Local Funds—Education.

No. 62. Read the following Proceedings of the Board of Revenue, dated 2nd March 1875, Miscellaneous No. 2633 :—

Read the following letter from R. W. BARLOW, Esq., President of the Local Fund Boards, Chingleput District, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Caroongooly, 13th February 1875, No. 19 :—

With reference to paragraph 7 of the Board's Proceedings, No. 2723, dated 22nd September 1874, embodied in G.O., No. 1942, dated 13th November 1874, Financial Department, I have the honor to report that seven Local Fund Schools were established at the stations noted in the margin. On the report, however, of the Inspector that the educational wants of Serivalur were sufficiently met by the results schools in existence there, the Circle Board closed their school and wish to appropriate the funds so set free by establishing one at some other place requiring the same.

Trivettore.	Vellavedu.
Parthiput.	Kuthumbakam.
Serivalur.	Tripasore.
Aminjikarai.	Pakam.

2. I enclose herein a statement and a memorandum, the former showing the amount that has been expended on these schools up to January last and that required for the remainder of the year, and the latter the position of the general fund for the current year. It will be seen from these that, out of Rupees 4,908 required for the schools, including the cost of three school-houses at Trivettore, Parthiput, and Vellavedu, which the Circle Board are anxious should be built as soon as possible owing to want of suitable accommodation at those stations, the amount to be contributed from Provincial Funds is only Rupees 1,338.

Submitted for the orders of Government.

2. In G.O., Financial Department, 13th November 1874, No. 1942, Government authorized the continuance of the schools already established in the Sydapet Circle, and awaited a report as to the number and cost for the current year before deciding whether a grant from Provincial Funds for the schools should be allowed. The present letter is the reply.

3. Seven schools have been established, of which one has since been closed, but it is proposed to reopen it at a more suitable place. Including a sum of Rupees 2,538 for three schools, the cost for the year is set down as Rupees 4,908, to meet which, according to the President, there is a sum of Rupees 3,570 available under General Fund. A grant of Rupees 1,338 is accordingly asked for.

4. It seems quite clear that no grant will be required in the current year. The President's calculation is based on the budgetted allotments, which, especially a large one for sanitary purposes, are not likely to be spent, and on the supposition that the estimated balance amounting to Rupees 6,710 budgetted for 1875-76 must be left intact. Further the estimate of expenditure includes Rupees 1,770

for buildings not yet commenced and not likely to be completed this year. The claim to a grant for this item is also doubtful.

As I gather, the Local Fund Board Commissioners of Sydapett had prepared a Scheme of popular Education which the order placing the House tax in abeyance discovered and a special grant was made in 1873 of Rs 8470.

In reviewing the Budget of 1874-75 the Government decides to discontinue the grant but promised to reconsider the matter on full report of the Nature &c of the Works Established

In this report it appears

Local Fund accounts.

that 6 village schools have been Established in a circle containing 146 q. Isillepi that these schools cost about Rs. 2,275 a year or Rs. 380 each - and Educate some 228 boys out of a probable males population of school going age of from 40,000 to 50,000 - Each boy costs the Local Fund Board Rs 10 a year in the first instance. The fees realized are not shown.

I would not continue the Contributions and would warn the Local Fund Board against what appears to me an extravagant and futile expenditure of

It has not yet been paid for the year - My ban but to these schools Hemmingsen suspend 92
