Proceedings of the Madras Government, Financial Department,
15th December 1874.

No. 141. Read the following letter from J. H. MASTER, Esq., Collector and President of the Municipal Commissions, Bellary, to the Honorable D. F. CARMICHAEL, Acting Chief Secretary to Government, Fort St. George, dated Adoni, 9th November 1874, No. 117 :—

The work in this office with reference to the four Municipalities of this district having increased very much of late, the Accountant-General demanding the submission of monthly accounts respecting each of them, I proposed to employ a clerk on 25 Rupees a-month, and requested each of the four Municipalities to contribute towards his pay; the contribution asked for from the Bellary Municipality was 10 Rupees, it being the most wealthy one.

2. The Commissioners objected to the payment, and stated that they thought the charge should be borne by Government.

All the other Municipalities agreed to contribute their quota.

3. I informed the Bellary Commission that the charge was one which could not possibly be borne by Government, inasmuch as it was part of charges connected with the execution of the Municipal Act, No. III. of 1871.

I also informed them that I could, under Section 28, appoint any person necessary to assist in the execution of the Act, and requested them to determine his salary.

4. In reply, the Commissioners refuse altogether to do so, as they say they do not think that the appointment of such a clerk comes within the meaning of Section 28.

5. I have the honor, therefore, to refer the matter for the orders of the Government.

A clerk is absolutely necessary to enable me to carry out the duties devolving upon me as Ex-officio President.

6. I beg to enclose a copy of the resolution of the Commissioners, and also a memorandum showing what the clerk would have to do.

No. 142. ORDER THEREON, 15th December 1874, No. 2101.

A large portion of the work referred to might be done by the municipal office establishments, but it would be much more convenient to have a clerk in the President's office.

2. The Bellary Municipal Commissioners will be asked to reconsider their decision.

FOR ORDERS.

I do not think a clerk is necessary. The President can get all he wants from the Municipal Office Clerk - and the work in Salvers - and the work in this office will be very small.
