Read the following Budget Estimate from the Inspector-General of Police, dated 30th November 1874.

No. 223. Read also the following letter from Lieutenant-Colonel C. S. HEARN, Inspector-General of Police, to the Hon. D. F. CARMICHAEL, Acting Chief Secretary to Government, Fort St. George, dated Cooppum 14th December 1874, No. 4963 :—

I have the honor to reply to memorandum No. 354, Financial Department, dated 10th current.

2. The estimate for 1874-75 amounted to Rupees 36,36,557. That for 1875-76 amounts to Rupees 37,40,351. The excess, therefore, is Rupees 1,03,794.

3. The grant for the current year was only Rupees 34,50,000, but the actual expenditure will probably amount to about Rupees 35,00,000.

4. The "actuals" shown by the Accountant-General do not exhibit the exact total expenditure of any one year, but merely the amount paid by him to the Police Department during that year. The sums remaining on hand in Districts and Banks (unaccounted for) at the commencement and close of an official year must also be taken into account. At the commencement of 1873-74, a sum of Rupees 1,22,261 remained on hand, but only Rupees 84,030 remained on hand at the close of the year.

5. I enclose a memorandum showing the particular items of increase for 1875-76. An increase of Rupees 62,968 is due to the proposed addition to salaries of Deputy Inspector-Generals and Superintendents and to the improved Wynâd establishment recently sanctioned by Government, besides sundry additions to Jail and Salt Guards (particularly the latter) which have been sanctioned from time to time. The increase under the head "Deputy Commissioner of Police" will cease when the two subordinates* in the Commissioner's Office are absorbed, but as yet no other places have been found for them. An increase of Rupees 41,390 appears under the head of Contingencies. Of this Rupees 5,000 is under Travelling Allowances, to correspond with actual disbursements last year; Rupees 20,000 is added to Clothing, the actuals of last year having been Rupees 40,000 in excess of the estimate. Under this head much depends on the time of receipt of warm clothing from England, which is issued once in three years to the General Force. There is an increase of Rupees 10,000 under "House-rent and Contingencies," owing to an excess of "actuals" over the estimate during the past year.

* G.O., No. 159, dated 2nd February 1874, Judicial Department.

6. There are of course always considerable savings from the estimate under head "Salaries and Allowances," but these have a tendency to grow less as Police Officers become fully qualified for the higher grades. Recruiting has also become more brisk of late, and the District Forces are nearer their full strength. Further demands are likely to be made in the Salt Department, and the Government in their orders on the Police Administration Report and Magistrates' Reports have called for full information as to the necessity of an increase to the strength of District Police. Under these circumstances, I do not think it would be safe to make the provision for "Police" much less than the estimate.

7. The Budget Estimate has always hitherto been forwarded without a covering letter, differences being accounted for in column "Remarks;" a covering letter will be sent in future.

No. 224. ORDER THEREON, 29th December 1874, No. 2170.

The Budget Estimate of Receipts of the Police Force for 1875-76 amounts to Rupees 20,310. It is Rupees 6,685 below the actuals* for 1873-74, and Rupees 1,700 less than the estimate† for 1874-75. The details show that in the estimate for 1875-76 a reduction of Rupees 2,000 has been made under the head of "Tax on boats under Act XXVIII. of 1858," but no explanation has been afforded on the subject. The fines from "stray cattle" have been advanced from Rupees 500 to Rupees 800.

* Rupees 26,995.
† Rupees 22,010.

2. The Inspector-General has adopted in the present estimate the figures entered in the estimate submitted by him to Government last year, and not the amount fixed in Order dated the 6th December 1873, No. 1770, *viz.*, Rupees 28,000. The estimate of receipts for 1875-76 will, judging from the actuals for 1873-74, be taken at Rupees 26,000.

3. The charges are distributed as follows :—

	Actuals for 1873-74.	Estimate for 1874-75.	Estimate for 1875-76.
	Rs.	Rs.	Rs.
Salaries and allowances of Officers and Establishment	4,38,825	4,38,581	4,55,921
Rural and Town Executive Police Force	25,02,080	27,79,614	28,25,242
Village Police	14,297	16,152	16,152
Miscellaneous	3,10,931	4,02,210	4,43,036
Total ...	34,56,133	36,36,557	37,40,351

They show that, with the exception of those relating to the "Village Police," there is an increase in the estimates for 1875-76 over the actuals of 1873-74 (which were higher than those of 1871-72 and 1872-73 by Rupees 61,554 and Rupees 72,394, respectively) of no less than Rupees 2,84,218.

