No. 92. Read the following Proceedings of the Board of Revenue, dated 7th February 1874, No. 240:—

Read the following letters:—

From W. S. FOSTER, Esq., President of the Local Fund Board, Godavery District, to J. GROSE, Esq, Secretary to the Board of Revenue, dated Cocanada, 11th November 1873, No. 82

I HAVE the honour to submit, for sanction, the accompanying six estimates for gravelling the marginal roads, together with six survey books.

		Rs
1.	Gravelling road from Peravali to Pruttipad, *via* Duvva...	22,220
2.	Do. do. along east bank of Nursapur canal from Nursapur to Peravali lock	59,400
3.	Do. do. from Peravali to the bank of the canal at Khandavilly	8,350
4.	Do. do. from Vasista Godavery at Koderu to Attily ...	63,300
5.	Do. do. from Palcole to Doddipatla	32,450
6.	Do. do. from Palcole to Veeravasaram	28,550

2. The estimates were received in my office in June last, and, as the Ellore Local Fund Board pointed out no source from which funds can be allotted to these works, they were requested to supply the omission.

3. The Local Fund Board forwarded them again with the accompanying letter from the Vice-President, with a request that they may be submitted for the sanction of Government.

4. They further proposed, at the request of the District Engineer, to transfer a sum of Rupees 5,000 from the allotment made to the road from Ellore to Hyderabad frontier (Item No. 3 of the Ellore Circle budget for 1873-74) to the first of the above marginal works.

5. The District Engineer has now informed me that the estimate (Rs. 59,400) for gravelling the second of the above marginal roads includes the sum of Rupees 2,500, sanctioned in the Revenue Board's Proceedings, dated 29th September 1873, Miscellaneous No. 6495, for gravelling the Nursapur canal road from the Nursapur lock to Taylorpetta bridge, and that this sum should, therefore, be deducted from the estimate.

6. The Local Fund Board stated that funds can hereafter be allotted to the rest of the roads either by transfer of funds or from the Road Fund balance, which was left unspent at the close of the last official year.

7. Under these circumstances, I request that sanction may be accorded to the estimates and to the above transfer of funds

ENCLOSURE No. 1.—Letter from Vice-President of the Local Fund Board, Ellore Circle, dated 30th June 1873, No. 47.

ENCLOSURES Nos. 2 to 7.—Estimates.

From the same Officer, dated Cocanada, 18th December 1873, No. 91.

WITH reference to the official memorandum of the Board of Revenue, dated the 19th November 1873, No. 1806, I have the honour to inform you that the District Engineer has informed me that all the roads alluded to in the memorandum under reply having been done years ago, it was determined by the Ellore Circle Board to gravel these roads, so as to make them passable for bandies as soon as possible.

Proceedings of the Madras Government, Financial Department,
11th March 1874.

THE estimates for gravelling six roads, at a cost of Rupees 2,14,270, will be submitted for the sanction of Government.

		RS.
1.	From Peravali to Pruttipad, *via* Duvva	22,220
2.	Along the east bank of the Nursapur canal from Nursapur to the Peravali lock	59,400
3.	From Peravali to the bank of the canal at Khandavilly	8,350
4.	From Vasista Godavery to Koderu to Attily	63,300
5.	From Palcole to Doddipatla ...	32,450
6.	From Palcole to Veeravasaram ...	28,550
	Total...	2,14,270

2. The Board have already sanctioned an estimate for doing a portion of the work on the second road at a cost of Rupees 2,500, and the Local Fund Board propose to provide Rupees 5,000 for the first road by a transfer. No funds are available for the rest.

3. The only explanation given of the need of the work is that the roads are already in existence, and that the Local Fund Board think they should be made "passable for bandies" as soon as possible.

4. In the Ellore Budget of 1873-74, Rupees 62,440 are allotted for new works and, at this rate, it will take five or six years to complete the sanctioned work, which are entered in the budget. Under these circumstances, fuller explanation should have been given of the need for undertaking fresh work which will cost Rupees 2,11,770.
