No. 155. Read the following letter from W. S. FOSTER, Esq., President of the Municipal Commissions, Godavery District, to J. STURROCK, Esq., Acting Under Secretary to Government, Fort St. George, dated Cocanada, 12th November 1874, No. 13:—

I have the honor to forward the reports on the working of the Municipal Act III. of 1871, in the Towns of Rajahmundry and Elfore, for the official year ending 31st March 1874, together with accounts and Auditors' certificates.

From W. P. AUSTIN, Esq., Vice-President of the Municipal Commission, Rajahmundry, to W. S. FOSTER, Esq., President of the Municipal Commissions, Godavery District, dated Rajahmundry, 10th November 1874, No. 51.

I have the honor to report on the working of the Towns Improvement Act, No. III. of 1871, in the Rajahmundry Municipality, for the official year 1873-74.

2. *Balance.*—The year commenced with a balance of Rupees 3,298-12-4, including Rupees 3,200-12-9 Municipal Fund, and Rupees 97-15-7 (Dispensary) Endowment.

3. *Assignments and Allotments by Government.*—Rupees 387-7-5 were received under this head on account of the Surplus Pound Fund.

4. *Rates and Taxes, &c. Rate on Houses, &c.*—Rupees 3,233-9-10 were collected under this head, including Rupees 159-14-5 arrears. It was levied at five per cent. One thousand eight hundred and eighty-six houses and lands were assessed. Thirty-nine demand notices and sixteen distress warrants were issued. In one case only the property was distrained. Fifteen appeals were preferred, of which four were entertained and taxes reduced to lower rates, and eleven rejected.

Tax on Arts, &c.—Rupees 4,600-1-8 were realized under this head, including Rupees 520-9-8 arrears. One thousand seven hundred and forty-two persons were taxed. One hundred and thirty-nine appeals were brought, of which forty-seven were entertained and taxes reduced to lower rates, and ninety-two rejected. Great difficulty was experienced in the collection, owing to a misapprehension that the tax was discontinued.

Tax on Vehicles.—Rupees 462 were received under this head, including Rupees 17-4-0 arrears. It was levied at the maximum rates, Schedule C.

Registration of Carts.—Rupees 142 were collected under this head, and 142 carts were registered at Rupee 1 each.

From R. SEWELL, Esq., Vice-President of the Municipal Commission, Ellore, to W. S. FOSTER, Esq., President of the Municipal Commissions, Godavery District, dated Ellore, 26th October 1874, No. 46.

I have the honor to forward the annual report on the working of the Towns Improvement Act III. of 1871 in the Ellore Municipality.

1. *Balance.*—The balance at the beginning of the year under report was Rupees 5,371-13-3; some portion of this was intended for the expenses connected with the hospital, and also, if sanction should be obtained, for the widening of the bridge.

2. *Revenue and Expenditure.*—The receipts during the year, including the said balance, were Rupees 17,760-4-1, and the disbursements Rupees 10,456-1-10, leaving a balance of Rupees 7,304-2-3. This is reserved for the hospital and bridge, neither of which were sanctioned during the year.

3. *House and Land Tax.*—The demand under this head was Rupees 3,283-4-0, of which Rupees 2,913-13-0 were actually collected, and Rupee 1-4-0 remitted upon appeals, leaving a balance of Rupees 368-3-0. The number of houses and lands assessed was 3,457, against which eight appeals were preferred. The tax was confirmed in six cases. In the other two the tax was fully refunded in one case and reduced to a lower rate in the other. Rupees 9-2-0 were realized as fees on demand notices, and Rupees 8 as fees on warrants. In no case was property distrained.

4. *Professional Tax.*—The demand under this head was Rupees 3,386, of which Rupees 2,872 were actually collected, and Rupees 51 were refunded on appeals, thus there was kept a balance of Rupees 463. The number of people assessed was 1,000 against which twenty-two appeals were preferred, eleven were confirmed, and eleven altered, the tax being entirely remitted in six cases and in five reduced to lower classes.

5. *Taxes on Vehicles.*—The amount realized under this head for the year is Rupees 535-4-0.

6. *Registration of Carts.*—Four hundred and six carts without springs were registered during the year, and Rupees 812 collected as fees.

7. *Tolls.*—The tolls were leased out for Rupees 4,400, and the whole sum was duly realized.

8. *Fees.*—There were no other collections under this head than those under Schedule A, the amount of which was Rupees 8.

9. *Magisterial Fines.*—Rupees 139-1-0 were collected under this head.

10. *Miscellaneous.*—The sum of Rupees 200-12-0 was collected under this head as follows: Rupees 102 for part of sale of sweepings of the previous year, Rupees 83-12-0 receipts of the public bungalow, and Rupees 15 for compensation for the public ground occupied by a party in constructing a cistern.

11. *Advance Recoverable.*—The sum of Rupees 20-8-11 was received under this head, being half the cost incurred for taking the Census in 1871-72, the payment of which was subsequently sanctioned by Government.

