Not to be folded or roughly handled

No. 3. Read the following letter from A. MACGREGOR, Esq., President of the Municipal Commissions, Malabar, to the Hon. D. F. CARMICHAEL, Acting Chief Secretary to Government, Fort St. George, dated Nilambore, 24th October 1874, No. 15 :—

I have the honor to forward the accompanying report and statements, received from the Vice-President of the Cannanore Municipality, on the working of the Towns Improvement Act in Cannanore, during the year 1873-74.

2. In the year under review, the Act was in force throughout the original limits of the Municipality, as defined in the notification dated 24th June 1867, which included the so-called portion of Karar limits over which the operation of the Act was hitherto held in abeyance.

3. Taxes were raised during the year from all sources prescribed by the Act, Profession-tax having been omitted under orders of Government in the newly-extended limits.

4. The total income of the year was Rupees 17,331-15-10 including the opening balance on the 31st March 1873, Rupees 4,212-9-9. The charges amounted to Rupees 11,695-7-9, leaving an unexpended balance of Rupees 5,636-8-1 at the close of the year. The receipts and charges fell considerably short of the estimate, which the Commissioners attribute to the fact of their having met with obstacles in collecting the taxes due from the ratepayers owning houses, shops, &c., within the so-called portion of Karar limits, and to the difficulty experienced in acquiring the possession of houses and lands situate in the Old Town of Cannanore, where the forming of roads, widening streets and lanes, &c., is absolutely required.

5. Statement IV. (enclosed) will show that a sum of Rupees 4,868-13-9 under Current Demand remained to be realized under House and Profession taxes, of which only Rupees 148 appertain to Tax on Arts, Trades, and Professions.

6. EXPENDITURE.—*Grant* I.—Under the head " New Works," a sum of Rupees 2,104-3-1 was spent on the following works :—

Four Latrines, of which two are temporary.
One temporary Slaughter-house.
One Culvert.
Two Dust-bins.
A Shed for Small-pox patients, and a drain involving 4,000 cubic feet of masonry.

Repairs.—Rupees 713-10-3 were spent for repairing three roads, four latrines, three wells, and one arched culvert. The Conservancy Establishment was also employed in repairing various other roads and drains, situated within the Municipality, without detriment to its regular duties.

7. *Grant* II.—Under the head " Education," the Commissioners incurred an outlay of Rupees 622-11-4, of which, Rupees 117-11-9 were for Normal School, Rupees 441 were Result-grants to four schools, and Rupees 63-15-7 Inspection Charges paid to Local Fund Board.

8. *Grant* III.—The provision made in the budget on account of the Civil Dispensary was not availed of, the transfer not having been made owing to the

accommodation for military details apart from the Civil Hospital not having been provided.

Vaccination.—Rupees 249-8-0 were spent under this head, including the pay of extra vaccinators entertained by the Municipality towards the close of the year.

Registration.—Rupees 204 were spent in the pay of two registrars of births and deaths. The casualties registered are given in the Vice-President's report.

Conservancy.—A sum of Rupees 4,592-2-3 was spent for the Conservancy Establishment. Roads, streets, and lanes were kept clean.

9. *Grant* IV.—Rupees 600-9-7 were spent for lighting the town.

Rupees 276-3-6 were spent in connexion with bungalows and choultry.

Rupees 126-11-0 were paid as rewards for the destruction of stray dogs.

Rupees 100-12-8 were spent for various other purposes. The total expenditure under this head was Rupees 1,104-4-9.

10. *Grant* V.—Rupees 1,636-11-10 were spent under Establishment including Miscellaneous Charges.

From T. M. FRITH, Esq., Officiating Vice-President of the Municipal Commission, Cannanore, to A. MACGREGOR, Esq., President of the Municipal Commissions, Malabar, dated Cannanore, 11th September 1874, No. 165.

I have the honor to report upon the working of the Towns Improvement Act III. of 1871 in this Municipality during the past official year 1873-74, and to forward the usual statements in connexion therewith.

