S.J.14
2-6-10.

Read the following papers;—

No. 141. From H. S. THOMAS, Esq., President of the Municipal Commission, Mangalore, to the Hon. W. HUDLESTON, Chief Secretary to Government, Fort St. George, dated Haladi, 16th January 1874, No. 17.

In conformity with the provisions of Section 32 of the Towns Improvement Act III. of 1871, I have the honour to submit the Budget Estimates of Receipts and Charges of the Municipality of Mangalore, for the ensuing official year 1874-75, in the forms prescribed in G.O., dated the 28th October 1871, No. 1646.

2. RECEIPTS.—The estimated receipts from all sources amount to Rupees 14,500, being Rupees 5,910 below those of the current year. This is owing to the Profession-tax being omitted, as directed in G.O., dated the 19th May 1873, No. 698, Financial Department.

3. *Allotments by Government.*—Mr. L. Garthwaite, the Inspector of Schools, 6th Division, urged in a meeting, specially convened for the consideration of this budget, that the usual allotment of Rupees 900 on account of results grants was quite insufficient, as the grants would, without any new schools, amount to Rupees 1,600 next year. In view of the limited funds at their disposal, the Commissioners have no other alternative than to ask the Government to contribute the sum of Rupees 700, the difference between the usual allotment and the amount required, and they trust the Government will be pleased to grant the same.

4. *Rates on Houses, &c.*—The Government will observe that the estimate of collections under this head has been increased by 1,000 Rupees. The Commissioners think that a fresh valuation of rental of houses and other buildings should be made for the next year, none having been made since the one effected on the first organization of this Municipality. Considerable improvements have since taken place in the town, and the rental of houses has increased. This may yield the excess sum budgeted for.

5. *Taxes on Arts, &c., Current.*—This has been omitted as was required by Government in their Order, dated the 19th May 1873, No. 698, Financial Department.

6. *Registration of Carts.*— Seeing that the municipal roads are more damaged by carts than by carriages, the Commissioners are of opinion that the fees for the registration of carts may be slightly increased, and accordingly recommend that they be fixed as below for the coming year—

Rupees 2 per annum for carts drawn by a single animal.
„ 4 „ „ „ by two animals.

7. *Tolls.*—The Commissioners propose to levy in the ensuing year the maximum rate of tolls allowed by the Act, and have, therefore, increased their estimate of collections from this source. In their Order, No. 460, dated the 6th April 1872, Financial Department, the Government had disallowed the maximum rates for 1872-73, on the ground that no inconvenience would thereby be caused to the Municipality. But, as the Municipal Funds have now been reduced by nearly one-half, by the intended abolition of the Profession-tax, the Commissioners hope that the full rates will be sanctioned. As the tolls have to be rented out before the commencement of the next official year, or by the end of March next,

it is hoped the Government will be so good as to accord their sanction to this proposal, as early as possible, so as to admit of the tolls being rented out in time.

8. *Endowments and Sundry Contributions.*—As may be naturally expected, private subscriptions on account of the dispensary have been gradually falling off since it has been made a municipal institution. Hence the low estimate under this head.

9. *Contributions from Local Funds on account of the Civil Dispensary.*—The Commissioners consider that it is but fair that the charges connected with the Civil Dispensary should be shared equally between the Local and Municipal Funds. The charges, as shown in Statement II.-A, amount to Rupees 2,500. The receipts accruing to the dispensary from private subscriptions, as well as from interest on the invested capital, are Rupees 100. Deducting this sum from the probable charges, viz., Rupees 2,500, which the Civil Surgeon and the Commissioners think cannot be reduced, there remains a sum of Rupees 2,400 to be made up. Out of this the Municipality will pay Rupees 1,200, and the remaining Rupees 1,200, they think, should be contributed from the Local Funds.

10. CHARGES.—*New Works.*—Consequent on the diminution of income, and the desire of Government that the expenditure should be reduced to accord with the deficit, the Commissioners have refrained from proposing any *new works* for execution during the next year; though there is enough to be done in this direction, the Municipal Market being the first work which has to be kept in abeyance for want of funds.

11. *Repairs, Communications.*—The Commissioners have reduced the expenditure under this head by Rupees 1,000.

