No. 8. Read the following letter from E. B. POWELL, Esq., M.A., C.S.I., Director of Public Instruction, to the Hon. W. HUDLESTON, Chief Secretary to Government, Fort St. George, dated Madras, 2nd February 1874, No. 152:—

Referring to G.O. of the 27th December 1873, No. 1899, of the Financial Department, I have the honour to append a letter from the Principal of the College, No. 579, of the 26th ultimo.

2. It will be seen that Lieutenant-Colonel Rogers gives reasons for the estimate for the Civil Engineering College for 1874-75 being in excess of the actuals for 1872-73, and that he declares it impracticable to make any reduction on the amount sanctioned by Government, viz., Rupees 41,930.

COPY of letter from the Principal of the Civil Engineering College, to the Director of Public Instruction, No. 579-C, dated 26th January 1874.

With reference to G.O., No. 1899, in the Financial Department, dated 27th ultimo, I have the honour to inform you that I estimated the requirements of the College for 1874-75 on the same scale as that estimated for the current year, notwithstanding that this amount was in excess of the actuals for 1872-73, because many of the reductions effected in that year could not be considered as permanent; for instance during that year none of the Native Sappers and Miners applied for any of the ten stipends available for them, and in a variety of items a saving was effected which it may not be possible to continue in succeeding years.

2. It will not be possible for any reduction to be made on the amount passed, viz., Rupees 41,930, because provision will have to be made for the purchase of instruments, which, when the College was in the Public Works Department, were supplied by that Department without payment, but which now will have to be paid for, owing to the transfer of this institution to the Educational Department.

3. The difference of military pay and allowances for myself on promotion to Lieutenant-Colonel will also have to be provided.

No. 9. ORDER THEREON, 2nd March 1874, No. 334.

The Governor in Council desires that it be pointed out to the Principal of the Civil Engineering College that under the Notification of the Government of India, dated the 10th October 1872, No. 3409, the difference between his consolidated pay, and the pay of rank on his promotion to Lieutenant-Colonel, will form a debit against the Military Department.

2. In the Budget Estimate of the Civil Engineering College for 1874-75 an allotment of Rupees 5,204 has been made for "Military Allowances," in addition to the consolidated pay of Rupees 7,200. The Accountant-General will ascertain and report whether the allowances in question are chargeable to the Civil or Military Department.

3. Provision has also been made in the estimate for Rupees 300 for the "purchase of instruments." It is presumed that no *additional* provision is necessary during 1874-75.

Proceedings of the Madras Government, Financial Department,
2nd March 1874.

4. The Director of Public Instruction will obtain and furnish, for the information of Government, the details of the item "Stipends Rupees 3,600" entered in the estimate.
