No. 69. Read the following Proceedings of the Board of Revenue, dated 19th October 1874, No. 3,029 :—

Read the following letter from W. S. FOSTER, Esq., President of the Local Fund Boards, Godavery District, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Cocanada, 9th September 1874, No. 94 :—

I HAVE the honor to inform you that the Government, in their Order, dated 20th July 1872, No. 931, Financial Department, communicated with the Board's Miscellaneous Proceedings, dated 7th August 1872, No. 5,437, sanctioned experimentally for one year the Training School at Narsapoor, in order to supply the wants of teachers in the Local Fund Schools established in this district.

2. The necessary establishment for this school was entertained from January 1873, and the Accountant-General objects to pass the charge of January, February, and March 1874, as it will be seen from the enclosed memorandum that it was incurred beyond one year.

3. The Director of Public Instruction was directed by Government, in their Order, dated 30th October 1872, No. 1,478, to report on the working of this school after the lapse of one year, but I do not know if he has made any report. The school has, therefore, been allowed to continue, especially as it was not desirable to close it in January 1874, by which time the pupils had made some progress for the examination to be held in August last.

4. Further, the charge for January and February was sanctioned in the budget of 1873-74, and provision was made for March and subsequent months in the budget of 1874-75. The Government, however, have struck out the item from the budget of 1874-75, not because they thought that the school should no longer be kept on, but simply because the charge is one to be properly met from the Provincial Funds. In these circumstances, I beg to request that the Government will authorize the Accountant-General to pass the charge for the school for January, February, and March last from the Local Funds, and for the subsequent months from the Provincial Funds.

5. I would advocate the necessity for the existence of the school in question at least for some time.

6. The demand for passed teachers to be employed in the Local Fund Schools is greater than the supply, and the continuance of this institution will be a means of supplying teachers to the different Local Fund Schools.

7. Provision has been made in the budget for opening thirty-four schools in Cocanada Circle beyond the existing schools, and the Government attach great importance to the utilizing of the amount of Rs. 13,330 sanctioned in the budget for the extension of elementary education. The Ellore Local Fund Board have applied for sanction to establish sixty new schools in order to utilize the grant of 9,280, and some more schools (the number cannot be exactly known now) are likely to be established in the Cocanada Circle. I fear the demand for masters will really be very great, the available number of passed men being small.