12. *Establishment, Public Works.*—The expenditure under this head also has been reduced by nearly half.

13. *Education, Results Grants.*—To meet the educational wants of the town, Mr. Garthwaite, the Inspector of Schools, considers that an increase of Rupees 700 over the usual allotment on account of results grants is indispensably necessary. Provision has, therefore, been made for this additional charge on the understanding that the Government will sanction the grant asked for in paragraph 3.

14. *Training Schools, Contribution to the Mangalore Normal School.*—The Commissioners are of opinion that no contribution need be paid for the Normal School, as the schools for which the Municipality pays results grants are not taught by, and do not generally require, trained teachers. No provision has, therefore, been made under this head.

15. *Contribution to Local Funds for Educational Inspection.*—At the recommendation of Mr. Garthwaite, the Commissioners propose that, instead of the usual contribution of Rupees 530 on account of Educational Inspection, an Inspecting Schoolmaster, on a monthly salary of Rupees 20, may be entertained to superintend the teaching in the schools aided by the Municipality. This is provided for.

16. *Sanitation and Medical Services, Mangalore Civil Dispensary.*—The Civil Surgeon in charge of the dispensary is of opinion that, if the dispensary is to be maintained in its present satisfactory state, a provision of not less than Rupees

Proceedings of the Madras Government, Financial Department,
18th April 1874.

2,400 should be made for the ensuing year. The Commissioners fully concur in the opinion of the Civil Surgeon, and have accordingly provided the required amount.

17. *Vaccination.*—The Commissioners think with the Civil Surgeon that, when small-pox is not prevalent in the town, one vaccinator is sufficient. They, therefore, propose to dispense with the services of the other vaccinator from the commencement of the next official year.

18. *Registration of Births and Deaths.*—No saving can be effected under this item.

19. *Conservancy Establishment.*—A saving of about 700 Rupees has been effected under this item by a reduction of ten sweepers.

20. *Hire of Conservancy Carts.*—The Commissioners have resolved to dispense with the three hired night-soil carts drawn by bullocks, which cost the Municipality about Rupees 800 a-year, and to construct, by the end of the current official year, five hand carts of their own, which will be dragged to the places where night-soil is buried by the municipal toties. No provision has, therefore, been made under this head.

21. *Conservancy of the Cantonment.*—The Commissioners consider that a reduction in this allowance is indispensable. It seems but fair that the military should have no more than a proportionate share of the general outlay on conservancy in the town, calculated on the population of their cantonment. This will give the following result:—

Population of the town, exclusive of the cantonment	26,460
,, of the cantonment	2,350
Conservancy charges of the town	Rs. 3,615

The conservancy charges for the cantonment should, therefore, be fixed in round numbers at Rupees 325.

The Commissioners beg to note here that this amount, viz., Rupees 325, is not much less than the revenue the Municipality derives from the buildings in the cantonment, &c.

22. *Killing stray Dogs.*—This is a new item introduced in the Municipal Budget, but one which, the Commissioners think, should be a proper charge on the Municipal Funds, for stray dogs are, from their incessant barking at night, very annoying to the townspeople, and are sometimes rabid. The small provision made, viz., Rupees 200, is not more than is necessary.

23. *Lighting.*—The Commissioners regret the necessity of having to stop the lighting of the streets for want of funds, though it was a great desideratum.

24. *Supervision and Management.*—By the abolition of the Profession-tax, the office work will, in some measure, be reduced. The Commissioners have, therefore, reduced the expenditure under this head by Rupees 620.

25. *Closing Balance, Endowments.*—The Civil Dispensary is not in need of any permanent improvement, and it is the desire of Government (*vide* G.O., No. 1809,

dated the 18th December 1873), that except for any such improvement the accumulated funds of a dispensary should not be drawn upon. The funded capital of the dispensary (Rupees 1,000) has, therefore, been allowed to remain intact.

No. 142. From H. S. THOMAS, Esq., President of the Municipal Commission, Mangalore, to the Hon. D. F. CARMICHAEL, Acting Chief Secretary to Government, Fort St. George, dated Mangalore, 1st April 1874, No. 75.

By telegram dated the 30th ultimo Government have been pleased to sanction the levy of tolls at the maximum schedule rates, and this change came into force this day.

