No. 59. Read the following circular from E. F. HARRISON, Esq., Comptroller-General, to all Accountants-General, dated Calcutta, 17th April 1874, No. 173 :—

As the Government of India no longer requires a monthly return of the amounts of objectionable items classified by years, that classification may be omitted from the monthly return of the state of work. You will show separately the aggregate amounts held under objection from Imperial accounts and Provincial accounts, and the *date* of the oldest item belonging to each branch. The annual returns (*Circular*, *No.* 149, paragraph 13) will of course detail all, and should be closed by an abstract showing, under each head of the Objection Books, the amount outstanding on account of each year. Under these circumstances an alteration is necessary in the concluding words of the last clause but one of the paragraph above quoted ; for *the outstandings of each year being shown separately* you should read *together with the date of the oldest item outstanding*. And to the previous clause it will be necessary to add—

and an abstract should be given at the foot of the statement showing the total on account of each year in each of the five columns of the Objection Book corrected, as before, in red ink.—*Cir.*, *No.* 173.

No. 78.

Copy forwarded to the Secretary to the Government of Madras for information.
