Proceedings of the Madras Government, Finanicial Department,
11*th February* 1874.

No. 93. Read the following Proceedings of the Board of Revenue, dated 24th January 1874, No. 499 (Miscellaneous) :—

Read again Proceedings of the Madras Government, Financial Department, dated 23rd August 1873, No. 1197, communicating to Presidents of all Local Fund Boards, Proceedings, Public Works Department, bringing to notice a stan ing rule that none but sanctioned works should be included in budgets.

In this Order, Government direct Presidents of Local Fund Boards gradually to enforce the rule of the Public Works Department that none but sanctioned works are to be entered in budgets, and assume that the rule is in itself as applicable to Local Fund Budgets as to Imperial and Provincial Budgets of Works.

2. This, however, is not the case. In paragraph 50 of G.O., 15th December 1870, No. 3044, Public Works Department, the question whether the rule should be made applicable to Local Fund Budgets was raised, it was discussed at some length in G.O., 20th January 1871, No. 134, Revenue Department, and the result of the discussion is embodied in paragraph 30th, clause 2, of the Local Fund Rules which allows unsanctioned works costing mo nan Rupees 1,000 to be entered in the budgets if the estimates for them are likely to be ready within the first four months of the year, and unsanctioned works costing Rupees 1,000 or less to be entered in any case.

3. The Board anticipate great difficulties if the more stringent rule which is in force in the Public Works Department is introduced into the administration of Local Funds. It is not too much to say that the budget of no single year since the Road Fund was inaugurated could have been prepared under such a restriction.