2. Before submitting remarks under the various heads requiring notice, the following explanatory observations may be offered :—

By G.O., Political, No. 264, of 21st June 1873, the original limits of the Municipality were extended to include the whole of the Karar. The Commissioners have not as yet, however, been able to realize the augmented revenue, which should naturally be associated with this extension of their sphere of operations. Consequently, with an income derived only from the original area and Karar portion of the cantonment, it has been found impracticable to carry out many obvious and important improvements, especially needed within the newly-acquired district, from which no revenue has as yet been derived. Difficulties have had to be encountered in opposition to the working of the Towns Improvement Act, which might have been anticipated in connexion with a Moplah population, but which have been greatly augmented by the resolute opposition of Sultan Ali Rajah. This local potentate has not only, for his own part, obstructed, in every way in his power, the operation of the Act, but by his example has injuriously affected the population, who are much under his influence. Refusing the smallest concession to the sanitary requirements and necessities of the inhabitants over whom he claims authority, he is unwilling that the duties which he himself neglects should be undertaken by the Commissioners.

So large a proportion of the property, situated within the Old Town, belongs to the Rajah that nothing of importance can be undertaken without powers from Government, as he will not agree with the Commissioners for the purchase of any

part of it on any terms, however necessary its acquisition may be to the public welfare.

3. Funds were raised during the year from all sources prescribed by the Act, tax on profession being restricted to the original limits.

4. The entire receipts, with the arrears of previous year, from all sources during the year have been Rupees 17,331-15-10 inclusive of the opening balance on the 1st April 1873, *viz.*, Rupees 4,212-9-9; and the disbursement Rupees 11,695-7-9, leaving an unexpended balance of Rupees 5,636 8-1 on the 31st March 1874 exclusive of deposits, *viz.*, Rupees 182-12-0.

5. The difference, by Rupees 24-6-4, between the arrears of 1872-73 under House-tax, and the recovery thereof within the year, is explained in paragraph 3 of the Auditor's report, herewith submitted.

6. The heavy amount of outstanding, under House and Land Taxes, in Statement IV., is due to the unfavorable conditions attendant on the inauguration of the Municipality, as detailed in paragraph 2 of the report.

7. *New Works.*—The sum of Rupees 2,104-3-1 were expended under this head for the construction of two temporary and two permanent latrines, six wing-walls, a temporary sheep slaughter-house, a culvert, two dust-bins, the construction of a small shed for the accommodation of convalescent small-pox patients, and about 4,000 cubic feet of laterite drain at Barnacherry.

8. *Repairs.*—Rupees 713-10-3 were spent for repairing three roads, four latrines on the Coimbatore plan, three wells, and one arched culvert. The permanent Conservancy Establishment was also employed in repairing various other roads and drains, situated within the Municipality, without detriment to its regular duties.

9. *Education.*—Under this head, the Commissioners incurred an outlay of Rupees 622-11-4 for the following purposes :—

(1.) Contribution to the Normal School for 1872-73.

(2.) Inspection Charges for 1872-73 paid to Local Fund Board.

(3.) Payment of grants for results to three Boys' and one Girls' Elementary Schools under the result system.

10. The Commissioners were not in charge of any hospital during the year, although provision was made to meet charges under this head in the budget, separate accommodation for military details apart from the Civil Hospital not having been provided.

11. *Vaccination.*—Rupees 249-8-10 were spent on the salary of a permanent vaccinator and two temporary vaccinators entertained towards the latter part of the year when small-pox prevailed epidemically in the Municipality and particularly in the Old Town of Cannanore. Number of cases vaccinated during the year was 2,089, of which 1,961 proved successful.

12. *Registration.*—Rupees 204 were spent on the pay of two registrars of births and deaths. The number of births on the register is 742, and that of deaths 756.

13. *Conservancy.*—A sum of Rupees 4,592-2-3 was spent for the Conservancy Establishment maintained by the Municipality. Roads, streets, drains, and lanes

were thoroughly attended to and kept in a state of cleanliness; but they have been utilized otherwise, as stated in paragraph 8.

