Not to be folded or roughly handled

Proceedings of the Madras Government, Financial Department,
29th April 1874.

No. 320. Read the following letter from G. D. LEMAN, Esq., President of the Municipal Commissions, Kistna District, to the Hon. W. HUDLESTON, Chief Secretary to Government, Fort St. George, dated Masulipatam, 19th February 1874, No. 250 :—

I have the honour to forward the Budget Estimates with the Vice-President's covering letter for the Guntoor Municipality for the year 1874-75. The balance with which the next year will open will be Rupees 10,000.

2. It is large because the Government in their Order, No. 774, dated the 4th June 1873, forbad any expenditure on New Works until the scheme of the water supply was complete.

3. The District Engineer is still engaged on this. The work was delayed in consequence of the tank being full, and the impossibility of running the levels. Even if it is received before the end of the year no expenditure will be possible.

4. The assets of the Municipality will be diminished by Rupees 5,250 due to the abolition of the Professional tax.

5. The revision of the House-tax ordered by Government has not produced the increase that was expected. The Commissioners at first estimated the rate at which a brickhouse of ten square yards might be expected to let at Rupees 7-13-0 per annum, and a mud one at Rupees 3-2-0 and so on; but at a subsequent meeting, and influenced by an enormous number of appeals complaining of the largeness of the estimated rent, and on reconsideration the rate was again reduced to Rupees 4-14-0 and Rupees 1-15-3 per ten square yards, respectively. This was not specially reported to me, and I was not aware until now that the Commissioners have only raised about Rupees 450 more than in the year, when the Government, under the impression that the House-tax was too low, ordered the revision of it. I think the rates now estimated are fair for houses that are occupied by the owners; houses that are let are charged at the real rental.

6. The Vice-President is wrong in paragraph 4, and the endowment of Rupees 1,092 belonging to the Dispensary is now invested in the Savings Bank, and will be utilized as soon as the Vice-President sends in plans and estimates for the buildings required.

7. The alterations that I have to propose in the budget are as follow.

8. Of the allotment of Rupees 2,660 for the Hospital Assistant's quarters, I would take out Rupees 1,568 to be devoted to the improvement of the water supply to the town, leaving only the endowment money of Rupees 1,092 for that item.

9. I would also take the Rupees 1,000 allotted for a school and the Rupees 250 for the establishment of the Training school, and Rupees 50 for its contingencies, now no longer necessary, and devote them to the improvement of the latrines, together with 200 Rupees out of the 1,500 Rupees already allotted by the Board for the two new latrines at old Guntoor. Then the Commissioners will have, for the two works that the Government have recorded as being the ones that it is most necessary the Board should pay attention to, an aggregate sum of Rupees 4,368.

10. In answering G.O., No. 14, dated 5th January 1874, which I hope to do before many days have passed, I will inform the Government in what these improvements will best consist.

11. No change is proposed in the office or any other of the establishments that are under the control of the Board, and as the roads are in fair order, and the Great Northern Road has been just repaired, the sum of Rupees 1,000 allotted for repairs will be ample.

12. The extension of Budampad road for which 1,000 Rupees are allotted is a good and useful work.—*Vide* 1 (*a*) Grant I.

13. I enclose a revised Budget drawn up in accordance with these recommendations of mine.

From A. NEWMAN, Esq., Vice-President of the Municipal Commission, Guntoor Circle, to G. D. LEMAN, Esq., President of the Municipal Commissions, Kistna District, dated Masulipatam, 7th February 1874, No. 191.

I have the honour to enclose the Budget Estimates of the Guntoor Municipality for the ensuing year 1874-75 passed at a meeting of the Commissioners.

2. The draft was prepared sometime ago, and I think that a better approximation can now be made to the balance which will be in hand on 31st March. I will, therefore, direct the manager to send to you from Guntoor an account showing the actual balance in the Bank now, and his estimate of probable receipts and expenditure up to that date, so that the estimated balance may be altered if necessary.

3. The amount entered as the estimated produce of the rate on houses is merely a rough estimate as the House-tax has been collected for the first time this year after revision. The increase over the former collection is very small. It would have been greater if the rates as per square yard agreed upon at the meeting before the new measurement had been enforced. But on discussing some appeals the Commissioners were in favour of reducing them, and the collection of House-tax is, therefore, not likely to be much greater than before.

