Cuddapah Survey. The annual
for 73-4
report on the working of the
Survey, received

No. 139. Read the following letter from W. D. HORSLEY, Esq., President of the Municipal Commission, Cuddapah, to the Honorable D. F. CARMICHAEL, Acting Chief Secretary to Government, Fort St. George, dated Cuddapah, 14th November 1874, No. 131 :—

I have the honor to forward, herewith, the annual report of the Cuddapah Municipality for 1873-74, together with the statements of receipts and expenditure.

2. The Civil Dispensary continues to be useful and acceptable to most of the native community.

Annual Report of the Cuddapah Municipality for 1873-74.

I have the honor to report upon the working of the Cuddapah Municipality during the year ending 31st March 1874, and to forward the usual Statements 1, 2, 3, and 4 in connexion therewith.

2. The actual collections compared with the estimate are as follow :—

Receipts.	1873-74. Estimate.	Actuals.
	Rs.	Rs.
Balance brought forward ...	2,948	4,340
Assignments...	400	212
Rate on Houses	6,000	5,943
Tax on Arts	5,000	3,913
Tax on Vehicles	900	845
Registration of Carts	500	539
Tolls	9,000	10,250
Fees	20	26
Fines	70	503
Fees in Schools	250	369
Endowments	2,000	4,360
Contribution from Local Fund	2,400	1,850
Miscellaneous	2,350	3,004
Advances recovered	...	340
Total ...	31,838	36,494

Charges.	1873-74. Estimate.	Actuals.

Miscellaneous	...	3
Advances recoverable	...	630
Total ...	31,838	35,670

3. The actual collections exceed the estimate by Rupees 4,656. The balance in hand at the close of the year was Rupees 4,340 against Rupees 2,948 as per the estimate. Tolls, which the Commissioners expected would fetch only Rupees 9,000, were at the auction raised to Rupees 9,400, and including the arrears realized Rupees 10,250. The magisterial fines were much increased during the year, owing to a number of cases prosecuted by the Town Police under the Police Act and convicted by the Magistrate. The interest on the Government promissory-note of the Cuddapah Civil Dispensary, which had not been drawn in the preceding year, was credited during the year under review, and the receipts under that head were consequently Rupees 4,360 over Rupees 2,000, the sum estimated.

4. The total expenditure amounts to Rupees 35,670, or Rupees 3,832 over the estimate. New Works and Repairs cost Rupees 5,000 more than the estimate. The Commissioners intended to expend during the year Rupees 7,000 towards the construction of the market; but it was afterwards found expedient to spend Rupees 10,000 on that work, and one tiled shed has since

been completed. The repairs of roads cost Rupees 2,000 more than the estimate. Hospitals and Dispensaries were estimated to cost Rupees 6,100, but the actual expenditure was Rupees 3,782. This decrease is owing to the cost of medicines supplied to the Dispensary in 1873-74, and the salary of the medical subordinate for that period not having been paid into the treasury during the year.

5. The receipts from pounds amounted to Rupees 193-3-3, and the expenditure Rupees 383-1-4, or Rupees 189-14-1 over the receipts, which sum has been entered in the statement as advance recoverable. The pounds in the town having been built of mud walls, and frequent complaints having been made by the Magistrates of their want of repair, the Commissioners resolved to build them with laterite-in-chunam, the carrying out of which resolution enhanced the expenditure.

6. At the close of the year the balance of the Municipal Funds was Rupees 823-10-8.

7. The balance under deposits at the commencement of the year was Rupees 2,100, to which were added Rupees 2,250 during the year, out of which Rupees 3,350 having been refunded to the contractors, a balance of Rupees 1,300 remains in the hands of the Commissioners for the year.

8. On the 31st March 1874, there stood a balance of Rupees 338-13-0 on account of Rates on Houses, and Rupees 569 on account of Tax on Arts. Out of these sums Rupees 69-15-0 on account of House-rates, and Rupees 333-8-0 on account of Tax on Arts, have been collected during the current year. There is no balance left under Arrears.

9. The Municipal Anglo-Vernacular School was opened, on the 1st September 1873, with 107 names on the roll, which number rose to 165 at the end of March last. The teaching staff, which consisted of one Head Master and two Assistants, at the commencement, was found insufficient, and three more Assistants were subsequently entertained. The receipts on account of school-fees for seven months ending 31st March 1874 were Rupees 368-14-0, and the expenditure for that period was Rupees 478-4-6 on account of salaries of schoolmasters, and Rupees 612-0-11 for furniture, &c.