14. *Lighting.*—Rupees 600-9-7 were incurred on the salary of one lamplighter for the entire year, and two entertained at the latter part of the year; construction of eighteen new lamps with kerosene burners complete encased in large and improved lanterns, mounted on strong and durable wooden posts for street illumination within the newly-added portion; and also for contingent charges.

15. *Choultries.*—Rupees 276-3-6 were incurred on the salary of the bungalow maity and masalchy and of a chuttrum servant, and also for providing suitable comforts in the bungalow which were much needed, and defrayal of contingent charges.

16. *Rewards.*—Instances of canine madness having been brought to the notice of the Commissioners, steps were taken for the destruction of stray dogs, involving thereby an expense of Rupees 126-11-0 for rewards offered to the dog-killers.

17. *Rent.*—A sum of Rupees 45 shown under this head is for the rent of a block of bazaars at Barnacherry engaged on lease, and paid to the proprietor, in consideration of the loss alleged to have been sustained by him by the erection of a public latrine on his ground.

18. Under a reconstructed system of administration great improvements may be anticipated in the ensuing year. Much good work has also already been accomplished in the neglected village of Barnacherry, which, from being the most insanitary, bids fair to become the healthiest part of the cantonment. The Commissioners are duly impressed with the importance of opening roads, constructing drains, latrines, markets, &c., in the Old Town; but the amount of work hitherto possible to be undertaken has been greatly restricted for the reasons already explained. Conservancy has been carried out in this locality in a manner which, although leaving much to be desired, is as complete as circumstances have permitted.

19. The statistical return and the audit statement are also forwarded.

From Mr. A. JOHNSON, Auditor of the Municipal Accounts, Cannanore, to T. M. FRITH, Esq., Officiating Vice-President of the Municipal Commission, Cannanore, dated Cannanore, 21st May 1874.

In submitting the accompanying statement of receipts and disbursements of this Municipality for 1873-74, classified under appropriate heads, I beg to state that I have carefully audited the accounts and found them to be correct.

2. The entries of each month in the Municipal Cash Day-book have been compared with those in the Treasury Pass-book, and found to correspond, and are supported by proper vouchers.

3. The only item that calls for explanatory remark is the difference, by Rupees 24-6-4, between the arrears of 1872-73 under House-tax, and the collection under that head within the year under audit. This is accounted for by the issue of a fresh bill for Rupees 25, and a sum of Annas 9 and Pies 8 having been struck off as irrecoverable, subsequent to the preparation and submission of the returns of 1872-73 as proved by the records.

4. I feel justified to add, in conclusion, that the accounts are kept in such efficient manner as to reflect credit to the office.

No. 4. ORDER THEREON, 1st December 1874, No. 2003.

The annexed abstract shows the receipts and expenditure of the Cannanore Municipality for the year 1873-74, compared with the estimates for that year:—

Total ...	25,450	17,332

2. The difficulties experienced in connexion with the recent extension of the Municipal Act to the Karar limits, led to a considerable curtailment in the operations of the Municipality, as compared with the programme of work set forth in the Budget Estimate; the receipts exclusive of the opening balance amounting to only Rupees 13,119 against an estimate of Rupees 21,150, and the expenditure to Rupees 11,695 against Rupees 25,450, which it was anticipated would be utilised within the year. The Government trust that the difficulty in working the Act within the Karar limits has abated during the current year.

3. The most important falling off in the expenditure was under the head of "New Works—Sanitary and Miscellaneous," only Rupees 2,104 being expended out of an allotment of Rupees 10,200. With the outlay made, however, several useful minor works appear to have been completed.

4. The expenditure on Education was short of the allotment by Rupees 962, no portion of the assignment for salary-grants, and rather less than half of that for results-grants having been utilised within the year. No explanation of this is given in the report; but the Government observe that the expenditure on results-grants was considerably in excess of that for the previous year.

5. The arrangements necessary for the transfer of the Hospital building to the Commissioners not having been completed within the year, no expenditure was incurred from the allotment made on account of the Dispensary. The vaccination operations appear to have been successful, 2,089 persons having been vaccinated at a cost of Rupees 250, or Rupee 0-1-11 per head.

6. The Government observe with pleasure the reported great improvement in the sanitary condition of the village of Barnacherry.

