the honor to submit the following remarks on the accompanying letter, No. 167 of the 2nd instant, from the President of the Municipal Commission, Cuddalore.

2. The Inspector of Schools states that "education of the lower and middle class within the Municipality of Cuddalore is progressing satisfactorily. The only schools that have declined are those in Old Town for Pensioners' children; but the improvement of these schools rests with the Chaplain, who is ex-officio Manager, rather than with the Municipality."

3. The male ~~going~~ population of Cuddalore being according to the last census 19,505, the number of boys of an elementary school going age may, according to the calculation adopted in Government Order, No. 1512 of the 8th instant, be taken at 2,926. The total average attendance in the 38 results' schools, of which a list is given was 1,140, but of these 73 were girls, leaving 1,067 boys. Some deduction ought perhaps to be made for the first school on the list, which was aided from Provincial Funds and must therefore have been a middle class school, but even in this school most of the boys must have been receiving an elementary education. This must have also been the case with regard to many of the boys in the middle class schools, of which a list is given by Mr. Garstin. Altogether about 40 per cent of the boys capable of receiving elementary instruction seem to be attending school, and the measures which the Commissioners have in view for increasing the stability of their elementary schools seem to be judicious.

4. With regard to the caste girls' school it will be observed that the Commissioners consider that, under Government Order, No. 42 of the 14th January 1874, it became a Government Institution. Mr. Powell understood this order as throwing upon Provincial Funds all salary and results' grants hitherto paid on account of elementary girls' schools from Local Funds, but not as constituting a number of girls' schools, Government institutions.