2. Registration of carts and other vehicles without springs and licenses for carriages, horses, and other animals, as required by Sections 65 and 74 of Act III. of 1871, cannot be delayed as otherwise the toll-collectors may legally demand the payment of tolls on such unregistered carts and unlicensed carriages and other animals. Now that the tolls have been raised to the maximum rates owners of carts, carriages, and animals traversing the toll-gates from within the Municipality almost daily may be liable to serious loss unless they are registered by the Municipality.

3. I beg, therefore, to request that the Government will be pleased to favour me by wire with their orders for registration of carts and for licensing carriages and animals at the rates proposed in the Budget for 1874-75, now before them.

No. 143. MINUTE by the Hon. W. ROBINSON, C.S.I., dated 28th February 1874.

I regret that I am unable to join in this draft.

2. The abolition of the sound and well-established Indian tax on professions *(Moterfa)* has driven the crippled Commissioners to propose objectionable enhancements of general taxation in order to meet obligations curtailed to inefficiency under some heads.

3. They propose to enhance Tolls and to throw on the general trade of a seaport town the deficiency created by suspending a proper city tax. I consider this inadmissible. And they intend to exact higher rates on the development of wheel carriage so much needed in India, and especially on the West Coast. Further, an enhancement of taxes on house property seems to be before the whole population. I cannot acquiesce in the approval of all or any of these expedients.

4. On the expenditure side they are obliged to give up every new work and to curtail needful repairs. The claims of education cannot be met, and no saving on the conservancy (both of the town and military cantonment) can commend itself. Lighting, too, has to be abandoned.

5. Under these circumstances, I must urge retention of the professional-tax and that the Budget be returned for revision on this basis.

(Signed) W. ROBINSON.

No. 144. ORDER THEREON, 18th April 1874, No. 622.

The following shows the Budget Estimates of the Mangalore Municipality submitted for the year 1874-75 compared with those for 1873-74 :—

Balances	995	1,000
Total ...	30,595	16,000

2. The loss of Rupees 8,000 by the abolition of the profession-tax would reduce the revenue of the Mangalore Municipality for the year 1874-75 to Rupees 12,720 if no change were made in the existing taxation, and consequently after making every possible reduction in the expenditure the Commissioners have proposed to increase the fee for the registration of carts and to raise the tolls to the maximum rate. The Government desire to do away with the profession-tax as far as possible throughout the Presidency, but the Budget now submitted shows that the complete and immediate adoption of such a measure in the case of this Municipality would have the effect of seriously diminishing the usefulness of the institution, and under these circumstances His Excellency in Council resolves to authorize its retention except in the case of persons falling within the sixth, seventh, and eighth classes of Schedule B. This exception will probably have the effect of

	RS.	RS.
Income, less balance brought forward as shown in Budget		14,500
Increase in Tolls	980	
Do. in Registration of Carts.	100	
		1,080
		13,420
Deduct new assignment asked but disallowed		700
Total ...		12,720

reducing the receipts from the tax considerably below the amount entered in the Budget for 1873-74, but the approval of Government to the levy of tolls at the maximum rates has already been intimated by telegram. The fees for the registration of carts may remain at the old rates.

3. With the additional funds at their disposal under the above order the Commissioners will be able to continue the erection of the new market and to make sufficient provision for Results Grants without requiring assistance from Provincial Funds. The omission of the contribution on account of Training Schools was correct as all charges of the kind are to be met from Provincial Funds from 1874-75, and no contribution for inspection need be paid unless the Municipality avail themselves of the services of Inspecting Schoolmasters paid from Local Funds. Under any circumstances the sum due to Local Funds on account of inspection would be very much less for 1874-75 than for last year, and, unless there is sufficient work in the Municipality to occupy the full time of a separate Inspecting Schoolmaster, the appointment cannot be commended on the ground of economy.

4. The allotment for the other objects of municipal expenditure should be revised with reference to the estimated receipts obtainable with the partial retention of the profession-tax. The funded capital of the dispensary need not be shown in Statements I. and II., and as the negative balance is annually made good from Municipal Funds it need not be brought forward in Statement I.-A. The proposal that expenditure on the dispensary in excess of its independent income should be borne equally by Municipal and Local Funds seems a fair arrangement, and the Budget is passed subject to the remarks above made.

