Proceedings of the Madras Government, Financial Department,
12th March 1874.

No. 94. Read the following Proceedings of the Board of Revenue, dated 13th February 1874, No. 965 (Miscellaneous) :—

Read the following letter from J. H. GARSTIN, Esq., President of the Local Fund Boards, South Arcot District, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Cuddalore, 4th February 1874, No. 12 :—

I have the honour to submit, for the sanction of Government, an estimate of Rupees 8,850 for remetalling the 126th and from 131st to 135th miles of the road from Viravandi to Combaconum, together with a copy of the District Engineer's letter* forwarding the same, and to request that, under the circumstances therein represented, early sanction may be obtained and the Accountant-General be requested to place Rupees 4,000 at the disposal of the Public Works Department from the current year's Road Fund Reserve of the Virdachellam Circle for the above work.

* Dated 17th December 1873, No. 248.

2. Having regard to paragraph 4 of the District Engineer's letter, I have availed myself of the provisions of Rule 42 of the Local Fund Rules, and authorized the work to be proceeded with as an emergent one in anticipation of sanction.

3. A copy of the resolution of the Local Fund Board on the subject is enclosed for the Board's perusal.

From R. E. NORFOR, Esq., District Engineer, South Arcot, to J. H. GARSTIN, Esq , President of the Local Fund Boards, South Arcot, dated Cuddalore, 17th December 1873, No. 248.

I have the honour to submit, for the approval of the Local Fund Board, Virdachellam Circle, and for transmission in due course for the sanction of Government, an estimate, amounting to Rupees 8,850, for repairing the 126th and from 131st to 135th miles of the road from Viravandi to Combaconum.

Enclosure one.
One estimate.

2. This estimate has been prepared by the Range Officer on my orders, as, when I last inspected the road, I found it in places almost impassable. In the cyclone year (1871) this road was considerably breached, and, although the embankments have been thrown up, they have not been metalled, the soil is bad and the road cannot be put in proper order from the maintenance grant. I consider the proposed repair emergent, and it should be at once carried out, and request, therefore, that early sanction be obtained to the estimate and to an assignment of funds to the extent of Rupees 4,000 for this year.

3. I think there is a large sum available for other services by the allotment proposed for the reconstruction of the Mutloor Bridge having been struck out by the Board of Revenue.

4. If the estimate now submitted be sanctioned at once from the source above pointed out, and if authority be granted for commencing the work in anticipation of sanction, as an exceptional case, every endeavour will be made for completing it to the extent of grant by the end of March next, utilizing thereby a portion of the amount that will be left idle at the end of the current official year.

At a Meeting of the Local Fund Board, Virdachellam Circle, held on the 26th January 1874, at Virdachellam.

PRESENT.

F. R. H. Sharp, Esq., Vice-President.	M. R. Ry. Nataraja Pillai.

Proceedings of the Madras Government, Financial Department,
12th March 1874.

Read President's docket, No. 508, dated 18th December last, forwarding an estimate for Rupees 8,850 for repairing 126th and from 131st to 135th miles of the road from Viravandi to Combaconum.

9. Resolved that the estimate be sanctioned, and Rupees 4,000 be allotted from the current year's Road Fund Reserve for the work.
