Proceedings of the Madras Government, Financial Department,
16th March 1874.

No. 147. Read the following Proceedings of the Board of Revenue, dated 5th March 1874, No. 495 :—

Read the following letter from J. R. COCKERELL, Esq., Commissioner of the Nilgiris, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Ootacamund, 30th January 1874, No. 7 :—

In Government Order, Financial Department, dated 22nd April 1872, No 552, the Government direct that the Brahmin Chuttrum at Ootacamund be kept up as a free one, and that an establishment, at Government cost, of 10 Rupees a-month, be maintained. The facts of the case are that the building belonged to one Subba Row, who gave it up to Government in 1850, on condition Government converted it into a chuttrum, and kept it in repair. It is situated near the market.

2. The building has fallen into a dilapidated condition. The District Engineer considers the back part must be totally rebuilt, as it is in such a state that repairing it is out of the question. The foundations even are unable to carry a new superstructure, and must be replaced. The front of the building is susceptible of being repaired.

3. I have the honour to submit two estimates for sanction for the work.

Enclosures Nos. 1 and 2.—Estimates.

Enclosure No. 3.—Plan.

The two estimates—one for repairing the front portion of "Subba Row's" Chuttrum at Ootacamund at a cost of Rupees 200, and the other for reconstructing the back portion at a cost of Rupees 1,620—will be submitted for the orders of Government.

2. The building was made over to Government in 1850 on the condition (amongst others) that it should be kept in repair.

3. From G.O., dated 22nd April 1872, No. 552, it appears that the Municipality have refused to take charge of the building. In one of the letters From the Commissioner to the Board, dated 13th May 1871, No. 49. recorded with that order the Commissioner says "the chuttrum is now in fair condition and needs no repair that I am aware of." If this was really the case in 1871 the building must have been much neglected since.

It is situated near the market.

2. The building has fallen into a dilapidated condition. The District Engineer considers the back part must be totally re-built, as it is in such a state that repairing it is out of the question. The foundations even are unable to carry a new superstructure, and must be re-placed. The front of the building is susceptible of being repaired.

3. I have the honour to submit two estimates, for sanction, for the work.

ENCLOSURES Nos. 1 and 2.—Estimates.

ENCLOSURE No. 3.—Plan.

THE two estimates, one for repairing the front portion of "Subba Row's" Chuttrum at Ootacamund at a cost of Rupees 200, and the other for re-constructing the back portion at a cost of Rupees 1,620, will be submitted for the orders of Government.