(Signed) D. F. CARMICHAEL,
Acting Chief Secretary.

No. 141

Mangalore Municipal Commissioners Office
Despatched from Kotacode, 16th
January 1874.

From

H. S. Thomas Esqr.
Chairman of the Municipal Commission.
Mangalore

To

The Honble W. Huddleston,
Chief Secretary to Government.
Financial Department.
Fort St George.

Sir,

In conformity with the provisions of Section 32 of the Town Improvement Act III of 1871, I have the honor to submit the Budget Estimates of Receipts & Charges of the Municipality of Mangalore for the ensuing Official year 1874-75, in the forms prescribed in G.O. dated 28th October 1871, No. 1446.

2 Receipts. The estimated receipts from all sources amount to Rupees 14,570, being Rs. 7910 below the Revised Estimate of the current year. This is owing to the Reduction in the Three of the current year, as directed in G.O. dated 25th March 1873 (by being omitted, as directed in G.O. dated 25th March 1873 No 698 of Financial Department.

3. Allotments by Government. Mr. H. Garthwaite, the Inspector of Schools, 6th Division, urged in a meeting, held without any new Schools, amount to Rs 1800— specially convened for the consideration of this Budget, next year. In view of the limited funds at their that the usual Allotment of Rs 900 on account of disposal, the Commissioner have no other alternative Rebate Grants were given to unefficient Schools, but to ask the Government to contribute the sum of the Grants were paid to the Schools, amount to Rs 1800— Rs 900— the difference between the usual allotment and would be pleased to grant the same. the amount required, and they trust the Government will be pleased to grant the same.

4. Rates on Houses &c. The Government will observe that the Estimate of collections under this head

APRIL.
Nos. 141—144.

Mangalore Municipality.—The Budget Estimates of this Municipality for the year 1874-75, reviewed and passed.

has been increased by a thousand Rupees. The Commissioners think that a fresh valuation of rental of houses and other buildings should be made for the next year, none having been made since the one effected on the first organization of this Municipality. Considerable improvements have since taken place in the town and the rental of houses has increased. This may yield the excess sum budgetted for.

5. Taxes on Arts & Current. This has been omitted as was required by Government in their Order dated the 19th May 1873, No 698, F.D.

6. Registration of Carts. Seeing that the Municipal roads are more damaged by carts than by carriages, the Commissioners are of opinion that the fees for the registration of carts may be slightly increased, and accordingly recommend that they be fixed as below for the coming year.

Rs 2 per annum. For carts drawn by a single animal
Rs 4 — do —— For carts drawn by two animals

7. Tolls. The Commissioners propose to levy in the ensuing year the maximum rate of tolls allowed by the Act and have therefor increased their estimate of collections from this source. In their order No 1665 dated the 6th April 1872, F.D; the Government had disallowed the maximum rates for 1872-73, on the ground that no inconvenience would thereby be caused to the Municipality. But as the Municipal Funds have now been reduced by nearly one-half, by the intended abolition of the Profession Tax, the Commissioners hope that the full rates will be sanctioned. As the Tolls have to be rented out before the commencement of the next official year or by the end of March next,

it is hoped, the Government will be so good as to accord their sanction to this proposal, as early as possible, so as to admit of the Tolls being rented out in time.

8 Endowments & Sundry Contributions. As may be naturally expected, private subscriptions on account of the Dispensary have been gradually falling off since it has been made a Municipal Institution. Hence the low estimate under this head.

9. Contributions from Local Funds on account of the Civil Dispensary. The Commissioners consider that it is but fair that the charges connected with the Civil Dispensary should be shared equally between the Local and Municipal Funds. The charges, as shewn in Statement II A, amount to Rs 2,500. The receipts, accruing to the Dispensary from private subscriptions as well as from interest on the invested capital, are Rs 100. Deducting this sum from the probable charges viz: Rs 2500, which the Civil Surgeon and the Commissioners think, cannot be reduced, there remains a sum of Rs 2400 to be made up. Out of this the Municipality will pay Rs 1200, and the remaining Rs 1200, they think, should be contributed from the Local Funds.

