No. 225. Read the following letter from W. S. WHITESIDE, Esq., President of the Municipal Commission, Wallajahpett, North Arcot, to the Hon. D. F. CARMICHAEL, Acting Chief Secretary to Government, Fort St. George, dated Bireddepalle, 6th May 1874, No. 33 :—

Within the limits of the Wallajahpett Municipality there is a good pond known as Vinayaga Chetty's gunta, which supplies excellent drinking water to a large section of the inhabitants of the Municipality. The source of the feeder of this pond lies without municipal limits, skirts a burning ground, and is also densely overgrown with prickly-pear; it is therefore found practically impossible at present to keep it free from nuisance. The Commissioners accordingly propose to extend the limits of the Municipality so as to include the source of supply of the pond, and to expend money in clearing the adjacent ground.

2. I have personally inspected the locality in question, and consider that it is very advisable to make it over to the Municipality. The doing so will, in no way, prejudice the rights of Government.

3. I have the honour accordingly to submit, herewith, a plan and specification showing the limits of the Municipality as at present constituted, and the land now proposed to be annexed to it on the western side, and to request that Government will be pleased to sanction the proposed alteration of the municipal limits.

4. The part italicized in the specification indicates the proposed extension.

No. 226. ORDER THEREON, 26th May 1874, No. 893.

The proposed extension of the boundaries of the Wallajahpett Municipality is approved, and the following notification will be published in the *Fort St. George Gazette* :—
