No. 39. Read the following Proceedings of the Board of Revenue, dated 16th October 1874, No. 3007 :—

Read the following letter from J. B. PENNINGTON, Esq., President of the Local Fund Board, Trichinopoly, to J. GROSE, Esq., Secretary to the Board of Revenue, dated 18th September 1874, No. 52.

I HAVE the honor to inform the Board that the vaccinators at present employed in this Circle are unwilling to work according to the new system of payment by results, under rules sanctioned in G. O., No. 352, dated 4th March 1874, from the fear that they will lose their claim to pension.

2. The Local Fund Board are of opinion that the vaccinators should be considered (for the purpose of the Pension Rules) to be on the same pay as hitherto. It was not intended that the vaccinators, under the new system, should receive *less* pay on the whole, but rather *more*.

3. A copy of the Resolution on the subject is herein enclosed, and I request the Board will be good enough to favor me with instructions on the subject.

4. It is, of course, not improbable that men could be found willing to undertake the work on the terms offered by the Local Fund Board, even without any hope of pension; but the Board have no wish to throw the present vaccinators out of employment, and would prefer that vaccinators employed by them *should* have the benefit of the Pension Rules.

ENCLOSURE No. 1.—Extract from Proceedings of Local Fund Board.

SUBMITTED for the orders of Government.

2. It has been decided that vaccinators and masters of Local Fund schools of the middle and higher classes shall be pensioned under the Rules of the Pension Code.

3. In Trichinopoly vaccinators and in Malabar and South Canara the masters of Local Fund schools of the middle and higher classes are paid partly by fixed salaries and partly by results. The question is, how the "average emoluments" of Section 56 of the Civil Pension Code are to be determined.

4. The Board think the "average emoluments" should be considered to be the average calculated on the actual receipts during the last five years of service (Section 66). There seems to be nothing inconsistent with this in Section 67, though the particular case of emoluments, consisting in part of fixed salaries and in part of payments according to work done, is not provided for.

No. 40. ORDER THEREON, 3rd December 1874, No. 2032.

On the analogy of the provisions of the Pension Code relating to Section-writers and Press-servants, the "average emoluments" may be taken to be the average of the earnings of the last seventy-two months of service in which the earnings exceed 10 Rupees—*vide* Pension Code, Section 67 (*c*) 4.

Proceedings of the Madras Government, Financial Department,
3rd December 1874.

2. In the case of Vaccinators, however, it will be sufficient, under G.O., dated 2nd May 1868, No. 126, if the earnings amount to 10 Rupees.
