Proceedings of the Madras Government, Financial Department,
18*th April* 1874.

No. 129. Read the following Proceedings of the Board of Revenue, dated 9th April 1874, No. 2366 (Miscellaneous):—

Read the following letter from J. R. COCKERELL, Esq., President of the Local Fund Board, Nilgiris, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Ootacamund, 26th February 1874, No. 4 :—

In my Local Fund Budget for the current year a provision of Rupees 300 was made under Grant II. to meet the Educational Inspectorate Charges. Out of this sum Rupees 125 were disbursed to the Coimbatore Local Fund Board, as directed in G.O., 21st July 1873, No. 1037, Financial Department, so that there should be still an available sum of Rupees 175 under this head; but Government in reviewing the Ootacamund Municipal Budget reduced the amount of contribution on account of Educational Inspection by that Municipality to Rupees 50, which necessitates a like reduction in the expenditure so as to balance the General Fund, and consequently the sum now available is Rupees 125.

2. The Coimbatore Local Fund Board have now applied to me for the Budget allotment of Rupees 300, and Rupees 125 can only be remitted. As I am at a loss to provide for the balance, I trust the Board will move Government to take into consideration the peculiar circumstances under which this circle is placed by the discontinuance of the House-tax, and to reconsider the grant for the current year, as promised in paragraph 3 of the Government Order above cited.

3. I shall submit my proposals for the establishment of schools in this circle shortly.

Submitted for the orders of Government.

No. 130. ORDER THEREON, 18th April 1874, No. 613.

In G.O., dated 21st July 1873, the Government decided, with reference to an application similar to the above, that it was too late after the close of the year to reopen the consideration of the grounds on which the amount of the contribution was determined upon, and directed the President to submit his proposals for a reconsideration of the contribution for the year 1873-74.

2. The present letter can hardly be called a reply to that order, as it merely amounts to a request that Government will themselves reconsider the contribution, and the late date at which it has reached Government renders it necessary again to direct, for the same reasons, that the balance due be made good from the funds available in the current year.
