No. 515.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 7th March 1874.

Read the following letter from J. R. DANIEL, Esq., Acting Collector of Vizagapatam, to J. GROSE, Esq., Secretary to the Board of Revenue, dated 29th January 1874, No. 101 :—

IN my letter No. 1,108, dated 24th July 1873, submitted to Government, with Board's Miscellaneous No. 5,543, dated 1st September 1873, I had the honour to request you would obtain the sanction of Government for the payment of Rupees 68,330-9-2 to the Maharajah of Vizianagaram, on account of compensation and annual assessment up to Fasli 1282 for lands taken up for the Trunk Road, situated in his Zemindari. Of this amount, Rupees 48,764-4-0 are payable to the Maharajah for his Zeroyati lands, and the remaining sum of Rupees 19,566-5-2 to the Inamdars, etc., in his Estate. The kist payable by the Maharajah for February 1874 is Rupees 1,00,120.

2. The Superintendent of his Estates now requests me to obtain sanction for giving credit to the extent of Rupees 68,330-9-2 in the amount of Peishcush to be paid in February next.

3. But as only Rupees 48,764-4-0 are due to the Maharajah for his Zeroyati lands, I have the honour to request you will be good enough to obtain the sanction of Government to deduct this amount from the Peishcush due, and to authorize me to pay the remaining sum of Rupees 19,566-5-2 to the Inamdars concerned.

SUBMITTED for the orders of Government.

2. In G. O., dated 22nd October 1872, No. 1,438, Government required certain information before passing orders regarding a claim for Rupees 63,233 for land taken up in making the Great Northern Road.

3. The information was given in the letter from Vizagapatam submitted in Board's Proceedings, dated 29th May 1873, Miscellaneous No. 3,249. In their Proceedings of the 1st September 1873, No. 5,543, the Board submitted another letter showing that Rupees 5,098 must be added to the claim for the assessment of the land in Faslis 1281 and 1282. No orders have yet been passed and a further sum will probably have to be paid for the assessment of Fasli 1283.

4. The Maharajah of Vizianagaram to whose Estate the land belongs requests that the Rupees 68,331 may be deducted from his February kist. The Collector states that Rupees 48,764-4-0 of the sum is payable to the Maharajah and may be taken as a set off against his kist, and that Rupees 19,566-5-2 must be paid to Inamdars, etc.

Statement Showing the Condition of the Trunk Road in the Vizagapatam District.

Items	Particulars	Nos	Remarks.
1.	Total length in Miles	Miles 116.	The total length of the Trunk Road in this District from Cuni to Chicacole is 116 miles.
2.	... do ... made and in good order ...	5	A portion of the Trunk road can be said to be in good order; but the 5 miles from Vemulavalasa to Chittivalasa is usually in fair order, having been metalled with gravel throughout, and being allowed a Maintenance grant of 200 Rupees per mile, while no other part has more than 100 Rupees.
3	... do ... do in bad order.	91.	The remaining 86 miles are in bad order. But about 45 miles of these have at some time been metalled with gravel; the cause of their present bad condition is the insufficiency of the maintenance grant of only 100 Rupees per mile, while there is often for months at a time a very heavy traffic. The remaining 40 miles towards Cuni are in a very incomplete state, as regards earthwork as well as bridging and metalling.
4.	Total length unmade or impracticable for cable	20	Twenty miles at the Chicacole end are quite unmade, and impracticable during the rainy season.
5	Number of Streams Crossed.	472	The total number of streams upon the line is 608 of these 472 have been bridged, the remaining 136 include 3 large bridges at Pongole, the Rondada river, and the Rondivalsa Gedda, about 22 miles from Chicacole.
6	How far needed for traffic of or through district	—	As this road runs across the whole drainage of the country, between the eastern Ghauts and the sea, and is only partially bridged, it is necessarily quite impassible during the rains; but during the dry season there is a considerable traffic along it, and in times of scarcity it is the great high road by which the supplies of the Godavery delta are conveyed to all parts of this District.
7	Estimated Cost of repairs &c	Rupees 498300	In the year 1868-69 detailed estimates were prepared for the whole line, for completing the 86 miles for repaired wheel traffic. These estimates Amounted to Rupees 574,000, including the following 3 large bridges, Pongole 10160 Rondada 4360 Rondivalsa 3580 89560 The expenditure on New Works and improvements against this estimate has been Rupees 75,700 leaving a balance of Rupees 498300 now required to complete the road.
8.	Provision for repairs &c in current years Budget.	10,100	In the Budget of the present year 91 miles are provided with a Mileage allowance of 100 Rupees per mille and 5 miles with 200 Rupees per mile. The remaining 20 miles towards Chicacole, being totally unmade is not provided with any grant.