12. Annexed is a statement showing the increase and decrease in the receipt of the principal items for the current year as compared with those of the previous year:—

3. The opening balance fell short of the estimate by Rupees 2,743, and the receipts of the year amounted to Rupees 16,613 against an estimate of Rupees 16,536, the most important decrease being Rupees 950 under "Tax on Arts" owing to the difficulty experienced in the collection of that tax from an erroneous

impression having got abroad that the abolition of the tax had been ordered for the year under review instead of for the year 1874-75. The large increase under Endowments appears to be due to Rupees 1,000 having been contributed by Mr. Morris for the erection of a Choultry, and to Rupees 708 having been appropriated from the funded capital of the Dispensary. The object of this appropriation does not appear very clear, as the full amount is shown in Statement II. as a balance to the credit of the Dispensary.

4. The expenditure of the year amounted to Rupees 17,001, or Rupees 1,215 short of the estimate. The outlay on New Works was Rupees 3,409 against an estimate of Rupees 700. The works appear to be of a useful nature, and the Government do not understand why they were not included in the estimate submitted for approval.

5. Under Education the outlay on results-grants fell short of the allotment by thirty per cent. The progress of the schools is not alluded to in the report, which is in fact little more than a rearrangement of the financial items shown in the figured statement. From the annual report on the Dispensary it appears that a falling off in the attendance of out-patients from 4,469 to 3,962 is attributable to an exceptionally healthy season. The remarks of the Acting Civil Surgeon on the cesspool nuisance should receive the careful attention of the Commissioners, and the subject should be alluded to in the report for the current year. The expenditure on Conservancy, it is observed, amounted to Rupees 6,290, or about thirty-eight per cent. of the revenue of the year.

7. The Ellore Municipality had an opening balance of Rupees 5,372, which was remarked on by Government in reviewing the report for the year 1872-73. The receipts of the year amounted to Rupees 12,388 against an estimate of Rupees 14,430, the principal falling off being under the head "Contribution from Local Funds." No explanation of this is given in the report. A statement given in paragraph 12 of the report shows a net decrease of Rupees 200 in the income of the Municipality when compared with that for the preceding year, but a reference to Statement IV. shows that this decrease is due to a larger balance being outstanding at the close of the year.

8. The expenditure amounted to Rupees 10,456, or Rupees 5,890 short of the estimate; the closing balance of Rupees 7,304 having been "reserved for the hospital and bridge, neither of which were sanctioned during the year." The Budget allotment for results-grants amounted to Rupees 1,000, but, although only Rupees 274 of this was expended, no notice whatever is taken of the matter in the report. This omission must be supplied. A Municipal Dispensary was opened on the 6th November 1873, and appears to have worked satisfactorily, as the attendance during the five months before the close of the year amounted to 902. The people are said to be unwilling to submit to vaccination, but 676 operations at an average cost of about 3 Annas does not compare badly with the results in adjacent Municipalities. The expenditure on Conservancy proper amounted to Rupees 3,146, and that on Public Works for sanitary purposes to Rupees 693 according to Statement II., with reference to which it must be remarked that the entries under Public Works seem to be quite irreconcileable with the details given in Statement II.-A.

Elora Municipal Office
26th October 1874 —
Examined

Annual Medical Report of the Station Police Hospital and Municipal Civil Dispensary Ellore for the Official year ending 31st March 1874.

I The description of the Station and its vicinity has already been reported by me on the 29th April 1873 Since there has been little improvement in Construction of roads also an out door Dispensary was opened on the 6th November last in the Police Hospital, till a building is erected for the accommodation of In Patients.

The Climate has been pleasant than the last two years the hot winds were not intense, the periodical rains were abundant in the latter part of the year, the Crops of Paddy were plentiful but the production of Jonnah or Cholum was rather scarce in the town plentifully in the Suburbs.

No Cholera has made its appearance in this town during the past year but I was given to understand that in the Suburbs a few Choleraic Diarrhœa Cases occurred of a mild type.

II The description of the Hospital and Barracks I have already described in my Annual Report of 1871. At the end of October last a partition wall was placed in the middle of the Hospital where the doors were, seperating the Police sick from Military. On either side the windows have been taken out and converted into doors one for the Police, and the other for the Military the old doors are placed for the Military and

new ones for the Police. Under the direction of the Vice President and Commissioners one end of the Military Surgery room is occupied by the Municipal Medicines as a temporary measure till they can get a new building erected for a Dispensary.

At the entrance of the town a large piece of ground purchased for 500 Rupees and the estimate has been sanctioned for the erection of a Dispensary for about Rupees 5000 the work will probably Commence shortly.

III. The duties of Police men are light and not prejudicial to their health.

IV. The localities and all other departments used to apply for Medicines from the Police Hospl for relief those that are in Government employ and families of the 1st Regiment N.I. free of charge the Civilians paid for their Medicines supplied to them up to the 5th November 1873, at the rate of 6 pie for a pill or powder and 1 anna for an ounce of Mixture.

During official year 82 Police men were treated in Hospital 13 Police Cases were under treatment and 31 dead bodies were sent for dissection, accordingly granted Certificates to the Police authorities and whenever the Magistrate or Sub Magistrate required any personal evidence, used to appear before their Courts.