DECEMBER.
Nos. 34.

Cannanore Municipality.—The annual report of this Municipality for 1873-74, reviewed.

Act was hitherto held in abeyance.

3. Taxes were raised during the year from all sources prescribed by the Act, — profession tax having been omitted under orders of government in the newly extended limits.

4. The total income of the year was Rs. 17,331-15-10 including the opening balance on the 31st March 1893 - Rs. 6,212-9-9. The charges amounted to Rs. 11695-7-9, leaving an unexpended balance of Rs. 5,636-8-1 at the close of the year. The receipts and charges fell considerably short of the estimate, — which the Commissioners attribute to the fact of their having met with obstacles in collecting the taxes due from the rate-payers owning houses, shops &c within the so called portion of Harar limits, and to the difficulty experienced in acquiring the possession of houses and lands situate in the old town of Carnavore, where the forming of roads, widening streets and lanes &c. is absolutely required.

5. Statement

5. Statement IV enclosed will show that a sum of Rs. 6868-13-9 under current demand remained to be realized under house and profession taxes, of which only Rs. 148 appertain to tax on arts, trades and professions.

6. Expenditure — Grant I.

Under the head "New Works," a sum of Rs. 2104-3-1 were spent on the following works:—

Two latrines, of which two are temporary
one temporary slaughter house.
one culvert.
two dust bins.
a shed for small-pox patients.
and a drain involving 4,000 cft. of masonry.

Repairs. Rs. 713-10-3 were spent for repairing 3 roads, 4 latrines, 3 walls, and one arched culvert. The conservancy establishment was also employed in repairing various other roads and drains situated within the municipality without

detriment

detriment to its regular duties."

7. Grant II. Under the head "Education" the Commissioners incurred an outlay of Rs. 622-11-4, of which Rs. 117-11-9 were for Normal School, Rs. 441-- were results Grants to four schools, and Rs. 63-12-7 inspection charges paid to Local & Municipal Board.

8. Grant III. The provision made in the Budget on account of the Civil Dispensary was not availed of, the transfer not having been made owing to the accommodation for Military details apart from the Civil Hospital not having been provided.

Vaccination. Rs. 249-8-- were spent under this head including the pay of extra vaccinators entertained by the Municipality towards the close of the year.

Registration. Rs. 204 were spent in the pay of two Registers of Births and Deaths. The casualties registered are given in the

Vice

Vice President's report.

Conservancy. A sum of Rs. 4592-2-3 was spent for the conservancy establishment. Roads, streets and lanes were kept clean.

9. Grant IV. Rs. 600-9-7 were spent for lighting the Town.

Rs. 276-3-6 were spent in connection with Bungalows and Choultry.

Rs. 126-11-- were paid as rewards for the destruction of stray dogs.

Rs. 100-12-8 were spent for various other purposes. The total expenditure under this head was Rs. 1104-4-9.

10. Grant V. Rs. 1636-11-10 were spent under establishment including miscellaneous charges.

I have the honour to be,

during the year although provision was made under this head to the Surgeon for separate accommodation for Military details apart from the Civil Hospital, not having been provided.

11. Vaccination - Rs 249-0-0 were spent on the salary of a permanent Vaccinator and two temporary Vaccinators employed towards the latter part of the year when cases per province epidemically, not the Municipality, and particularly in the old Town or Cantonment. Number of cases vaccinated during the year was 2089 of which 1901 proved successful.

12. Registration - Rs 20/8 were spent on the salary of two Registrars for Births and Deaths. The Number of births in the Registry is 742 and that of Deaths 756.

13. Conservancy - A sum of Rs 4672-2-3 was spent for the Conservancy Establishment maintained by the Municipality. Roads, Nullahs, Drains and Cuverts were thoroughly attended to and kept in a state of cleanliness; but they have been utilized otherwise as stated in para 4.

14. Lighting - Rs 600-9-7 were incurred on the salary of one Lamplighter for the entire year and 2 entertained at the latter part of the year; construction of 28 new lamps with Kerosene burners complete encased in large & improved Cast Iron mounted on strong and durable wooden posts for street illumination within the newly added portion

for this; and also for Contingent Charges.