10. The Municipal Commissioners opened the slaughter-house in the town on the 15th August 1873. Nearly eighty animals are daily slaughtered there. The income for seven-and-a-half months is Rupees 239-6-9. The establishment consists of one Conicopillay on Rupees 10 per month, and two sweepers on Rupees 6 each. One yard being found insufficient another was built. The floors and the walls to the height of three feet have been asphalted.

11. A brief report of the working of the Civil Dispensary at Cuddapah, together with a statement showing the attendance during the year, as well as that during the preceding year, with the daily average of patients, forwarded by the Zillah Surgeon, is enclosed.

12. The general conservancy of the town was attended to by a regular establishment of scavengers and carts. The health of the people was good, and no epidemic of any kind appeared. The Booga River, which forms the western boundary of the town, has lately been included within its limits, in order to prevent the washing of clothes, &c., in the river during the hot season, when a great number of the town people use this water for drinking purposes.

13. The following table shows the particulars of births and deaths that occurred in the Municipality during the year :—

—	Population.	CAUSES OF DEATH.											Births.
		Cholera.	Small-pox.	Fevers.	Bowel Complaints.	Injuries. Suicides.	Wounds.	Accidents.	Snake-bites.	Killed by Wild Beasts.	All other Causes.	Total of Deaths.	
Cuddapah	16,275	...	9	343	10	...	3	8	...	...	213	586	547

14. A vaccinator is in the employment of the Municipality, who, during the year under review, performed 255 successful operations.

15. The accounts for the year ending 31st March 1874 have been audited by the English Head Clerk of the Collector's Department, copy of whose report is herewith forwarded.

16. I have heard no complaints whatever against the working of the Towns Improvement Act, and several of the non-official Members of the Commission appear to take interest in the work.

(Signed) W. D. HORSLEY,
President.

From C. SEETAPATY ROW, Auditor of the Municipal Accounts, Cuddapah, to W. D. HORSLEY, Esq., President of the Municipal Commission, Cuddapah, dated Cuddapah, 26th October 1874.

2. The receipts of the year amounted to Rupees 32,154 against an estimate of Rupees 28,890, the increase being chiefly due to an arrear collection on account of tolls, and to the receipts from endowments not having been carefully estimated. The large falling off of Rupees 1,087 under "Tax on Arts, &c.," is not explained, but from Statement IV. it appears that the demand assessed was Rupees 382 short of the estimate, and that Rupees 568 remained uncollected at the close of the year.

3. Explanation is required regarding Statement I.-A. The statement now rendered shows an opening balance to the credit of the Dispensary of Rupees 453, and of Rupees 258 under Miscellaneous, while in Statement I. the whole opening balance is shown as "Municipal." In the same way, in Statement II., the whole balance shown is Rupees 824 under "Municipal," while an endowment balance aggregating Rupees 1,546 appears in Statement I.-A. If the latter be correct the Commissioners must have drawn considerably upon Endowment Funds to meet the ordinary municipal expenditure. The entry of Rupees 224 on account of road-cess under Miscellaneous requires explanation.

4. The expenditure of the year amounted to Rupees 35,671, or Rupees 3,833 over the estimate, the excess being chiefly due to Rupees 10,068 having been spent on the new market in lieu of Rupees 7,000 provided in the Budget. The expenditure on Municipal Schools exceeded the Budget allotment by Rupees 370, but Rupees 136 only were paid as results-grants against an estimate of Rupees 500. This should have been explained. The attendance at the Dispensary was very satisfactory, notwithstanding a small decrease in the number of out-patients. The Government observe that the salary of the medical subordinate was not paid into the Treasury within the year. The Accountant-General will take the necessary steps to ensure adjustments of the kind being effected without delay, instances of neglect on the part of Municipalities being reported for the orders of Government. The conservancy of the town appears to have been carefully attended to, but the cost of vaccination was as high as Rupee 0-7-6 per successful operation, and it is improbable that the deaths really exceeded the births by thirty-nine, as shown in the registration returns.

