No. 52.

INDIA OFFICE, LONDON,
11*th February* 1875.

MY LORD,—I have considered in council your Financial letters, Nos. 394 and 395, dated the 15th September last, forwarding complaints of delay in the provision of, and of the inferior quality of, certain stationery and paper recently indented for.

2. I forward, herewith, copies of reports by the Director-General of Stores and the Controller of Her Majesty's Stationery Office.

3. I have to request your attention to the two propositions made by the Controller of Her Majesty's Stationery Office, *viz.*, that the purpose for which the paper indented for is to be used should be stated, as well as the name and weight, and that greater intervals should elapse between the arrival of the annual stationery indents from the three Presidencies.

4. I would suggest that, if practicable, these indents should be despatched from India at intervals of not less than three months from each other.

5. It should be remembered by the officers who compile the indents that the supply of stationery for Government involves the purchase and special manufacture of a great variety of different articles, and sufficient time must be allowed for these proceedings.
