Miscellaneous No. 8674

Proceedings of the Board of Revenue.

Dated 12th December 1894

Read the following:-

No. 44.

From W. S Foster Esqre.
President.

To J Gross Esqre.
Secretary to the Board of Rev
Madras.

Sir

With reference to Para 46 of the Revenue Boards' Proceedings dated 27th February 1894 No. 447, I have the honor to bring to their notice that the Vice President of the Ellore Circle Board states that the sum of Rs. 1800, proposed to be levied on account of the School fees cannot all be expected to be collected in the

the current year, and that it may how-
-ever be apportioned in the Budget
Statement III among the 100 Local Fund
Schools in the Ellore Circle equally i.e.
at 18 Rupees each school.

2 Referring to Paras 7 and 47
of the Board's Proceedings in question,
I beg to report that the Inspecting
School masters inspect periodically
the result Schools etc which are in the
Municipal limits of the marginal
Towns. The whole charge on account
of the Inspecting Schoolmasters —
amounts in the two Circles of this
District Rs. 1790, and seeing the
numerous Schools which are under
the charge of these masters, the pro-
-portionate amount chargeable to the
Municipalities on account of the
inspection by the Masters of the

New Schools existing in the Municipal
limits, would be too small, and the
inspection may therefore be allowed
free of any charge to the Municici-
-palities. If the Board of Revenue
think that some thing should be
~~should be~~ charged to them, a
sum of Rs. 75 may be entered in
the Budget at Rs. 25 each muni-
-cipality, and I will ask the Com-
-missioners whether they would wish
to pay the same.

3 In reply to Para 57 of the
Board's Proceedings above alluded
to, I herewith send the District En-
-gineers' original letter No. 400 dated
7th May 1874 together with a sketch
map, from which the Revenue Board
will see that it was originally pro
-posed to take the Road referred to

from

from Ellur to Dendaluru and thence to Immadur and Ramanarayanakota, and that the road was subsequently altered from Ellore direct to Immadur &c. The work in hand is, as the District Engineer has stated, the road from Ellore to Ramanarayanakota via Gayavaram and Immadur as shown in the Sketch Map.

4 Respecting Para 58. of the Board's Proceedings the District Engineer has stated that it is not possible to give details of works to be carried out from the Provision of Rs. 1000 for Minor new works, as it is intended for unforeseen demands from the Range Officers.

5 I beg to submit the accompanying list showing the details of the amount allotted for constructing buildings for Local Fund Schools viz: Rs. 2800, as called for in para 59 of the Board's Proceedings under reply. The amount entered in this List exceeds the allotment by Rupees 50, and the Vice President of the Ellore Circle has stated that this excess can be charged to the General Fund if necessary. — Further he thinks it most probable that the full allotment on account of the School buildings will not be expended this year.

6 As regards Para 36 of the Board's Proceedings above alluded to, I beg to submit the enclosed list showing the increase of the Salaries of the Establishment employed in the Peddapur Chenchus. The old rates were sanctioned by

long ago, and the people have often complained that their communication was quite insufficient especially at this time when prices are very high. The Local Fund Board have considered the subject carefully and came to a conclusion that a revision in the rates of pay was unavoidably necessary.

I have &c

In the foregoing letter the President submits explanations on the several points noticed by the Board in revising the budgets of the Cocanada and Ellore Circle

2 The lump sum of Rs. 1800 entered against Fees in Schools and training institutions in the Ellore Circle is calculated at Rs. 18 per each School.

3 In para 2 of his letter the President suggests that though more properly the Municipalities should be charged nothing on account of Inspection Rs. 25 may be entered as the contribution of each. The Board think that something must be paid in order to secure to the Municipalities a right to the services of the Inspecting Schoolmasters, but they think Rs. 20 is enough.

4 The explanation of the President about the proposed road from Ellore to Samavarapukota via Yegavaram and Nundur is satisfactory.

5 The President submits in a separate list the details of Rs. 2800 provided in Part I of the budget for constructing buildings for Local Fund Schools

The

6 The sanction of Government is requested for the monthly increase of Rs. 9 in the Establishment of the Peddapore Choultry, which was sanctioned long ago and is now inadequate.