4. The Inspector-General of Police has explained in his letter the necessity for a larger provision being made in 1875-76. Allowing, however, for savings, the Governor in Council is of opinion that an assignment of Rupees 36,00,000 or Rupees 1,50,000 over the grant for 1874-75 will be found ample to cover all charges.

5. His Excellency in Council believes that this will be practicable, as the accounts of expenditure rendered by the Accountant-General show that notwithstanding an estimate of Rupees 36,36,557 for 1874-75, the charges for the first-half of the year do not exceed Rupees 17,19,119. Even allowing for some additional charges which may be brought to account in the second-half of the year, the grant‡ will not, in all probability, be exceeded by more than Rupees 50,000.

‡ Rupees 34,50,000.

Proceedings of the Madras Government, Financial Department,
29th December 1874.

6. The Inspector-General of Police is requested to furnish a memorandum showing the expenditure actually incurred on "Salt Guards" for each year from 1869-70 to 1873-74 inclusive, and the sums entered annually in his Budget Estimates from 1870-71 to 1875-76. In all future Budget Estimates the charge for "Salt Guards" should be separated from other charges and entered under that head separately.

7. The medical charges which amount to Rupees 23,436 are less than the actuals* for 1873-74, and the grant† for 1874-75, and are passed.

* Rupees 23,584.
† Rupees 24,000.

8. The Accountant-General will note the charge‡ for Police in the recently transferred taluqs of Badrachellum and Rakapully. The charge, however, does not include the cost of clothing. This will be ascertained and included in the aggregate charge, for which the sanction of the Government of India will have to be obtained for transfer to Provincial Services.

3. The charges are distributed as follows.—

Actuals

	Actuals for 1873-74	Estimate for 1874-75	Estimate for 1875-76
	Rs	Rs	Rs
Salaries & allowances of Offices & Establishment.	4,38,825	4,38,581	4,55,921
Rural & Town Executive Police Force	25,92,080	27,79,614	28,25,242
Village Police	14,297	16,152	16,152
Miscellaneous	3.10,931	4,02,210	4,43,036
Total	34,56,133	36,36,557	37,40,351

They show that, with the exception of those relating to the "Village Police", there is an increase in the estimates for 1875-76 over the actuals of 1873-74 (which were higher than those of 1871-72 and 1872-73 by Rs 61,554 and Rs 72,394 respectively) of no less than Rs 284,218.

4 The Inspector General of Police has explained in his letter the necessity for a larger provision being made in 1875-76. Allowing, however, for savings, the Governor in Council is of opinion that an assignment of Rs 36,00,000 or Rs 1,50,000 over the grant for 1874-75 will be found ample to cover all charges.

The deduction of Rs 2,000 is accepted
Say 36,40,000

5 His Excellency in Council believes that this will be practicable, as the Accounts of expenditure rendered by the Accountant General show that notwithstanding an estimate of Rs. 36,36,557 for 1874-75, the charges for the first half of the year do not exceed Rs. 17,19,119. Even allowing for some additional charges which may be brought to Account in the second half of the year, the grant will not, in all probability, be exceeded by more than Rs. 50,000.

× Rs. 34,50,000.

6 The Inspector General of Police is requested to furnish a memo. showing the expenditure actually incurred on "Salt guards" for each year from 1869-70 to 1873-74 inclusive, and the sums entered annually in the Budget Estimates from 1870-71 to 1875-76. In all future Budget Estimates the charge for "Salt guards" should be separated from other charges and entered under that head separately.

7 The Medical charges which amount to Rs. 23,436 are less than the Actuals for 1873-74, and the grant for 1874-75, and are passed.

× Rs. 23,584.
⁰ Rs. 24,000.

8 The Accountant General will note the charge for Police in the recently transferred talugs of Badrachellum and Rakapully. The charge, however, does not include the cost of clothing. This will be ascertained and included in the aggregate charge for which the sanction of the Government of India will have to be obtained for transfer to Provincial Services.

× Rs 3,951 (exclusive of clothing)