The average daily number of sick of Police men is 2½.

The Military Fighting men 10 in number

and 90 Recruit and Pension Boys were admitted during the official year, most of the Boys were suffering from Sick and Fever, the average daily number of sick of the former is 1 and the latter 4½.

On the 6th November 1873 the Municipal Civil Dispensary was opened 902 Cases were admitted in the last 5 months, Fever Skin diseases and Rheumatism were most the average daily number of out door Patients is 16¼.

V. During the months of November December and January the Fever was prevalent in the town and its vicinity, many death occurred from Fever of an Intermittant type and in the Suburbs from actual starvation and not having proper treatment.

VI. The Small pox and Chicken pox, had prevailed throughout the year in a mild form in the town of Ellore as well as in the vicinity and still Continues.

VII. There was no Casualties among Police men 3 deaths occurred among out door patients 1 Rheumatism of long standing, the other Bronchitis and one Fever.

Among the Military Details one death of a Private of the 9th Regiment N.I. named Shaik Ebram General No 346 who came here on furlough on the 1st June last from Cannanore and was attacked with Dysentery on his way to Ellore and admitted into Hospital 20 days after the attack, looks debilitated and Emaciated, Complains of severe pain on

touch to the lower part of the belly, especially in the Ilic region, stools bloody, frequent and scanty, with offensive smell, unable to move without assistance, I immediately ordered 2 Orderlies from Details of the 16th Regiment N.I. to attend upon him, and given him necessary remedy, and nourishment but he died 8 days after admission.

VIII. In the town of Ellore during the past year the Municipal Vaccinator performed his Operation 652 Cases, on my Supervision out of which, 524 successful, and 128 Un = successful, many of the inhabitants were unwilling, to undergo the operation of Vaccination, therefore much difficulty Experienced to increase the Number to a Certain extent.

The opening balance fell short of the estimate by Rupees 2743 and the receipts of the year amounted to Rs 16,613 against an estimate of Rs 16536, the most important decrease being Rs 950 under "Tax on Arts"

owing

owing to the difficulty experienced in the collection of that tax from an erroneous impression having got abroad that the abolition of the tax had been ordered for the year under review instead of for the year 1874-75. The large increase under Endowments appears to be due to Rs 1,000 having been contributed by Mr Morris for the erection of a Choultry and to Rs 708 having been appropriated from the funded capital of the Dispensary. The object of this appropriation does not appear very clear as the full amount is shown in Statement II as a balance to the credit of the Dispensary. Either

the

~~The expenditure should not have been made or the contribution from Municipal funds should have been withheld until it was required, in which case the floating balance to the credit of the dispensary would have been Rs 181 as shown in statement I A.~~

The expenditure of the year amounted to Rs 17001 or Rs 1215 short of the estimate. The outlay on New Works was Rs 3409 against an estimate of Rs 700. The works appear to be of a useful nature and the Government do not understand why they were not included in the estimate submitted for approval.

Under Education the outlay on Results Grants fell short of the allotment by

by 30 per cent. The progress of the schools is not alluded to in the report, which is in fact little more than a re-arrangement of the financial items shown in the figured statement. From the annual report on the Dispensary it appears that a falling off in the attendance of out-patients from 4469 to 3962 is attributable to an exceptionally healthy season. The remarks of the Acting Civil Surgeon on the cesspool nuisance should receive the careful attention of the Commissioner, and the subject should be alluded to in the report for the current year. The

expenditure

expenditure on Conservancy it is observed amounted to Rs 6290 or about 38 per cent of the revenue of the year.

The Ellore Municipality had opening balance of Rup ees 5372 which was remarked on by Government in reviewing the report for the year 1872-73. The receipts of the year amounted to Rs. 12 388 against an estimate of Rupees 11430 the principal falling off being under the head "Contribution from Local Funds". No explanation of this is given in the report. A statement given in para 12 of the report shows a net decrease of Rupees 200 in the income of the Municipality when compared with that for the preceding year but a reference to Statement IV shows that is due to this decrease would probably

to

a larger balance being carried ~~reproduced by Rupees 100 by the receipts to the~~ balance standing to the close of the year.

The expenditure amounted to Rs 10:46 or Rupees 5890 short of the estimate, the closing balance of Rs 7304 having been "reserved for the hospital and bridge, neither of which were sanctioned during the year". The budget allotment for Results fromts amounted to Rupees 1000 but although only Rs 274 of this was expended, no notice whatever is taken of the matter in the report. This omission must be supplied.

A Municipal Dispensary was opened on the 6th November 1873 and appears to have worked satisfactorily as the attendance during the first months before the close of the year

year amounted to 902. The people are said to be unwilling to submit to vaccination but 676 operations at an average cost of 3 annas does not compare badly with the results in adjacent Municipalities. The expenditure on conservancy proper amounted to Rupees 3146, and that on Public Works for sanitary purposes, to Rupees 693 according to Statement II, with reference to which it must be remarked that the entries under Public Works seem to be quite irreconcilable with the details given in

Statement
