No. 52. Read the following extract from Annual Inspection Report on Civil Dispensary, Salem, by Deputy Surgeon-General, Indian Medical Department, Southern District, dated 27th March 1874 :—

Paragraph 19. * * * "He earnestly solicits the attention of the Municipal Commission to the existence of an evil, which, in his opinion, must militate against the successful working of the institution. It is in the presence of a dead-house fifteen paces to the rear of the main hospital. A proximity so close is not only to excite positive dread, but to shock the prejudices of the sick inmates of this hospital. It would be well to cause the removal of this building to a less objectionable site."
