***Not to be folded or roughly handled***

No. 231. Read the following letter from Major T. E. TENNANT, Inspector-General of Jails, to the Hon. D. F. CARMICHAEL, Acting Chief Secretary to Government, Fort St. George, dated Madras, 23rd December 1874, No. 211 :—

In submitting the Budget Estimate for the year 1875-76, I have the honor, with reference to paragraph 6 of the order noted in the margin, to forward an account-current of the receipts and charges on account of jail manufactures for the year 1873-74, together with an abstract of the receipts and charges, from which it will be observed that there has been a net profit of Rupees 60,618-12-0 after deducting the charges incurred and the value of stock for the year 1872-73.

Financial Department, No. 1650, dated 9th December 1872.

2. A memorandum showing the value of manufactured goods and raw materials in each jail is also forwarded, as required by paragraph 9 of the order noted in the margin, from which it will be seen that the stock of manufactured goods, remaining on hand at the close of the year 1873-74, was valued at Rupees 80,594-13-8; this amount chiefly represents the value of articles manufactured for the Police and Commissariat Departments not delivered during the official year.

Judicial Department, No. 641, dated 25th April 1873.

3. The value of raw materials remaining on hand comprises chiefly the cost of mule twist, &c., &c., required to execute several orders received from Public Departments.

4. Rupees 74,950-3-1 is the amount of outstanding bills due to the Jail Department principally on account of supplies made to Public Departments up to 31st March last.

5. In the statement of actuals for 1873-74, furnished by the Accountant-General, the sum of Rupees 38,742 was entered as charges incurred on account of Subsidiary Jails; the same has been included in the Budget Estimate of this Department under the head "Actuals." But as these charges are not passed by this Department, no provision has been made in the Budget submitted.

---

No. 232. ORDER THEREON, 30th December 1874, No. 2175.

The Budget Estimates for Jails for 1875-76 show that the probable receipts for the year, exclusive of those appertaining to the Convict Labor Fund, will amount to Rupees 2,59,400, and the probable charges to Rupees 10,04,197.

2. The estimate of receipts has been based on the "increase anticipated with reference to the actuals of the past six months and to the extension of the several branches of manufacture both in the Central and District Jails." The actual receipts in 1873-74, exclusive of the receipts debitable to the Convict Labor Fund, amounted, as per accounts rendered by the Accountant-General, to Rupees 2,11,923. According to the same accounts, for the first half of 1874-75, the probable receipts in 1874-75 will not be less than Rupees 2,26,250, or within 50 Rupees of the estimate for the year. There is, therefore, every prospect of the estimate of Rupees 2,59,400 being realized in the ensuing official year.

3. *The Charges.*—The Accountant-General distributes them in his books and accounts under the following heads:—

Inspection and General Superintendence.
House of Correction and Penitentiary.

*Sub Heads.*

Civil Debtors' Jail.
Penitentiary.
Central Jails.
District Jails.
Lockups.

The Inspector-General of Jails adopts the following heads:—

Inspection and General Superintendence
Jails.
Stores.
Advances.
Penitentiary and Grand Jail.
Subsidiary Jails.

4. It is very desirable for facility of comparison, as well as to enable the Government to pass orders on the estimates without the difficulty now experienced, that the Inspector-General of Jails should prepare his estimates under precisely the same heads as those adopted by the Accountant-General. He will do this from 1876-77. Adopting the figures in the estimate, the following statement shows the actuals for 1873-74, the estimate for 1874-75 (without excluding the items transferred to the Convict Labor Fund), and the probable charges for 1875-76:—

| | Actuals for 1873-74. | Estimate for 1874-75. | Estimate for 1875-76. |
|---|---|---|---|
| | RS. | RS. | RS. |
| Inspection and General Superintendence ... ... ... ... | 36,440 | 36,308 | 33,208 |
| Jails ... ... ... ... ... ... ... ... ... ... ... ... | 5,47,363 | 5,90,000 | 5,89,430 |
| Stores ... ... ... ... ... ... ... ... ... ... ... ... | 5,274 | 2,601 | 3,473 |
| Advances for purchase of raw materials for manufactures ... | 2,14,450 | 2,32,000 | 2,86,050 |
| Penitentiary and Grand Jail ... ... ... ... ... ... ... | 1,08,199 | 59,044 | 72,036 |
| Subsidiary Jails ... ... ... ... ... ... ... ... ... ... | 41,977 | 20,000 | 20,000 |
| Total ... | 9,53,703 | 9,39,953 | 10,04,197 |

