Proceedings of the Madras Government, Financial Department, 20th April 1874.

No. 165. Read the following Proceedings of the Board of Revenue, dated 23rd March 1874, No. 1947 (Miscellaneous):—

Read the following letter from H. S. THOMAS, Esq., President of the Local Fund Board, Canara Circle, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Mangalore, 4th February 1874, No. 56.

I have the honour to submit for sanction and provision of funds the following estimates:—

	Amount of Estimate.	Allotment required.
	RS.	RS.
1. Estimate for erecting boundary marks on Government waste land on the Local Fund Board's roads in the Mangalore Range	3,200	3,200
2. Estimate of the probable cost of marking out the margin of all roads through Government waste within the Poottoor Range	869	869
3. Estimate for the construction of an Iron Lattice Girder Bridge over the Benglar stream on Road No. 2 from Munzerabad Ghaut to Mani *via* Uppinangady	5,700	500
4. Estimate for the reconstruction of the Hamadka Bridge on the fifty-first milestone on Road No. 2 from Munzerabad Ghaut to Mani *via* Uppinangady.	700	700
		5,269

2. The first two estimates have been prepared with reference to G.O., Public Works Department, dated 10th June 1872, No. 1433, communicated to all Collectors with the Revenue Board's Miscellaneous Proceedings, No. 5006, dated 20th July 1872, desiring that the margin of all the Local Fund Board's Roads in this Circle where they pass through Government waste should be marked out with a view to prevent encroachments. As such encroachments are too frequent in this Circle, the work is one that should be carried out without unnecessary postponement.

3. The third estimate is for the construction of an iron lattice girder bridge of thirty-five feet span over the Benglar stream on the Munzerabad ghaut road. I beg to enclose, for the Board's information, copy of the Officiating District Engineer's letter, No. 80, dated 18th November 1873, reporting on the former timber bridge on this stream which has given way, and which the lattice girder is now intended to replace.

4. With reference to the fourth estimate, the enclosed copy of the Officiating District Engineer's letter, No. 87, dated the 13th December 1873, explaining the cause of the ruin of the bridge, is forwarded for the Revenue Board's information. This estimate and the one for the second item have been sanctioned by this Board under the authority vested in them by the Local Fund Rules.

5. The estimate for the first item needs the sanction of the Board of Revenue, and that for the third, that of Government.

6. I have now to point out funds from which the above works can be carried out.

7. For reasons given by the Officiating District Engineer in his letter, No. 81, dated the 18th November 1873, copy of which is enclosed, that officer has surren-

dered an aggregate amount of Rupees 5,480 from the sanctioned allotment in the current year's Budget for the following works :—

	Budget allotment.	Amount surrendered.
	RS.	RS.
Item No. 3, Part I., Bridges on the Poottoor and Manjeshwar Road by Villal	3,000	1,500
1. Tracing and opening to bridle path a road from Subramanya by Combar to Goondial on Road No. 2 from Munzerabad Ghaut to Mani *via* Uppinangady ...	1,480	1,480
Part II.—		
3. Repair to Road No. 3 from Calicut to Panimangalore *via* Hoosdroog and Villal	5,390	2,500
		5,480

8. Out of this sum of Rupees 5,480, I request that Rupees 5,269 be transferred for the above four works, the remainder Rupees 211 being added to the current year's reserve.

9. Copies of this Board's Resolutions in reference to the above estimates are also submitted.

10. The official year being very near its close, I have the honour to solicit the favour of early orders on this letter.

The estimate for the construction of an Iron Lattice Girder Bridge over the Benglar stream on Road No. 2 from the Munzerabad Ghaut to Mani *via* Uppinangady, amounting to Rupees 5,700, is submitted for the sanction of Government.