15. Gantries - Rs 27/6-3-6 were incurred on the salary of the Bungalow Peon and Masalchy and of a Chuttrum servant, and also for providing suitable Comforts in the Bungalow which were much needed and disposal of Contingent Charges.

16. Rewards - Instances of Cruelty to animals having been brought to the notice of the Commissioner steps were taken for the destruction of stray dogs, involving thereby an expenses of Rs 126-11-0 for rewards offered to the dog Killers.

17. Rent - A sum of Rs 40 shown under this head is for the Rent of a block of bazaars at Bamacherry engaged on lease, and paid to the proprietor, in consideration of the loss alleged to have been sustained by him by the erection of a public latrine on his ground.

18 Under a re-constituted system of administration great improvements may be anticipated in the ensuing year. Much good work has also already been accomplished in the neglected Village of Bamacherry, which from being the most insanitary bids fair to become the healthiest part of the Cantonment. The Commissioners are duly impressed with the importance of opening roads, constructing drains, latrines, markets etc: in the Old Town, but the amount of work hitherto possible to be undertaken has been greatly restricted for the reasons already explained. Conservancy has been carried out in this locality in a manner which, although leaving much to be desired, is as complete as circumstances have permitted.

The

19. The Statistical Return and the several State-
ment are also forwarded.

I have the honor to be
Sir
Your most Obedt Servant
J. M. Forth
Vice President

1135

Cannanore
21st May 1874

49

To
The Vice President
Municipal Commissioner
Cannanore.

Sir

In submitting the accompanying Statement of Receipts and Disbursements of this Municipality for 1873/74 classified under appropriate heads, I beg to state that I have carefully audited the Accounts and found them to be correct.

2. The Entries of each month in the Municipal Cash Day Book have been compared with those in the Treasury Pass Book and found to correspond and are supported by proper Vouchers.

3. The only item that calls for Explanatory remark is the difference, by Rs. 24-6-4, between the arrears of 1872/73 under House Tax and the collection under that head within the Year under Audit. This is accounted for by the issue of a fresh Bill for Rupees 25/- and a sum of Annas 9 and pies 8 having been struck off as irrecoverable subsequent to the

the preparation & Submission
of the Returns of 1872/73 as
proved by the Records.

4. I feel justified to add,
in conclusion, that the accounts
are kept in such efficient manner
as to reflect credit to the Office.

I am
Sir
Your obedient Servant
A. Johnston
Auditor

		Rs. 25,450	17,332

The difficulties experienced in connection with the recent extension of the Municipal Act to the Karaw limits, led to a considerable curtailment in the operations of the Municipality, as compared with the programme of works set forth in the budget Estimate; the receipts exclusive of the opening balances amounting to only Rs 13,119 against an estimate of Rs 21,150, and the expenditure to Rs 11,695 against Rs 25,450 which it was anticipated would be utilised within the year. The Govt. trust

trust that the dif-
-ficulty in working
the Act within the
Karar limits has abated
during the current
year.

The most important
falling off in the ex-
-penditure was under the
head of "New Works -
Sanitary and Miscella-
-neous.", only Rs 2,104
being expended out of
an allotment of Rs
10,200. With the outlay
made, however, several
useful minor works
appear to have been
completed.

The expenditure on
Education was short
of the allotment by
Rs

10200

17,332

Rs 962, no proc
the assignmen
Salary grants, a
-ther less than h
of that for Rev
grants having b
sanctioned within th
year. No explanation of
this is given in the
report, but the Govt.
observes that the ex-
-penditure on Results
Grants was considerab
in excess of that for
the previous year.

The arrangements neces
-sary for the transfer of
the Hospital building to
the Commissioners not having
been completed within the
year, no expenditure was
incurred from the allot
-ment made on account of
the Dispensary. The vacci
-nation operations appear to
have been successful, 2088
persons having been vaccinated
at a cost of Rs 250 or Rs 0-1-11 per head.
The Govt observe with pleasur
the reported great improvement
in

Govt. of {187 } Madras.