Enclosure in a letter from the Secretary of the Municipal Commission Mangalore to the Chief Secretary to Govt. of H.E. the Governor dated Mangalore 29th October 1874. No 194

Statement III

Expenditure from the Municipal Fund of the Town of Mangalore for the official Year 1873/74

R. Line 2348/74

Annual Medical Report of the Civil Dispensary Mangalore for the year 1873-74.

The charity is in a satisfactory condition and the Institution well appreciated by the people of all classes, as will be seen by the increased number of admissions of Out-patients Compared with former years. There is a slight increase in the number of admissions of In-door Patients, and these consist only of paupers and of beggars picked up in the Streets by the Police in the last stage of Sickness and Starvation, with an exception of course of a few cases of accidents &c which are occasionally brought for treatment. The well to do people do not, as a rule, seek admission into Hospital as In-door Patients.

The following is a Comparative Table of In and Out Patients treated during the last 5 years.

Years	In	out
1869-70	140	3,252
1870-71	198	2443
1871-72	164	4488
1872-73	180	5622
1873-74	194	6,936

The

The prevailing diseases during the year were — Measles — Ague Remittent Fever Rheumatism, Conjunctivitis Dysentery, Diarrhœa and Ulcer.

Measles prevailed as an Epidemic from August last, as reported in my Annual Medical Report for the past Calendar year and still continues to a certain extent.

Self-Supporting Patients during the year None.

No changes had taken place in the Dispensary building during the year under report.

Two more Dispensaries were opened during the year one at Coondapoor and another at Kundapoor and these two, I believe, are as well appreciated as those of Cuppumangadi and Udipi.

In Conclusion, I am of opinion that a Leper Hospital will be of much benefit to the Public as I daily perceive Lepers wandering about the roads for alms and the disease, I believe, is greatly increased during the past few years.

I certify that the orders respecting the custody of poisonous drugs, issued by Principal Inspector General Medical Department

-ment dated 29th January 1863 are fully carried out.

To

The President of the
Municipal Commission,
Mangalore.

Sir,

Having completed the Examination of the Municipal Accounts for the year 1873-74, I beg to report that each item in the Day Book of Receipts and Expenditure has been compared with the entries in the Cash Book and with the respective vouchers and that I have found certain discrepancies in the abovementioned books as recorded in a Separate Memo I would beg leave to observe that the vouchers for Coolys hire, Tolies &c, appear to me not to have been checked before payment as is evident from certain gleaming errors which exist in them.

I beg to remain.
Sir,
Your most obedient servant

Cuddapah

C. Shellapah Revd
Auditor of the
Municipal Accounts

W. Mundy
President
Municipal Commissioners

Cuddapah

Cuddapah 26th October 1874.

From

C. Seetapaty Row.
English Head Clerk.
Collector's Office Cuddapah.

To

W. D. Horsley Esqre.
President of the Municipal
Commission.
Cuddapah.

Sir.

In conformity with your instructions I beg leave to submit my report on the audit of the Accounts of the Cuddapah Municipality for 1873-74 accompanied by Statements -

2. The receipts and disbursements as per entries in the Cash Book are quite correct as supported by Vouchers, Statements, Registers of Carts and Licences for Vehicles &c. - The Ledger and Cash Book agree in respect to the classification of items under various heads - To facilitate easy reference in respect to the adjustment of Advances made to Contractors &c, I beg to suggest that the date of advance should invariably be shewn in Bills presented for payment -

3. I beg to observe that the Salaries of the various Establishments employed by the Commissioners for

for March, (the last month of the year) have been disbursed on the last day of the same month instead of in the following month as is done in other offices.

4- To guard against mistakes and omissions in the classification of entries under various heads I think it advisable to post the Ledger with the Cash Book at the close of each day's transactions.

5- In conclusion I must acknowledge the assistance which I obtained from Dr Stevens Dillon, Manager of the Municipal Commissioners Office.

I beg leave to remain
Sir
Your most obedient Servant
(signed) C. Charlton Asst
Civil & English Clerk.

A brief Report of the Civil Dispensary Cuddapah for the Year 1873-74.

1. The rain fall during the South-west and North-east monsoons has been very scanty and unseasonable - The crops both wet and dry have consequently suffered to a considerable extent.