5. The estimate for 1875-76 exceeds both the actuals for 1873-74 and the estimate for 1874-75 by Rupees 50,494 and Rupees 64,244, respectively. This is exclusive of any provision for the charge on account of diet of prisoners in Subsidiary Jails. The charge, according to G.O., dated the 23rd December 1874, No. 2152, amounts to Rupees 47,308, and will find a place in the Jail Budget for 1875-76 and future years. It is not practicable to bring the charge under the supervision of the Inspector-General of Jails, nor is it necessary, as it is incurred by the Magistracy, and is duly checked and passed by the Audit Department.

*Proceedings of the Madras Government, Financial Department,*
*30th December* 1874.

6. *Inspection and General Superintendence, Rupees* 33,208.—This is less than the actuals for 1873-74 and the estimate for 1874-75, and, with the exception of the item "Saderward and Contingencies," does not admit of reduction. The saderward and contingencies, judging from past expenditure, may be reduced from Rupees 1,600 to Rupees 1,000. It will bring the gross charge down to Rupees 32,608. It is noted that an additional provision of Rupees 900 is made under "Travelling Allowance," which is required, now that the Inspector-General of Jails will inspect every District Jail once a year, and every Central Jail and the Penitentiary twice in the year.

7. *The charge under "Jails," Rupees* 5,89,430, although in advance of the actuals for 1873-74 by Rupees 42,067, is less than the estimate for 1874-75 by Rupees 570. The decrease is not commensurate with the decrease in the number of convicts who have to be provisioned in 1875-76. The number is no less than 58,000. The fixed establishment under "Guards" exceed the number provided for in 1874-75 by seven, while the charge for the purpose has been raised by Rupees 1,752. There is no apparent necessity for retaining the allotment for "Saderward and Contingencies" at the same figure as in the estimate for 1874-75, *viz.*, Rupees 40,000. The charge for rations will be reduced from Rupees 3,30,300 to Rupees 3,25,000, the allotment for guards to Rupees 91,000, and for saderward and contingencies to Rupees 36,000. These reductions will affect the aggregate charge to the extent of Rupees 10,382, and reduce it to Rupees 5,79,048. It will still exceed the actuals for 1873-74 by Rupees 31,685.

8. The charge for *Stores*, Rupees 3,473, having been sanctioned in G.O., dated 27th August 1874, No. 1596, is passed.

9. *Advances for the purchase of raw materials, &c., Rupees* 2,86,050.—These are larger than the sums taken up in 1873-74* and what have been provided for in 1874-75.† It is doubtful whether the full amount will be required in 1875-76; if it is, an additional allotment will be made. The estimate will in the meantime be fixed at Rupees 2,50,000, *i.e.*, Rupees 18,000 in advance of the provision for this year.

* Rupees 2,14,450.

† Rupees 2,32,000.

10. *Subsidiary Jails, Rupees* 20,000.—This will be raised to Rupees 70,160.

11. With these alterations the Jail Budget Estimates will stand as follows:—

| | RS. |
|---|---|
| Receipts ... ... ... ... ... ... ... ... ... ... ... ... | 2,59,400 |
| *Charges*— | |
| Inspection and General Superintendence ... ... ... ... ... ... | 32,608 |
| Jails ... ... ... ... ... ... ... ... ... ... ... ... ... | 5,79,048 |
| Stores ... ... ... ... ... ... ... ... ... ... ... ... ... | 3,473 |
| Advances for purchase of raw materials ... ... ... ... ... ... | 2,50,000 |
| Subsidiary Jails... ... ... ... ... ... ... ... ... ... ... | 70,160* |
| Total ... | 9,35,289 |

* Rupees 20,000, 2,852, and 47,308, sanctioned in G.O., dated 23rd December 1874, No. 2153.

From this amount there will be transferred to the Convict Labor Fund (which will now be considered)—

| | Rs. |
|---|---|
| The charge for additions, alterations, and repairs to Jails ... ... | 15,850 |

which will reduce the charge against Provincial Services from Rupees 10,07,325 (including Penitentiary Rupees 72,036) to Rupees 9,91,475.