10. Charges. New Works. Consequent on the diminution of income and the desire of Govt. that the expenditure should be reduced to accord with the deficit, the Commissioners have refrained from proposing any New Works for execution during the next year; though there is much to be done in this direction, the Municipal market being the first work which has to be kept in abeyance for want of funds.

11. Repairs. Communications. The Commissioners have reduced the expenditure under this head by Rs 1000.

12. Establishment

12. Establishment Public Works. The expenditure under this head also has been reduced by nearly half.

13. Education - Results Grants. To meet the educational wants of the Town, Mr Garthwaite, the Inspector of Schools, considers that an increase of Rs 700 over the usual allotment on account of Results Grants is indispensably necessary. Provision has therefore been made for this additional charge on the understanding that the Government will sanction the grant asked for in Para 3.

14. Training Schools. Contribution to the Mangalore Normal School - The Commissioners are of opinion that no contribution need be paid for the Normal School, as the Schools for which the Municipality pays Results Grants, are not taught by, and do not generally require, trained teachers - No provision has therefore been made under this head.

15. Contribution to Local Funds for Educational Inspection - At the recommendation of Mr Garthwaite, the Commissioners propose that instead of the usual contribution of Rs 630 on account of Educational Inspection, an Inspecting School Master on a monthly salary of Rs 70 may be entertained to superintend the teaching in the Schools aided by the Municipality - This is provided for.

16. Sanitation & Medical Services - Mangalore Civil Dispensary - The Civil Surgeon in charge of the Dispensary is of opinion that if the Dispensary is to be maintained in its present satisfactory state, a provision of not less than Rs 2400 should be made for the ensuing year - The Commissioners fully concur in the opinion of the Civil Surgeon, and have accordingly provided the required amount.

17. Vaccination. The Commissioners think with the Civil Surgeon that when Small Pox is not prevalent in the Town, one Vaccinator is sufficient - They therefore propose to dispense with the services of the other Vaccinator from the commencement of the next official year -

18. Registration of Births and Deaths - No saving can be effected under this item -

19. Conservancy Establishment. A saving of about 700 Rupees has been effected under this item by a reduction of 10 Sweepers -

20. Hire of Conservancy Carts - The Commissioners have resolved to dispense with the three hired night-soil carts, drawn by bullocks, which cost the Municipality about Rs 800 a year, and to construct by the end of the current official year five hand-carts of their own, which will be dragged to the places where night soil is buried by the Municipal Sweepers. No provision has therefore been made under this head.

21. Conservancy of the Cantonment - The Commissioners consider that a reduction in this allowance is indispensable - It seems but fair that the Military should have no more than a proportionate share of the general outlay on Conservancy in the Town, calculated on the population of their Cantonment - This will give the following result:-

Population of the Town, exclusive of the Cantonment —	26,460
Population of the Cantonment —	2,350
Conservancy charges of the Town —	Rs 3615

The Conservancy charges for the Cantonment should therefore

therefore be fixed in round numbers at Rs 325:-

The Commissioners beg to note here that this amount, viz. Rs 325, is not much less than the revenue the Municipality derives from the Buildings in the Cantonment &c.

22. Killing Stray Dogs. This is a new item introduced in the Municipal Budget, but one which, the Commissioners think, should be a proper charge on the municipal Funds; for stray dogs are, from their incessant barking at night, very annoying to the townspeople, and are sometimes rabid - The small provision made, viz Rs 200, is not more than is necessary -

23. Lighting. The Commissioners regret the necessity of having to stop the lighting of the streets for want of funds, though it was a great desideratum -

24. Supervision and Management - By the abolition of the Profession Tax, the office work will, in some measure, be reduced - The Commissioners have therefore reduced the expenditure under this head by Rs 620 -

25. Closing Balance - Endowments - The Civil Dispensary is not in need of any permanent improvement and it is the desire of Government (Vide G.O. No 1809, dated the 18th December 1873) that except for any such improvement the accumulated funds of a Dispensary should not be drawn upon. The funded capital of the Dispensary (Rs 1000) has therefore been allowed to remain intact.