2. The past Official year has on the whole been a tolerably healthy one.

3. No cholera or other epidemic diseases prevailed during the year.

4. The principal diseases treated during the year had been Intermittent fevers, Rheumatism, Neuralgia, Conjunctivitis Bronchitis, Abscess, Guinea worm, Ulcers and Skin diseases.

5. The Dispensary continues to maintain its reputation for usefulness and popularity.

6. The total number of cases treated during

the past year was 10,635 of which 561 were In patients, and 10074 Out patients. showing an increase of 3 In and a decrease of 61 Out patients, over the preceding year.

7. During the period under Observation 15 Capital and 67 Minor Operations have been performed.

8. The Institution is supported and maintained partly by the Municipality and partly by the Local Fund Board, Supplemented by the interest of invested funds and voluntary subscriptions from the public.

Enclosed

Endowments	2000	4360	Grant 3.		
Contribution from			Hospitals & Dispensaries	6100	3782
Local Fund	2400	1850	Vaccination	140	119
Miscellaneous	2350	3004	Registration of Births & Deaths	192	190
Advances recovered		340	Conservancy	5600	5025
			Grant 4.		
			Lighting	892	1115
			Slaughter-houses	160	183
			Other Charges	500	1174
			Grant 5.		
			Establishment	2310	2034
			Miscellaneous		8
			Advances recoverable		630
Total	31838	36494	Total	31838	35670

the past year was 19,635 of which 881 were In patients, and 18,074 Out patients. Showing an increase of 3 In and a decrease of 41 Out patients, over the preceding year.

7. During the period under observation 15 Capital and 47 Minor operations have been performed.

8. The Institution is supported and maintained partly by the Municipality and partly by the Local fund Board, Lyke = plus derived by the interest of invested fund and voluntary subscriptions from the public.

Enclosed I beg to forward my Report for the year ending 31st March 1874.

I have the honor to be
Sir
Your obedient Servant
Acting Civil Surgeon

3. The actual collections exceed the estimate by Rs 4656. The balance in hand at the close of the year was Rs 4240 against Rs 2948 as per the estimate. Taxes which the Commissioners expected would fetch only Rs 9000 were at the auction raised to Rs 9400 and including the arrears, realized Rs 10250. The Magisterial fines were much increased during the year owing to a number of cases prosecuted by the Town Police under the Police Act and convicted by the Magistrate. The interest on the Government Promissory Note of the Cuddapah Civil Dispensary which had not been drawn in the preceding year was credited during the year under review and the receipt under that head was consequently Rs 4360 over Rs 2000 the sum estimated.

4. The total expenditure amounts to Rs 35,670 or Rs 3832 over the estimate. New Works and Repairs cost Rs 5000 more than the estimate. The Commissioners intended to expend during the year Rs 9000 towards the construction of the Market but it was afterwards found expedient to spend Rs 10,000 on that work and one tiled shed has since been completed. The repairs of roads cost Rs 2000 more than the estimate. Hospitals and Dispensaries were estimated to cost Rs 6100 but the actual expenditure was Rs 5782. This decrease is owing to the cost of Medicines supplied to the Dispensary in 1873-74, and the salary of the Medical Subordinate for that period not having been paid into the Treasury during the year.

5. The receipts from Pounds amounted to Rs 193-3-3. and the expenditure Rs 383-1-4 or Rs 189-14-1. over the receipts which sum has been entered in the statement as a drawee recoverable. The Pounds in the Town having been built of mud walls and frequent complaints having been made by the Magistrate of their want of repair, the Commissioners resolved to build them with laterite in Chunam, the carrying out of which resolution enhanced the expenditure.

6. At the close of the year the balance of the Municipal Funds was Rs 823-10-8.

7. The balance under Deposits at the commencement of the year was Rs 2400, to which were added Rs 2250 during the year, out of which Rs 3350 have been refunded to the Contractors,

a

a balance of Rs 1300 remains in the hands of the Commissioners for the year.

8. On the 31st March 1874, there stood a balance of Rs 338. 13. 0 on account of Rate on Houses and Rs 568 on account of Tax on Arts. out of these sums Rs 69. 15. 0 on account of House Rate and Rs 333. 8. 0 on account of Tax on Arts have been collected during the current year. There is no balance left under Arrears.

