WITH reference to paragraph 15 of my letter, No. 418, dated 6th November 1874, forwarding budget estimates, I have the honor to enclose copy of a letter received from Mr. Fortey, stating that the number of Inspecting Schoolmasters may be increased from four to eight, as suggested by the Board, for the efficient supervision of Local Fund Schools, whose continuance during 1875-76 has been sanctioned in G. ENCLOSURE No 1.

From H. FORTEY, Esq., Inspector of Schools, Second Division, to J. HOPE, Esq., President of the Local Fund Board, Kurnool, dated Ramandroog, 4th November 1874, No. 346.

WITH reference to your letter, No. 415, dated 31st ultimo, I have the honor to state that the question as to whether or not there should be an addition made to the number of Inspecting Schoolmasters depends in a great measure on the policy of the Board in regard to the up-keep or not of the elementary schools which have been opened, and the duties the Board intend to assign to the Inspecting Schoolmasters in connection with those schools. I beg to remark that these officers, although called Inspecting Schoolmasters, were not originally appointed to inspect and report on established schools, but only visit unimproved schools, and induce the masters to teach in a systematic manner, use printed text-books, classify their pupils, &c.

2. For itinerating amongst village schools with a view to induce the masters to qualify for results grants, I think the present staff may be sufficient; but if the Board imposes much work on these men in connection with their elementary schools, an additional number will be required.