4. There is no endowment entrusted to the Commissioners at present. It is expected that the sum in your hands belonging to the dispensary will be transferred, but that probably depends upon whether the proposal to erect new buildings there be approved.

5. You have recommended to Government that the endowment of Whish's Choultry should be transferred. I have, therefore, entered the annual receipts and disbursements of the choultry in these estimates. Should it be transferred to the charge of the Commissioners they will be ready to execute repairs which are becoming very necessary out of the general funds.

6. With regard to the sum of Rupees 1,000 to be laid out on new roads, the Commissioners intend this sum to be spent in completing the new road called the Budampad road, and in extending it if possible.

7. The Rupees 1,000 entered for educational new works is intended for the commencement of one new Municipal schoolhouse.

8. The Rupees 2,660 entered for sanitary new works was intended to be applied to the erection of new buildings at the dispensary and hospital.

9. Since the details of this budget were discussed however, in fact a few days ago, the orders passed by Government on the report sent last year have been received. It is considered that money should be allotted for further improvement to the water supply of the two tanks after their inspection by the District Engineer, and that provision should be made for the building of new latrines.

10. The estimates must therefore be revised, and I doubt whether you will consider the amount available to suffice in that case for allotments for new buildings.

11. Rupees 1,000 entered for repairs to roads will not be expended on any one road but on all the roads whenever and wherever the Commissioners find that it can best be applied.

12. And Rupees 1,500 entered for sanitary and miscellaneous repairs is intended to be spent in petty repairs to all the existing latrines, wells, cesspools, &c.

13. Provision has been made as before towards the expenses of a Training School, but the Commissioners doubt whether it is intended to open such a school now that the proposed Local Fund House-tax is not to be levied.

14. The Commissioners provided for the employment of a Schoolmistress for girls. Up to this time they have not been able to find one. I received today a copy of G.O., dated 14th January 1874, No. 42, and consequently I have struck that item out.

No. 321. MINUTE by the Hon. W. ROBINSON, C.S.I., dated 21st April 1874.

I am unable to join in the draft order on this Budget because the facts show conclusively that the Guntoor Municipality cannot, without serious detriment to public interests, bear the suspension of the Professional tax.

2. The Tolls gathered in Guntoor constitute considerably more than one-fourth of the whole income and are in a great measure virtual transit duties needing abatement. The Commissioners have attempted to recoup the loss entailed by the suspension of the Professional tax by revising the valuation of house property, but it has been found to have been fully valued already. Still the proposed Government Order suggests that the existing rate, four per cent., should be raised, thus throwing increased taxation on one portion of the community for the relief of the wealthier professional and trading classes. I should object to the enhancements of existing taxation for such purpose and deprecate the suggestion.

3. It is unnecessary to notice the other retrenchments enforced against important improvements and requirements under the various grants, which have been entailed by the suspension of the Professional tax, for it is obvious that the all-important water-work scheme is practically postponed *sine die* unless taxation be increased. The draft Government Order suggests this latter course against house property, or that a loan be obtained. The source from which the interest, &c., are to be got is not indicated in the draft order.

(Signed) W. ROBINSON.

No. 322. ORDER THEREON, 29th April 1874, No. 731.

The subjoined abstract shows the Budget Estimates of the Guntoor Municipality for the year 1874-75 compared with those for 1873-74 :—

2. The President has made some alterations in forwarding the budget, and as such a revision appears to have been contemplated by the Vice-President when submitting the original statements, the Government will deal with the amended budget only. The opening balance is shown at Rupees 10,000 against Rupees 13,092 in the budget for 1873-74, and the receipts of the year show a falling off of Rupees 3,590, which is more than accounted for by the loss of the Profession-tax. A revision of the House-tax has not resulted in any considerable increase, and the Commissioners submit no proposals for raising the rate which at present is only four per cent. on the annual rental value. Although only Rupees 1,568 are allotted for the water-supply scheme which is still under examination, the proposed expenditure for the year absorbs more than Rupees 8,000 of the opening balance of Rupees 10,000, which resulted from the Government forbidding any expenditure on other new works in the current year until the absence of any allotment for that scheme had been explained. The small allotment on that account in the budget now under consideration is perhaps owing to the scheme being still in an incomplete state, but the Government refrain from any further comment pending receipt of the promised reply to G.O., dated 5th January 1874, No. 14. Improvement to the latrines being urgent, the provision for that purpose is approved; but the utilization of the Rupees 1,000 provided for the extension of the Budampad road must be held in abeyance for the present. The proposal to limit the expenditure on the medical subordi-