Lab 141-

Colonial Office

Sir

I am directed by the Lords Commissioners of the Admiralty to transmit to you, to be laid before the Lords Commissioners of Her Majesty's Treasury, a Return of the Number of Vessels which entered and cleared at the Ports of Sydney, Melbourne, Adelaide, Hobart Town, Launceston, Brisbane, Port Phillip, Geelong, Portland, Belfast, Newcastle, Kiama, Wollongong, Shoalhaven, Eden, Twofold Bay, Port Albert, Port Fairy, Warrnambool, Portland Bay, Robe, Port Macdonnell, Port Adelaide, Port Augusta, Port Lincoln, Streaky Bay, Fowlers Bay, Albany, Fremantle, Bunbury, Geographe Bay, Champion Bay, Swan River, Perth, Port Gregory, Nickol Bay, Roebuck Bay, Derby, Port Essington, Cambridge Gulf, Port Cleveland, Port Darwin, Melville Island, Adelaide River, Escape River, Port Curtis, Gladstone, Maryborough, Wide Bay, Brisbane River, Ipswich, Moreton Bay, Tweed River, Richmond River, Clarence River, Port Macquarie, Camden Haven, Manning River, Port Stephens, Hunter River, Lake Macquarie, Illawarra, Shoalhaven, Jervis Bay, Twofold Bay, Eden, Wellington, Port Fairy, Belfast, Portland, Geelong, Port Phillip, Melbourne, Sydney, Launceston, Hobart Town, Adelaide

Town
the deficiency created
by abolishing a proper
City tax - I consider
this inadmissible.
And they intend to
exact higher rates on the
development of Inland
Carriage so much
needed in India.
Further an enhancement
of taxes on House proper-
Seems to be before the
whole population. I
cannot acquiesce in
the approval of all or
any of these forced
Expedients.

On the Expenditure
side they are obliged
to give up every new
work & curtail needful
repairs. The claims
of Education cannot
be met and as saving
on the Conservancy (both
of the town & Military
Cantonments) can
Command itself
Lighting too has to be
abandoned.

Under these
circumstances I
must urge retention
of the Professional tax
and that the Budget
be returned for
revision on these
basis.

Balances	995	1000
Total	30595	16000

The loss of Rupees 8000 by the abolition of the Profession tax would reduce the revenue of the

Income. Its balance brought forward as shown in budget	14500	
Increase in Tolls	980	
Do Registrn of Carts	100	1080
		13420
Deduct new appointment asked but disallowed	700	
		12720

the Mangalore Municipality for the year 1874-75 to Rupees 12,720 if no changes were made in the existing taxation and consequently after making every possible reduction in the expenditure the Commissioners have proposed to increase the fee for the registration of Carts and to raise the tolls to the maximum rate.

The Government desire to do away with the Profession tax as far as possible throughout the Presidency but the budget now submitted shows that the complete and immediate adoption of such a measure in the case of this Municipality would have the effect of seriously diminishing the usefulness

the institution and under these circumstances his Excellency in Council resolves to authorize its retention except in the case of persons falling within the 6th, 7th, and 8th Classes of Schedule B. This exception will probably have the effect of reducing the receipts from the tax considerably below the amount entered in the budget for 1873-74 but the approval of Government to the levy of tolls at the maximum rates has already been intimated by telegram. The fees for the registration of carts may remain at the old rates-

With

Note

In the case of the Vijag Municipality it was proposed to exclude these classes and the same course has been adopted in this draft.

H.

Note

The Board having telegraphed twice about the tolls, the approval of Govt. to the maximum rates was telegraphed as soon as the draft order approving them returned from circulation.

The estimated receipts from tolls even at these rates amount to only Rs 2000 while the decreased allotment for road repairs is Rs 2500. A large proportion of the goods sent for shipment comes into the town & river and thus escapes taxation. As the proposed tax is only partially restored the Commissioners will doubtless wish to keep the increased rates but if not they will probably have no difficulty in arranging with the toll contractor.

A letter was received from Vizagapatam two days ago pointing out that the registration of carts could not be delayed and requesting orders & telegram on the proposal to raise the rates. The matter being emergent a telegram was despatched directing reference to the commencement of the Govt. Order directing registration at the old rates. The Govt. has previously intimated its disapproval of the proposed increase.

