No. 72. Read the following letter from G. VANSAGNEW, Esq., President of the Municipal Commission, Nellore, to the Hon. W. HUDLESTON, Chief Secretary to Government, Fort St. George, dated Nellore, 5th December 1873, No. 102 :—

I have the honour to submit the Budget Estimates of the Nellore Municipality for 1874-75 in the forms prescribed.

2. The opening balance is estimated at Rupees 3,370, and the receipts at Rupees 28,000, making a total of Rupees 31,370. The expenditure proposed is Rupees 30,546, which would leave a balance of Rupees 824 on the 31st March 1875. The following statement shows the prospects of the several institutions entrusted to the Commissioners :—

For 1874-75.

Particulars.	Expected Balance.	Probable Receipts.	Total.	Probable expenditure.	Closing Balance.
	RS.	RS.	RS.	RS.	RS.
I. Municipal Proper	1,000	20,210	21,210	20,060	1,150
II. Dispensaries	— 640	4,850	4,210	5,820	—1,610
III. Lungerkhana	3,010	2,940	5,950	4,666	1,284
Total ...	3,370	28,000	31,370	30,546	824

3. It will be observed that the dispensaries show a debit which the Municipal Funds will have to meet. The opening minus balance estimated is the result of payments in the current year of charges for medicines for the preceding two years, of the Sub-Assistant Surgeon's Dispensary allowance at Rupees 50 a-month from April 1873, as sanctioned in G.O., Financial Department, 4th June 1873, No. 792, and of his pay which was increased from 100 to 150 Rupees, as per G.O., Public Department, 24th April 1873, No. 417, charges which were not provided for in the budget.

4. The detailed items of receipts and charges for the dispensaries are as follow compared with the current year's budget :—

Receipts.			Expenditure.		
Items.	Probable for 1874-75.	Budgeted for 1873-74.	Items.	Probable for 1874-75.	Budgeted for 1873-74.
	RS.	RS.		RS.	RS.
Interest	470	450	Establishment	3,606	2,400
Rajah's contribution ...	1,800	1,800	Medicines	700	600
Local Fund contribution	1,710	1,710	Diet of patients ...	1,314	1,300
Other contribution ...	200	275	Contingencies	100	200
Sale of Medicines ...	100	175	Repairs	100	140
Government contribution at one-fourth of the salary of the Medical Establishment	570	...			
Total ...	4,850	4,410	Total ...	5,820	4,640

5. Under Receipts, there is a decrease in the items of other contribution and sale of medicines. These contributions used to be paid only by some European residents, several of whom have now withdrawn them. In respect to sale of medicines the decrease is expected from the operation of a rule passed by the Commissioners reducing the charge for medicine to cost price.

6. Under Charges, there is a large increase in the cost of establishment which is composed of—

	1874-75.		1873-74.
	Rs.	Rs.	Rs.
Sub-Assistant Surgeon's pay, at	150	=1,800	1,200
Do. Hospital allowance, at	50	= 600	...
Second-class Hospital Assistant, at	40	= 480	480
Servants' wages, at	60½	= 726	720
Total ...		3,606	2,400

Against this charge credit is taken for Government contribution of 570 Rupees, being one-fourth of the salaries of the Medical Establishment.

II., *Lungerkhana.*—This opens with a balance of Rupees 3,010. The annual grant from Government, which is its only income, amounts to Rupees 2,940, making with the balance Rupees 5,950. The expenditure proposed is Rupees 4,666, which leaves a balance of Rupees 1,284, which will probably also be utilized in improving the institution.

III., *Municipal Proper.*—The receipts under this head are estimated at Rupees 20,210, which is less than the current year's estimate by Rupees 190. This is owing to the house-tax and some other items having been estimated according to the actuals of past years and the assets of the current year up to this month. The difference is small.

(2.) *Charges.*—Under New Works, a sum of Rupees 4,000 is allotted for the water project. The estimate will soon be ready.

(3.) *Under Repairs*, Rupees 4,000 is the estimated sum. It is required for maintaining thirty miles of road in the town.

(4.) *Under Education*, the charge is about 200 more than provided for in the current year's budget. This is owing to the establishment of a girls' school.

(5.) *Under Conservancy*, the cost is raised to Rupees 5,260 which is above the current year's budget provision by Rupees 540. This increase has been allowed, owing to its being necessary to raise the pay of the Scavenging Establishment. In the other items there are but small variations. The rate and taxes proposed are the same as in the current year, and are shown in detail in the note under Statement I.

Proceedings of the Madras Government, Financial Department, 9th February 1874.

No. 73. ORDER THEREON, 9th February 1874, No. 216.

The subjoined table shows the estimates of the Nellore Municipality for 1874-75 compared with those for the current year:—

2. The increase in the Dispensary Establishment necessitates an increased assignment from Provincial Funds. The entry of "Pound Collections" as a sub-head under "(9) Magistra e fines" requires explanation. The only revenue from Pounds to which the Municipality can lay any claim is one-half of the surplus Pound Fund, and any entry on that account should appear as an "Assignment by Government." In Statement I.-A, the negative balance of the dispensary should not have been brought forward, as deficits are to be met from the Municipal Fund. With this emendation the deficit balance for 1874-75 will be Rupees 970 only instead of Rupees 1,610.

3. The allotment for New Works includes a provision of Rupees 4,000 for the "Water Project." The Government desire a full report on the nature of this scheme which seems likely to absorb so large a propotion of the Municipal Funds. Some further information should also be given regarding the improvement to the Lungerkhana on which it is proposed to spend Rupees 2,000.

Subject to the above remarks, the budget is passed as submitted, and the usual notification will issue.

NOTIFICATION.

The increase in the Dispensary Establishment necessitates an increased apigniment from Provincial funds. The entry of "Pound Collections" as sub. head under (9) Magistrate fines, requires explanation The only revenue from Pounds

(10) 5

Pounds to which the Municipality can lay any claim is one-half of the surplus Pound fund and any entry on that account should appear as an "apignment by Government". In statement I A the negative balance of the Dispensary should not have been brought forward, as deficits are to be met from the Municipal fund. With this emendation the deficit balance for 1874.75 will be Rupees 970 only instead of Rs 1610.

The allotment for New Works includes a provision of Rs. 4000 for the "Water Project." The Government desire

a

a full report on the nature of this scheme which seems likely to ~~before permitting~~ the large proportion of the ~~Commencement of a work~~ Municipal funds ~~of so expensive a Character~~.

Some further information should also have been given regarding the improvement to the Kangar Lunghierkhana on which it is proposed to spend Rupees 2000.

Subject to the above remarks, the budget is passed as submitted, and the usual Notification will issue.

I find that provision was made for it in the current year's budget under the head of "Roads & Reservoirs" and in the ~~budget~~ revised budget Rs 252 is shown against "Reservoirs ~~of the~~ or water projects" - In the present statement to the Council "part expenditure" is left blank which would indicate that the corrections of the statement could be relied on (which it cannot) that it was not expected that any portion of the allotment for the current year would be utilized.
