*Proceedings of the Madras Government, Financial Department,
2nd March 1874.*

No. 4. Read the following letter from J. HOPE, Esq., President of the Municipal Commission, Kurnool, to the Hon. W. HUDLESTON, Chief Secretary to Government, Fort St. George, dated Kurnool, 20th December 1873, No. 16:—

With reference to G. O., No. 820, dated the 11th July 1867, I have the honour to forward the estimates of the probable receipts and disbursements of the Kurnool Municipality for the year 1874-75.

2. Adverting to the latter part of paragraph 3 of G. O., No. 378, dated the 20th March 1873, suggesting the desirableness of abolishing the trade-tax, I beg to state that the Commissioners do not feel at liberty, in the present state of their finances, to abolish the tax altogether. As, however, great difficulty is experienced in the realization of the tax from the poorer classes they have resolved to exempt the last three classes—six, seven, and eight—of Schedule B., thus sacrificing a revenue of about 1,000 Rupees, and I have the honour to request that Government will be pleased to sanction their proposal under the latter part of Section 38 of the Municipal Act.

3. This proposal for the reduction of the trade-tax together with the transfer of proceeds of cowdung to 7, Miscellaneous accounts for the decrease which appears under the head of 3, Taxes in the estimate of receipts.

No. 4-A. MINUTE by the Hon. W. ROBINSON, c.s.i., dated 4th February 1874.

I consider that the sum allotted for Travellers' Bungalow must be struck out and otherwise allotted with reference to my recent Note about to be converted into a Minute.

(Signed) W. ROBINSON.

2. The entry of Rupees 1,800 under "Tax on Arts" must be struck out, the Government, in their Order quoted by the President, having done more than merely suggest the desirability of the abolition of that impost. This will necessitate a reduction of Rupees 800 in the expenditure, which the Government will leave the Commissioners to adjust, reporting the decision they arrive at. The Government must again point out that the provision for water supply should not appear under Grant IV. but under "New Works" if, as they believe, it is intended to be expended on the development of a new project. The report above called for should also supply information on the point.