nate's quarters to the amount available from the Endowment Funds is approved. Notwithstanding the loss of the funds previously obtained from the Profession-tax, no savings of any importance are proposed, except such as result from the action of G.O., dated 28th March 1874, No. 426, and it appears to Government that if the water-supply scheme is to be prosecuted in a thorough manner, it will be necessary either to have recourse to a loan or to raise the rate of the House-tax.

3. Subject to the above remarks, the Budget is passed as submitted by the President.

Guntoor Municipality.—The Budget Estimates of this Municipality for 1874-75, reviewed and passed.

(12th February 1874 /79
Guntur)

No. 250

Kistna District Collector's Office
Masulipatam 19th February 1874.

From,

G. D. Leman Esquire

President of the Guntur Municipality

To,

The Honorable D. F. Carmichael,

Acting Chief Secretary to Government,

Financial Department.

Fort St. George

Sir,

I have the honor to forward the Budget estimates with the Vice President's covering letter for the Guntur Municipality for the year 1874-75. The balance, with which the next year will open, will be Rs. 10,000.

2. It is large, because the Government in their order No. 774 dated 4th June 1873, forbade any expenditure on New Works, until the scheme of the Water supply was complete.

3. The District Engineer is still engaged on this. The work was delayed in consequence of the tanks being full, and the impossibility of

running

running the levels. Even if it is received before the end of the year, no expenditure will be possible.

4. The assets of the Municipality will be diminished by Rs. 5,250 due to the abolition of the Professional tax.

5. The revision of the House tax ordered by Government, has not produced the increase that was expected. The Commissioners at first estimated the rate at which a brick house of 10 square yards might be expected to let at Rs. 7-13-" per annum, and a mud one at Rs. 3-2-0 and so on, but at a subsequent meeting, and influenced by an enormous number of appeals complaining of the largeness of the estimated rent, and on reconsideration the rate was again reduced to Rs. 4-4-0, and Rs. 1-15-3 per 10 square yards respectively. This was not specially reported to me, and I was not aware until now that the Commissioners

have

have only raised about Rs. 450 more than in the year, when the Government under the impression that the House tax was too low, ordered the revision of it. I think the rates now estimated are fair for houses that are occupied by the owners; houses, that are let, are charged at the real rental.

6. The Vice President is wrong in para 4, and the endowment of Rs. 1092 belonging to the Dispensary is now invested in the Savings Bank, and will be utilized as soon as the Vice President sends in plans and estimates for the buildings required

7. The alterations that I have to propose in the Budget are as follows:-

8. Of the allotment of Rs. 2660 for the Hospital Assistants' quarters, I would take out Rs. 1568 to be devoted to the improvement of the water supply to the town leaving only the endowment money of Rs. 1092 for that item.

9 - J

9. I would also take the Rs. 100 allotted for a school and the Rs. 250 for the establishment of the training school, and Rs. 50 for its contingencies, now no longer necessary, and devote them to the Improvement of the Latrines, together with — 200 Rs. out of the 1500 Rs. already allotted by the Board for the 2 new Latrines at old Guntur. Then the Commissioners will have, for the two works that the Government have recorded as being the ones that it is most necessary the Board should pay attention to, an aggregate sum of Rs. 4368.

10. In answering G.O. No. 14 dated 5th January 1874 which I hope to do before many days have passed, I will inform the Government in what these improvements will best consist.

11. No change is proposed in the office or any other of the establishments that are under the control of the Board and as the roads are in fair order, and the Great Northern road has been just repaired, the sum of Rs 1000. allotted for repairs will be ample.

12. The extension of Bidanpad road for which 1000 Rs. are allotted is a good and useful work. (vide 1(a) Grant I)

13. I enclose a revised Budget drawn up in accordance with these recommendations of mine.

To. The President
Municipal Commissions
Kistna District.

Sir,

I have the honor to enclose the budget Estimates of the Guntoor Municipality for the ensuing year 1874-75 passed at a meeting of the Commissioners.

