Read the following papers:—

No. 200. Proceedings of the Board of Revenue, dated 9th March 1874, No. 1601 (Miscellaneous).

Read the following letter from Surgeon-Major G. BIDIE, M.B., Secretary to the Surgeon-General, Indian Medical Department, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Fort St. George, 4th March 1874, No. 1279:—

With reference to No. 20, Local Fund Rules, I have the honour, by desire of the Surgeon-General, to submit the following remarks regarding the Budget Estimate of the Tanjore Circle for 1874-75.

2. COMBACONUM.—The total expenditure on account of this hospital in 1872 amounted to Rupees 5,225. On the other hand, there was an income from local sources of Rupees 1,877, consisting of Rupees 780, interest of capital, Rupees 885 subscriptions and donations, and Rupees 212 from the sale of medicines. In the estimate under review, the Circle Board propose to allot Rupees 2,000 towards the maintenance of the hospital during 1874-75. This will leave a fair proportion to be provided by the Municipality.

3. MANARGUDI.—The gross charge on account of the hospital at this station in 1872 was Rupees 5,449. It has a large amount of invested capital, the interest on this having amounted in 1872 to Rupees 1,292. The grant by the Local Fund Board, therefore, of Rupees 3,910 for 1874-75 will leave but a comparatively moderate amount to be met by the Municipality. It is observed that, in 1872, Rupees 142 were contributed by this institution to the Tritrapundi Dispensary.

4. The Circle Board propose to open a new Dispensary at Pattucottah, and intend to allot for this purpose a sum of Rupees 1,720. This will not be sufficient, as the salary and allowances of a passed Hospital Apprentice will amount to Rupees 894 for the year. The balance left after meeting this charge will not be equal to the amount required to purchase the preliminary equipment of instruments and medicines, and to meet other necessary items of expenditure. The Local Board in their Proceedings, dated 28th October 1873, propose to entertain a Hospital Assistant as well as a warrant officer for the new dispensary, but in the first place the funds allotted will not admit of this, and, in the second place, two subordinates do not appear necessary on first opening the institution.

Submitted to Government in continuation of Board's Proceedings, dated 26th February 1874, No. 435.

(True Copy and Extract.)

(Signed) J. GROSE, *Secretary.*

No 201. Proceedings of the Board of Revenue, dated 12th March 1874, No. 1715 (Miscellaneous).

Read the following letter from Surgeon-Major G. BIDIE, M.B., Secretary to the Surgeon-General, Indian Medical Department, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Fort St. George, 5th March 1874, No. 1297:—

In compliance with No. XX. of the Local Fund Rules, I have the honour, by desire of the Surgeon-General, to submit to your Board the following remarks on the Budget Estimate of the Negapatam Local Fund Circle for 1874-75.

2. The proposed grant for Tranquebar appears sufficient. The allotments for Shealli and Tritrapundi Dispensaries will be inadequate. Under the head of Medical Subordinates provision is made for men of the Hospital Assistant grade for the charge of these two institutions. Under G.O., No. 960, of the 17th September 1873, however, it will be necessary to appoint Hospital Apprentices, and the Local Fund Board have, in a recent communication, intimated that they are ready to carry out this arrangement. The charge per annum for a Hospital Apprentice will, in each case, be about Rupees 894, and additions will have to be made to the budget accordingly. The allotments for the provision of medicines and instruments for the Shealli and Tritrapundi Dispensaries are also insufficient, being in the case of the former but Rupees 130, and in that of the latter Rupees 90. The actual charges under this head for 1873 have not yet been communicated, but at least Rupees 200 should be set apart for medicines and instruments for each hospital.

3. The contribution to the Municipality in behalf of the Negapatam Dispensary is entered at Rupees 1,450. The expenses of this hospital in 1872 amounted to Rupees 4,223, so that the above allotment will leave the greater portion of the expenditure to be met by the Municipality.

4. The proposed grant-in-aid of the Dispensary of the Mayaveram Municipality is entered at Rupees 600. The entire charge on account of this hospital in 1872 was only Rupees 644.

Submitted to Government in continuation of Board's Proceedings, dated 26th February 1874, No. 435.
