No. 100. Read the following letter from J. B. PENNINGTON, Esq., President of the Municipal Commission, Srirungum, to the Honourable D. F. CARMICHAEL, Acting Chief Secretary to Government, Fort St. George, dated Srirungum, 27th March 1874, No. 76:—

I have the honour to submit the Budget Estimates of this Municipality for the ensuing official year 1874-75.

2. The following table gives an abstract of the estimates as compared with the estimates of the preceding year 1873-74:—

Receipts—*House-tax.*—The outstanding arrears at the close of 1873-74, calculated as closely as possible, amount to Rupees 1,800, whereas the arrears expected to remain uncollected at the close of the preceding year 1872-73 were only Rupees 1,000: hence the difference of Rupees 800 between the estimates 1874-75 and 1873-74. The current demand is exactly the same in both years.

Trades-tax.—The amount entered for 1874-75 forms the outstanding arrears of the preceding year. In obedience to the order of Government, contained in paragraph 3 of their Proceedings, No. 776, dated the 4th of June last, the Commissioners have omitted to provide for this tax in the estimates, but they beg to be permitted to state that they can scarcely afford to sacrifice the revenue under this tax at so early a stage of the existence of this Municipality, conscious as they are of the imperative necessity that exists for the most important and expensive works of improvement which yet remain to be executed in the way of dispensing with the existing cess-pools which have been condemned as dangerous to the public health and substituting in its stead the dry-earth conservancy system. The Commissioners purpose therefore addressing the Government on the subject in a separate communication, which will be submitted very shortly through the Sanitary Commissioner, Madras.

"*Tax on Vehicles*" *and* "*Registration of Carts.*"—The figures under these heads have been based on the actuals of 1873-74. These two taxes having for

the first time been introduced in 1873-74 the figures entered in the estimates of that year were only roughly calculated.

"*Tolls.*"—This sum has been entered with reference to G. O., No. 1207, dated the 26th August 1873.

"*Contribution from Local Funds.*"—The difference of Rupees 200 formed the contribution paid annually from Local Funds up to 1873-74. This sum has been dispensed with in the estimates of 1874-75 because the Local Fund Board have agreed to give Rupees 1,000 from their income under Tolls for the upkeep of roads in the town.

CHARGES—*Grant II.*—The decrease under this head is owing to the abolition of the Anglo-Vernacular School at Kondaiyampett, which till the date of its abolition drew a grant-in-aid of Rupees 20-4-0 a-month from the Municipal funds.

Grant III., Conservancy.—The increase under this head arises from the employment of an additional conservancy cart, which is very much required.

Grant V.—No provision was made in the estimates of 1874-75 for any temporary establishments, whereas in the estimates of 1873-74 the salary of a small Survey Party, then entertained as a temporary measure, was entered; hence the decrease.

No. 101. ORDER THEREON, 11th May 1874, No. 808.

collected in arrears, against Rupees 2,300 in 1873-74. The total income of the Municipality, however, is estimated at Rupees 16,175, or only Rupees 145 below that for 1874-75, the new arrangement under which Srirungum obtains a share of the Local Fund tolls bringing a net increase of Rupees 800 to the Municipal income. The estimated collections in arrears are also higher than in 1873-74.

3. On the expenditure side the decrease under the allotments for education is owing to the abolition of an Anglo-Vernacular School hitherto aided from Municipal funds. The Government would have preferred to have seen the money thus saved devoted to the extension of elementary education. The increase under the head of "Conservancy" is sanctioned, and the Government await the promised report on the necessity of doing something with reference to the cess-pools which have been condemned as dangerous to the public health. The decrease under the head of "Supervision" is approved, and the Budget is passed as submitted.

Srirangam Municipality.—The Budget of this Municipality for 1874-75, returned passed.

House Tax.- The outstanding arrears at the close of 1873/74, calculated as closely as possible, amount to Rs. 1800, whereas the Arrears expected to remain uncollected at the close of the preceding Year 1872/73 were only Rs. 1000. the income from that source is only Rs 800 to be collected in arrears against Rs 2300 in 1873-74. The total income of the Municipality however, is estimated at Rs 16,175, or only Rs 145 below that for 1874-75, the new arrangement under which Srirangam obtains a share of the Local Fund tolls bringing a net increase of Rs 800 to the Municipal income. The estimated collections in arrears are also higher than in 1873-74.

As

On the Expenditure side, the decrease under the allotments for Education, is owing to the abolition of an Anglo-vernacular School hitherto aided from Municipal funds. ~~The cessation of a grant to a School of the kind is not in itself to be regretted, but~~ The Govt. would have preferred to have seen the money thus saved devoted to the extension of Elementary Education. The increase under the head of Conservancy is sanctioned, and the Govt. await the promised

promised report on the necessity of doing something with reference to the cesspools which have been condemned as dangerous to the Public Health. The decrease under the head of Superannuation is approved, and the budget is passed as submitted.

Despatch

It is submitted that the remarks regarding the cessation of the grant to the Anglo-Vernacular school is in accordance with the policy of Govt. which has been in force ever since the passing of Acts III and IV of 1871 [redacted] namely that local and Municipal funds are only to be applied to Elementary schools except in the case of old vate schools of the middle class and special cases admitted by Govt. These special cases have been allowed very sparingly and always expressly in deference to the wishes of the local body. - An "Anglo-Vernacular" school is a middle class school - and differs from an elementary school in which a little English is allowed.
