Proceedings of the Madras Government, Financial Department,
28th December 1874.

No. 212. Read the following letter from R. W. LODWICK, Esq., Accountant-General, to the Hon. D. F. CARMICHAEL, Acting Chief Secretary to Government, Fort St. George, dated Fort St. George, 14th December 1874, No. 493 :—

Resource Department.

With reference to G.O., Political Department, No. 492, dated 3rd instant, I have the honor to forward an extract of a letter from the Comptroller-General, dated the 24th November 1873, and to request that I may be informed whether the opinion expressed by His Excellency in Council is to be understood to refer to Travancore only or to all Treasuries. I beg at the same time to point out that, if the larger denominations of notes are procurable at all the Treasuries, the circulation of the smaller ones must be decreased to a very great extent, as persons will take 1,000 and 500 Rupees notes in preference to small ones for remittance purposes.

EXTRACT from a letter from the Comptroller-General, Calcutta, to the Accountant-General, Madras, dated 24th November 1873, No. 6239.

Paragraph 6.—From what I have said it will be seen that I quite approve of your withdrawing to the Presidency notes of the higher denominations which are held by Treasuries having surplus funds, though I would not go so far as to restrict such treasuries from paying away high-value notes which they may receive locally, and that I should approve of your declining to send notes of high values to Treasuries so situated.

No. 213. ORDER THEREON, 28th December 1874, No. 2159.

The opinion expressed by the Government has reference to all Treasuries.

I do not see that we can do anything in this matter. It would be better to write to the Controller of Currency & ask him to send us a list of the numbers of the notes issued to the Treasuries. L. D. 17.12