8.4.74 H

With the additional funds at their disposal under the above order the Commissioners will be able to continue the erection of the new market and to make sufficient provision for Results Grants without requiring assistance from Provincial funds.

The omission of the contribution on account of training Schools was correct as all charges of the kind are to be met from Provincial funds from 1874-75 and no contribution for inspection need be paid unless the Municipality avail themselves of the

services

Services of Inspecting
School-masters paid from
Local funds. Under any circumstances
the sum due to Local funds on
account of inspection
would be very much
less for 1874-75 than for
last year, and unless
there is sufficient work
in the Municipality to
occupy the full time
of a separate Inspecting
School-master, the
appointment cannot be
commended on the ground
of economy.

The allotment for the
other objects of Municipal
expenditure should be
revised with reference to
the estimated receipts
obtainable with the partial
retention of the Profession
tax. The funded Capital
of

of the Dispensary need
not be shown in State-
ments I and II, and as
the negative balance
is annually made good
from Municipal funds
it need not be brought
forward in statement
I A. The proposal that
expenditure on the
dispensary in excess
of its independent
income, should be
borne equally by
Municipal and
Local Funds, seems
a fair arrangement,
and the budget is
passed subject to the

The loss of Rs. 8000 by the abolition of the profession tax would reduce the revenue of the Mangalore Municipality for the year 1874-75 to Rs 13,720 if no change were made in the existing taxation and consequently, after making every reduction in the expenditure ~~which could be made without inefficiency~~, the Commissioners have proposed to increase the fee for the registration of carts and to raise the tolls to the maximum rate (Here a list follows) ~~of which the increases have the approval~~ of Govt under the circumstances ~~The registration fee includes both the fee~~ ~~The Commissioners however, pray~~ ~~from Provincial funds the~~ ~~sum of Rs. 700 to which for toll~~ ~~the item of increasing the~~ ~~establishment for Results grants~~ ~~the provisions for the account~~ ~~year must correspondingly~~ be

Increase Balance brought forward 14500
decrease in Hospitals 950
Increase in tolls = 950
do Registration Carts 100 1050
13420
Deduct new assignment asked but disallowed 700
13720

It was not intended that in the exceptional cases ~~where the~~ Perhaps two annas ~~(or four)~~ per cart ~~of the~~ would be a large ~~sum~~ to be at one stroke ~~added~~ & I think we ~~may~~ retain it here for the present. There can be very few ~~(if any)~~ manufactured

~~The Collector's letter of 3rd Feb. 1875 is in favour of the Act.~~

~~The Collector's letter of 3rd Feb. 1875 is in favour of the Act.~~

10 Revenue
Secretary
& Collector
the Pub. Wks
Dept
Dec 1875

~~be repeated for the present,~~
~~but as the Act is a permissive~~
~~one, the Government~~
~~trust that no further~~
~~savings may occur before~~
~~the close of the year to en-~~
~~able the Commissioners~~
~~to meet any claims which~~
~~may be presented in excess~~
~~of that sum.~~ The omission
of the contribution on account
of training schools was correct
as all charges of the kind are
to be met from Provincial
funds from 1874-75, and
no contribution for inspec-
tions need be paid, unless
the Municipality avail
themselves of the services of
Inspecting schoolmasters
paid from Local Funds.
Under any circumstances,
the sum due to Local Funds
on account of inspection
would be very much less

for

The retention in

The allotment for the other
objects of Municipal expenditure
should be revised with reference
to the estimated receipts ~~from~~
~~the Provincial Fund~~ ~~or~~ obtainable
~~by~~ the retention of the proportion

last
for 1874-75 than for ~~the~~
~~former~~ year, and unless
there is sufficient work
in the Municipality to
occupy the full time of
a separate Inspecting
schoolmaster, the appointment
cannot be commended
on the ground of economy.

~~The provision whereby~~
~~which it is proposed~~
~~to effect~~ ~~savings are ap-~~
~~proved~~. The funded capital
of the dispensary need not be
shewn in statements I & II,
and as the negative balance
is annually made good
from Municipal funds,
it need not be brought
forward in statements
I. A. The proposal that ex-
penditure on the dispensary
in excess of its independent
income, should be borne
equally by Municipal
and Local Funds, seems

a

a fair arrangement, and
the budget is passed subject
