Proceedings of the Madras Government, Financial Department,
13th November 1874.

No. 101. Read the following Proceedings of the Board of Revenue, dated 23rd October 1874, No. 3078 :—

Read the following letter from C. T. LONGLEY, Esq., President of the Local Fund Boards, Salem District, to J. GROSE, Esq., Secretary to the Board of Revenue, dated 9th September 1874, No. 826 :—

I HAVE the honor, at the instance of the Vice-President of the Local Fund Board of Oossoor Circle, to forward a copy of a resolution of that Board, under date the 17th July last, and to request that the Board of Revenue will be pleased to submit the same, with their recommendation, for the favorable consideration and sanction of Government.

2. The resolution of the Board contains two proposals :—

(1.) The entertainment of two extra Vaccinators in addition to the present staff, and

(2.) The transfer to it of the control over the Price Vaccinators now working in the Circle.

3. As regards the first, I may observe that there are four Price, three Local Fund and one Government Vaccinators, who are distributed as follows :—

Taluqs.	Vaccinators.			Total.
	Price.	Local Fund	Govt.	

From J. WILKINSON, Esq., Acting Vice-President of the Local Fund Board, Oossoor Circle, to C. T. LONGLEY, Esq., President of the Local Fund Board, Salem District, dated 20th July 1874, No. 90.

I HAVE the honor to forward, herewith, an extract from the Proceedings of the Local Fund Board of this Circle, dated 17th instant.

2. The Board having sanctioned the entertainment of two additional Vaccinators from the 1st August, I am directed to request that you will obtain the sanction of the Board of Revenue to the appropriation of Rupees 128 from the General Fund Balance to Grant III b.

3. One of the Vaccinators is to be posted to Kistnagiri and one to Darampuri, in both of which taluqs the need of additional hands is much felt. Their pay is Rupees 8 per mensem to begin with, rising to Rupees 10 and Rupees 12.

4. I am also directed to request that you will obtain the necessary sanction for placing the Price Vaccinators under the control of the Local Fund Board.

5. At present, the Price Vaccinators are more or less their own masters. They are nominally under the Tahsildars ; but if a Tahsildar takes no interest in vaccination, they do as they like. They forward no returns to the Board who are ignorant as to their movements or work.

6. If the present proposal of the Local Fund Board to have the Price Vaccinators under the Board is accepted, and Government accede to the request of this Board, as set forth in their Proceedings, dated 3rd March last, to appoint a Superintendent of Vaccination for this Circle, the Circle Board are of opinion that the vaccination of the Circle will then be fully provided for, and the scheme proposed for the working of the vaccine staff secures that each village in the Circle be visited once a year by a Vaccinator, the length of whose stay is regulated by the number of the population.

(True Copy.)

(Signed) C. T. LONGLEY,
President.

5. The salaries of the two new Vaccinators, proposed to be entertained, have been fixed at Rupees 8 per mensem to commence with, rising to Rupees 10 and Rupees 12, respectively.

6. With regard to the second proposal, I beg to strongly recommend the management of the Price Vaccinators, as well as of the Oossoor and Kistnagiri Vaccination Funds, being vested in the Local Fund Board. These Vaccinators are not at present amenable to the Local Fund Board, neither do they submit any returns to them, but are nominally placed under the Tahsildar of the taluq in which they are employed. The above funds are at present invested in Government securities in the name of the Collector, and the Local Fund Board desire, in the accompanying resolution, dated 29th August last, that they should be transferred to the name of "the Vice-President of the Local Fund Board of the Oossoor Circle."

7. A copy of the Vice-President's letter, No. 90, dated 20th July last, is enclosed for the Board's information.

Enclosures Nos. 1 and 2.—Extracts from Proceedings of Local Fund Board.

Enclosure No. 2.

Oossoor	3	1	...	4
Kistnagiri	1	1	...	2
Darampuri	...	1	1	2
Total...	4	3	1	8

The Board propose to employ an additional Vaccinator in each of the latter two taluqs, where the Vice-President states "the need for additional hands is much felt."

4. The budget contains provision enough for five sanctioned Vaccinators, but only four are entertained; and the sanction of Government is now required for one Vaccinator only. With regard to funds for payment of the salary of the extra Vaccinators during the remainder of the current year, the Local Board of Oossoor are under a misconception; and I propose to pay the Vaccinators from the budget allotment, in which there are sufficient savings available for the purpose as shown below:—

	Rs.	
Budget provision...		850
Deduct—		
Share of the Superintendent's salary	240	
Salary of the Local Fund Vaccinators, at 8 Rupees per month each	288	
Contingencies of do.	36	
Salary of one Government Vaccinator, at Rupees 10 per month...	120	
Contingencies	12	
		696
Balance available...		154

The letter from the Vice-President of the Oossoor Local Fund Board, and the resolutions passed at the meetings of the 3rd March 1874, 17th July 1874, and 29th August 1874, seem to contain three proposals, viz.:—

(1.) That two new Vaccinators shall be entertained in addition to those now employed.

(2.) That the Oossoor and Kistnagiri Vaccination Funds should be transferred to the Oossoor Local Fund Board.

(3.) That, in lieu of one of the Vaccinators (called "the Government Vaccinator"), a Superintendent of Vaccination, on Rs. 30 a-month, should be appointed.

2. The President represents, with reference to proposition (1), that only one extra Vaccinator is required. This apparent discrepancy seems to be explained by the Local Fund Board's resolution of the 3rd March (proposition (3)), in which they recommend the abolition of one of the existing Vaccinators.

3. Proposition (2) is not necessary to give the Local Fund Board control over the Price Vaccinators, inasmuch as this could be done by a simple order of the Collector, but it seems to be desirable.

4. The Board do not understand the distinction drawn between "the Local Fund" and "Government" Vaccinators. The Local Fund Vaccinators should have the same supervision from the District Superintendent as the Government Vaccinator. All the Vaccinators should be placed under the same regulations.

5. The President says nothing whatever of proposition (3). It seems to have been submitted to the Board with the letter recorded in Board's Proceedings, dated 13th April 1874, No. 841; but the question whether a separate "Inspector" of Vaccination should be employed in each Circle, instead of one District Superintendent, dropped out of sight in discussing the general question which formed the subject of Board's Proceedings, dated 15th September 1874, No. 2,615. The President should address the Board again, stating the views of the Salem Local Fund Board when Government have passed orders on those Proceedings.

6. The Board resolve to recommend Government to sanction the entertainment of a new Vaccinator, and the transfer of the Oossoor and Kistnagir Vaccination investments, now standing in the name of the Collector, to the Oossoor Local Fund Board.
