Proceedings of the Madras Government, Financial Department,
13th April 1874.

No. 91. Read the following circular from E. F. HARRISON, Esq., Comptroller-General, to all Accountants-General, dated Calcutta, 24th March 1874, No. 166 :—

I have the honour to inform you that the accounts of Bengal and Assam will be separated from 1st April next, and forward herewith, for distribution to your Treasury Officers and for your own guidance, lists of the treasuries in the two provinces.

2. Commencing from that date you will exchange accounts-current with the Deputy Accountant-General of Assam, whose head-quarters will be at Shillong, and will exhibit therein all transactions with those districts having their origin after the commencement of the year 1874-75. Debits or credits to you for transactions in those districts before 31st March will have appeared in the account of the Accountant-General, Bengal, and consequently your answering entries and any correspondence must be addressed to him; and if any cash transaction communicated by the Deputy Accountant-General answer an entry you have made against Bengal, you should, while acknowledging it, write back your former entry in the Bengal account.

3. For some months the statements of bills issued and paid—other Governments—will need careful scrutiny before you can post from them, and this is especially the case with the latter class, as for the present Assam treasuries will be issuing bill forms printed in the same colour with Bengal; accordingly the entries in those two columns should be checked before totals are posted. I must remind you, however, that bills drawn on your treasuries by those in Assam before 1st April, though paid after that date, must be shown against Bengal in your abstracts and returns.

4. In all statements submitted by you to this office or to Government, the names of the different Governments and Administrations must be arranged in the order given in the margin; the order given for other Governments in paragraph 58 of my Circular 144 (Bill Rules) should be corrected accordingly.

* In most Bengal districts are several sub-divisional treasuries at which the officer in charge of the Head Quarters treasury may be able to make a bill payable on the holder's application: a list is annexed. But it must be understood that the holder of a bill cannot demand such convenience, and that it will not be afforded if loss or inconvenience is likely thereby to be caused to the ordinary business of the State. In case of loss of a bill so enfaced delay is likely to occur in payment of a duplicate.