12. *The Convict Labor Fund.*—

| | Rs. |
|---|---|
| This Fund opens with a balance of ... ... ... ... ... ... ... | 49,614 |
| And it is estimated that the income in 1875-76 will be ... ... ... | 50,000 |
| Total ... | 99,614 |

From this amount it is proposed to allot Rupees 22,289 for certain jail buildings which have been sanctioned. Adding this to the percentage* of the cost of Public Works Supervision, Rupees 5,572, and the sum of Rupees 15,850 for "additions, alterations, and repairs," the aggregate charge will be Rupees 43,711, and will leave an available balance of Rupees 55,903, the appropriation of all, or a portion, of which will be taken into consideration on the receipt from the Public Works Department, of a list of the Subsidiary Jails and Central Jail Buildings which it is in contemplation in that department to provide for from Provincial Funds in the ensuing year.

* Twenty-five per cent. subject to adjustment.

The assignments made from the Convict Labor Fund for Public Works are made on the understanding that the money is not to be diverted to any other work or purpose without the approval of Government.

13. The account-current of receipts and expenditure on account of jail manufactures for the year 1873-74 appears to be satisfactory. The result of the year's transactions, summarized, show that the balance of cash

PROCEEDINGS of the MADRAS GOVERNMENT.

Read the following letter from the Inspector General of Jails dated 23rd December 1879 No 211

Ordered thereon 30 Dec 1879 No 2175

The Budget estimates for Jails for 1875-76 show that the probable receipts for the year exclusive of those appertaining to the Convict Labor Fund will amount to —— Rs 259400 and the probable charges to Rs 1004,197

2. The Estimate of Receipts has been based on the increase anticipated with reference to the actuals of the past six months and to the extension of the several branches of manufacture both in the Central and District jails. The actual receipts in 1878-79, exclusive of the receipts debitable to the Convict

Convict Labor Fund, amounted, as per accounts rendered by the Accountant General, to Rs 2,11,923. According to the same accounts, for the first half of 1874-75, the probable receipts in 1874-75 will not be less than Rs 2,26,250 or within 50 Rs of the estimate for the year. There is therefore every prospect of the Estimate of Rs 2,59,400 being realized in the ensuing official year.

3. The charges - the Accountant General distributes them in his books and accounts under the following heads -

Inspection and general superintendence -

House of Correction and Penitentiary -

(Sub-Heads) Civil debtors jail
Penitentiary
Central jails
District Jails
Lock-ups.

The Inspector General of Jails adopts the following heads -

Inspection and general superintendence -

Jails -

Stores -

Advances -

Penitentiary and Grand Jails -

Subsidiary Jails -

4. It is very desirable for facility of comparison, so as to enable the Government to pass orders on the Estimates without the difficulty now experienced, that the Inspector General of Jails should prepare his estimate under precisely the same heads as those adopted by the Accountant General. He will do this from 1876-77. Adopting the figures in the Estimate, the following statement shows the actuals for 1873-76, the estimate

estimate for 1874-75 (without excluding the items transferred to the Convict Labor Fund) and the probable charges for 1875-6.

| | Actuals for 1873-74 | Estimate for 1874-75 | Estimate for 1875-76 |
|---|---|---|---|
| | Rs | Rs | Rs |
| Inspection and general superintendence | 36,440 | 36,308 | 33,208 |
| Jails | 547,363 | 590,000 | 589,430 |
| Stores | 5,274 | 2,601 | 3,478 |
| Advances for purchase of raw materials for manufactures | 214,450 | 232,000 | 286,060 |
| Penitentiary and Grand Jail | 108,199 | 57,044 | 72,036 |
| Subsidiary Jails | 41,977 | 20,000 | 20,000 |
| Total | 953,703 | 939,953 | 1004,197 |

5. The Estimate for 1875-76 exceeds both the actuals for 1873-74 and the Estimate for 1874-75 by Rs 50,494, and Rs 64,244 respectively. This is exclusive of any provision for the charge on account of diet of prisoners in subsidiary Jails. The charge, according to G.O. dated the 23rd December 1874 No. 2182 amounts to Rs 47,808 and will find a place in the Jail Budget for 1875-76, and future years. It is not practicable to bring the charge under the supervision of the Inspector General of Jails, nor is it necessary, as it is incurred by the Magistracy, and is duly checked and passed by the Audit department.

