ENCLOSURE No. 2.

From Surgeon-Major J. SHORTT, M.D., Superintendent-General of Vaccination, Madras Presidency, to H. SEWELL, Esq., Acting President of the Local Fund Boards, Cuddapah, dated Madras, 18th September 1873, No. 1017.

In accordance with paragraph 59 of the Local Fund Rules I have the honour to give below the cost and other particulars of the Vaccine Establishment in the Cuddapah District as they stand at present :—

	RS.	A.	P.
One Superintendent on Rupees 70 per mensem	840	0	0
Four 1st-Class Vaccinators on Rupees 18 each per mensem ...	864	0	0
Contingencies for repair of records, travelling expenses for Superintendent and Vaccinators, &c., &c.	100	0	0
Seven 2nd-Class Vaccinators on Rupees 10 each per mensem ...	840	0	0
Stationery	50	0	0
Batta to mothers of vaccinated children	50	0	0
Postage stamps	40	0	0
Total ...	2,784	0	0

2. The cost of superintendence divided among the two Circles—Cuddapah and Madanapally—according to population and that of vaccination equally among them will give the former Rupees 1,471-8-6 and the latter Rupees 1,312-7-6.

3. In submitting this estimate I would beg to point out to you the inadequacy of the staff of Vaccinators, there being only one Vaccinator to each taluq, the area of which ranges from 500 to over 1100 square miles. The time alone required to traverse this space will be great, and the Vaccinator will have to stay at each village for at least a fortnight to establish vaccine lymph to enable him to conduct his work.

4. There is but one Superintendent to the district, and he has an area of 9177 square miles to go over during the year, and his Vaccinators must naturally be more than hundred miles distant from his head-quarters. These are the difficulties that have to be overcome, and which I must leave for the favourable consideration of your Board.

5. I would suggest, should it be feasible, that instead of one there ought to be two Superintendents for the district and two Vaccinators to each taluq.

Acting President.