9. The Municipal Anglo Vernacular School was opened on the 10th September 1873 with 167 names on the roll which number rose to 165 at the end of March last. The teaching staff which consisted of one Head Master and 2. Assistants at the commencement was found insufficient and 3 more Assistants were subsequently entertained. The receipts on account of school fees for 7 months ending 31st March 1874, were Rs 368. 14. 0, and the expenditure for that period was Rs 478. 4. 6 on account of Salaries of School Masters and Rs 612. 0. 11. for Furniture &c.

10. The Municipal Commissioners opened

opened the Slaughter-house in the Town on the 15th August 1873. Nearly 80. animals are daily slaughtered there. The income for 7½ months is Rs 239. 6. 9. The establishment consists of one Cooliecopilay on Rs. 10. 0. 0 per month and two Sweepers on Rs 6. 0. 0 each. One yard being found insufficient another was built. The floors and the walls to the height of 3 feet have been asphalted.

11. A brief report of the working of the Civil Dispensary at Cuddapah together with a statement showing the attendance during the year as well as the daily average of patients, forwarded by the Zillah Surgeon, is enclosed.

12. The general conservancy of the Town was attended to by a regular establishment of Scavengers and carts. The health of the people was good and no epidemic of any kind appeared. The Borga river which forms the western boundary of the Town has lately been included within its limits in order to prevent the washing of clothes &c in the river during the hot season when a great number of the Town people use this water

water for drinking purposes.

13. The following table shows the particulars of Births and Deaths that occurred in the Municipality during the year.

	Population	Causes of Death											Births
		Cholera	Small-pox	Fevers	Bowel Complaints	Injuries					No. of the Cases	Total Deaths	
						Suicides	Wounds	Accidents	Deaths by Wild Beasts	Deaths by Wild Beasts			
Calcutta Suburbs	16375	"	9	343	10	"	3	8	"	"	213	586	647

14. A vaccinator is in the employment of the Municipality who during the year under review performed 265 successful operations.

15. The accounts for the year ending 31st March 1874, have been audited by the English Head Clerk of the Collector's Department, copy of whose report, is herewith forwarded.

16. I have heard no complaints whatever against the working of the Towns Improvement Act and several of the non-official members of the Commission appear to take interest in the work.

The	Rs. 31,838	36,494

The receipts of the year amounted to Rs 32,154 against an estimate of Rs 28,890; the increase being chiefly due to an arrear collection on account of tolls, and to the receipts from endowments not having been carefully estimated. The large falling off of Rs 1,087 under "Tax on Arts, &c." is not explained, but from Statement II it appears that the demand expected was Rs 382 short of the estimate, and that Rs 568 remained uncollected at the close of the year.

Explanation

Explanation is re-
-quired regarding State-
-ment I A. The State-
-ment now rendered shows
an opening balance to
the credit of the Dis-
-pensary of Rs 458,
and of Rs 258 under
Miscellaneous, while
in Statement I the
whole opening balance
is shown as "Munici-
-pal." In the same
way, in Statement
II, the whole balance
shown is Rs 824 under
"Municipal" while
an endowment balance
aggregating Rs 1546,
appears in Statement
I A. If the latter
be correct, the Commis-
-sioners must have drawn
considerably

considerably upon en-
-dowment funds to
meet the ordinary Mun-
-icipal expenditure. The
income from fees for
slaughter houses should
appear under 3. Rates
and Taxes (f) and not
under 7. Miscellaneous.
The entry of Rs 224
on account of Road
cess under the latter
head also requires explan-
-ation.

The expenditure of
the year amounted
to Rs 35,671 or Rs
3,833 over the estimate,
the excess being chiefly
due to Rs 10,068 having
been spent on the
New Market in lieu
of

of Rs 7,000 provided in the budget. The expenditure on Municipal Schools exceeded the budget allotment by Rs 370, but Rs 136 only were paid as Results grants against an estimate of Rs 500. This should have been explained. The attendance at the Dispensary was very satisfactory notwithstanding a small decrease in the number of out-patients. The Govt observes that the salary of the Medical Subordinate was not paid into the Treasury within the year. The Accountant General will take the necessary steps to ensure adjustments of the kind being effected without delay, instances of neglect on the part of Municipalities being reported for the Orders of Govt. The conservancy of the town appears to have been carefully attended to, but the cost of vaccination was as high as Rs 0-7-6 per successful operation, and it is improbable that the deaths really exceeded the births by 89 as shown in the registration returns.