6. Inspection and general superintendence Rs 33,208. This is less than the actuals for 1873-4 and the Estimate for 1874-5, and with the exception of the item "Sadar-wood and contingencies," does not admit of reduction. The Sadar-wood and contingencies, judging from past expenditure

expenditure, may be reduced from Rs 1600 to Rs 1,000. It will bring the gross charge down to Rs 32,608. It is noted that an additional provision of Rs 900 is made under "travelling allowance" which is required, now that the Inspector General of Jails will inspect every district Jail once a year, and every Central Jail and the Penitentiary twice in the year.

7. The charge under "Jails" Rs 5,89,430, although in advance of the actuals for 1875-76 by Rs 62,067 is less than the Estimate for 1874-75 by Rs 570. The decrease is not commensurate with the decrease in the number of convicts who have to be provisioned in 1875-76.

The number is no less than 58,000. The fixed establishments under "Guards" exceed the number provided for in 1874-75 by 7, while the charge for the purpose has been raised by Rs 1,782. There is no apparent necessity for retaining the allotment for Sadar and contingencies at the same figures as in the Estimate for 1874-75 viz Rs 40000. The charge for rations will be reduced from Rs 330,300 to Rs 325,000, the allotment for Guards to Rs 91,000, and for Sadar and contingencies to Rs 5,000. These reductions will affect the aggregate charge to the extent of Rs 10,382, and reduce it to Rs 5,79,048. It will still exceed the actuals for

for 1873-74 by Rs 31,685

8. The charge for stores Rs 3473 having been sanctioned in G.O. dated 27th August 1874 Ds 15-96 is passed.

9. Advances for the purchase of raw material* Rs 286,050. These are larger than the amounts taken up in 1873-74 and what have been provided for in 1874-75. It is doubtful whether the full amount will be required in 1875-76, if it is so an additional allotment will be made. The Estimate will in the meantime be fixed at Rs 250,000 viz. Rs 18,000 in advance of the provision for this year.

10. Subsidiary jails Rs 20,000

This

* Rs 214,650
o Rs 232,000

* Rs 20,000 and

* Rs 20,000
47308 +

Rs 70,160

This will be raised to Rupees 70,160.

11. With these alterations the Jail Budget Estimates will stand as follows

Receipts ——— Rs 259,400

Charges

Inspection and general superintendence } Rs 32,608

Jails ——— Rs 5,79,048

Stores ——— Rs 3,475

Advances for purchase of raw materials } Rs 250,000

Subsidiary Jails ——— Rs 70,160

Rs 9,85,289

From this account will be transferred to the Convict Labor Fund (which will now be considered) —

The charge for additions, alterations and repairs to jails ——— } Rs 15,850

which will reduce the charge against Provincial Services, from Rs 10,07,325 (including Rs 72,036) to Rs 991,475.

12. The Convict Labor Fund

Ther

This fund opens with a balance of Rs 49,614 and it is estimated that the income in 1875-76 will be Rs 50,000

99,614

From this amount it is proposed to allot Rs 22,289 for certain Jail Buildings which have been sanctioned. Adding this to the per cent* age of the cost of Public Works Supervision, Rs 5572, and the sum of Rs 15,850 for additions, alterations and repairs" the aggregate charge will be Rs 43,711, and will leave an available balance of Rs 55,903, the disappropriation of all, or a portion, of which will be taken into consideration on the receipt from the Public Works Department, of a list of the subsidiary Jails,

* 25 per cent subject to adjustment

Jails & Central Jail Buildings which it is in contemplation in that Department to provide for from Provincial funds in the ensuing year.

The assignments made from the Convict Labor Fund for Public Works are made on the understanding that the money is not to be diverted to any other work or purpose without the Cognizance and approval of the Financial Department

13. The account current of Receipts and Expenditure on account of Jail manufactures for the year 1873-74 appear to be satisfactory. The result of the year's transactions, summarized, shows that the balance of cash on 1st April /73 was Rs 16,467-7-2
