No. 22. Read the following letter from R. W. LODWICK, Esq., Accountant-General, to the Hon. D. F. CARMICHAEL, Acting Chief Secretary to Government, Fort St. George, dated Fort St. George, 24th November 1874, No. 454:—

Treasury Account Department.

I have the honor to submit, for decision of Government, a reference from the Collector of Tanjore on the question of the mode of calculating the contribution of twenty-five per cent. towards the salaries of Native Surgeons and Apothecaries under the sanction in G.O., No. 397, dated the 25th March 1873.

2. It will be seen that the Collector considers that the intention is to contribute twenty-five per cent. of the salaries proper leaving the dispensary and Police allowances to be borne entirely by the Municipal funds; but the President of the Municipality claims twenty-five per cent. of the gross amount payable to these servants. I would beg to note that the contribution on the gross sum, the assignment in paragraph 2 of G.O., No. 435, of the 1st April 1873, of Rupees 750, excludes the Police allowance as per details on margin.

	Rs.	Rs.	25 per cent. Rs.
Native Surgeon, Manargoody, salary per month.	200 × 12 =	2,400	600
Dispensary allowance	50 × 12 =	600	150

No. 23. ORDER THEREON, 2nd December 1874, No. 2019.

Sir

The Government in their Order dated 25th March 1874, No 397, paras one and two, have sanctioned a contribution of twenty five per Cent as a fair proportion to be met from Provincial Funds towards the Salaries of Native Surgeons and Apothecaries in charge of Dispensaries. I have the honor to state that I have calculated the 25 Contribution up to the 30th June last, on their Salaries proper, deleting the Dispensary and Police allowances entirely to the Municipal funds as such services seem to be of a local character, more or less connected with local institutions.

ruling which you quote refers to the

and has nothing whatever to do with
this question, and it has further not been
communicated to this Office by Government.