2 The draft was prepared some time ago and I think that a better approximation can now be made to the balance which will be in hand on 31st March. I will therefore direct the Manager to send to you from Guntoor an account shewing the actual balance in the Bank now & his estimate of probable receipts and expenditure up to that date so that the estimated balance may be altered if necessary.

3 The amount entered as the estimated produce of the rate on houses is merely a rough estimate as the house tax has been collected for the first time this year after revision. The increase over the former collection is very small. It would have been greater if the rates as per square yard agreed upon at the meeting before the new measurement had been enforced. But on discussing some appeals the Commissioners were in favor of reducing them and the collection of house tax is therefore not likely to be much greater than before.

4. There is no endowment entrusted to the Commissioners at present. It is expected that the sum in your hands belonging to the dispensary will

will be transferred, but that probably depends upon whether the proposal to erect new buildings there be approved.

5 You have recommended to Government that the endowment of Thisks' Choultry should be transferred. I have therefore entered the annual receipts & disbursements of the choultry in these estimates. Should it be transferred to the charge of the Commissioners they will be ready to execute repairs which are becoming very necessary out of the general funds.

6 With regard to the sum of Rs 1000 to be laid out on new roads the Commissioners intend this sum to be spent in completing the new road called the Budampad road and in extending it if possible.

7 The Rs 1000 entered for Educational new Works is intended for the commencement of one new Municipal School house.

8 The Rs 2600 entered for Sanitary new works was intended to be applied to the erection of new buildings at the Dispensary and Hospital.

9 Since the details of this Budget were discussed however, in fact a few days ago the orders passed by Government on the Report sent last year have been received. It is considered that money should be allotted for further improvement to the water supply of the two tanks after their inspection by the District Engineer, and that provision should be made for the building of new latrines.

10 The Estimates must therefore be revised and I doubt whether you will consider the amount

amount available to suffice in that case for allotments for new buildings.

11 Rs 1000 entered for repairs to roads will not be expended on any one road but on all the roads whenever and wherever the Commissioners find that it can best be applied.

12 And Rs 1500 entered for sanitary and miscellaneous repairs is intended to be spent in petty repairs to all the existing latrines wells cesspools &c.

13 Provision has been made as before towards the expenses of a training school, but the Commissioners doubt whether it is intended to open such a school now that the proposed Local Fund House tax is not to be levied.

14, The Commissioners provided for the employment of a School mistress for girls. Upto this time they have not been able to find one. I received today a copy of G.O. dated 14th January 1874 No 42 and consequently I have struck that item out.

2. The President has made some alterations in forwarding the budget, and as such a revision appears to have been contemplated by the Vice President when submitting the original statement, the Government will deal with the amended budget only. The opening balance is shewn at Rs 10,000 against Rs. 13,092 in the budget for 1873-74, and the receipts of the year shew a falling off of Rs 3,590 which is more than accounted for by the loss of the profession tax. A revision of the House tax has not resulted in any considerable increase, and the Commissioners submit no proposals for raising the rate which at present is only 4 per cent on the annual rental value. Although only Rs 1,565 are

are allotted for the water-supply scheme which is still under examination, the proposed expenditure for the year absorbs more than Rs 8,000 of the opening balance of Rs11,000 which resulted from the Government's forbidding any expenditure on other new works in the current year until the absence of any allotment for that scheme had been explained. The small allotment on that account in the budget now under consideration is perhaps owing to the scheme being still in an incomplete state, but the Government refrain from any further comment pending receipt of the promised reply to G. O. dated 5th January 1874, No 14. Improvement to the latrines being urgent, the provision for that purpose is approved, but the utilization of the Rs 1000 provided for the extension of the Budampad road must be held in abeyance for the present. The proposal to limit the expenditure on the Medical subordinate quarters to the amount available from the endowment funds is approved. Notwithstanding the loss of the funds previously obtained from the profession tax, no savings of any importance are proposed except such as result from the action of ~~the~~ G. O. dated 28th March 1874, No 426, and it appears to Government that if the water supply scheme is to be prosecuted in a thorough manner, it will be necessary either to have recourse to a loan or to raise the rate of the House tax.

Note
The ~~extra~~ contribution to Local Funds is reduced as Govt. now pay from Provincial for Deputy Inspector of Schools.
JL

Subject

3 Subject to the above remarks, the budget is passed as submitted by the President ~~and the usual notification will issue~~
