Local Funds—Education.

No. 154. Read the following letter from Colonel R. M. MACDONALD, Director of Public Instruction, to the Hon. D. F. CARMICHAEL, Officiating Chief Secretary to Government, Fort St. George, dated Madras, 27th May 1875, No. 1162 :—

I have the honor to submit the following remarks with reference to the papers noted in the margin.

Proceedings of the Board of Revenue, No. 4152, of the 12th May 1875, with enclosures.
Letter from Inspector of Schools, 2nd Division, No. 82, of the 21st May.

2. I am of opinion that when fixed salaries are given to the masters of Local Fund Schools in addition to full result grants, such salaries should about represent the amount which the master of an ordinary Result School may be expected to obtain in the shape of school fees, because in a Local Fund School these fees go to the Board and not to the teacher.

3. There is nothing to show what the income from school fees is likely to be in the twenty-three schools selected by the Gooty Local Fund Board, but it does not seem probable that it will reach the amounts proposed by them, *viz.*, Rupees 7 and Rupees 5 per mensem. The lower rates of Rupees 5 and 3 suggested by the Board of Revenue seem therefore sufficient.

4. I concur with Mr. Fortey in considering that the masters of Elementary Local Fund Schools should be compelled to pass the Certificate Examination for the 5th grade. I think that no master should be permanently appointed to a Local Fund School until he has passed, and that, in the event of his failing to pass within a reasonable period, he should be removed.

Proceedings of the Board of Revenue, dated 12th May 1875, No. 4152 (Miscellaneous).

From J. H. MASTER, Esq., Collector of Bellary, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Bellary, 25th April 1875, No. 137.

With reference to paragraph 5 of the Proceedings of the Board of Revenue, No. 640, dated 17th March 1875, I have the honor to forward copy of the Proceedings of the Gooty Local Fund Board, passed at a meeting held on the 15th instant, submitting a list of Local Fund Elementary Schools which may be allowed to enjoy the combined system of salaries and results grants, and to request that you will be good enough to sanction the same.

2. The proposed salaries to the different schools amount to Rupees 1,812 per annum, and can be met, as pointed out by the Board of Revenue, from the General Fund Reserve of the current official year.

Submitted for the orders of Government through the Director of Public Instruction.

2. The Gooty Local Fund Board propose to put twenty-three schools on the combined system, the fixed salary in eighteen cases being Rupees 7, and in five Rupees 5 per mensem, in addition apparently to full results grants.

3. The Board consider that salaries of Rupees 5 and Rupees 3 would be sufficient.

Proceedings of the Madras Government, Financial Department,
16th June 1875.

From H. FORTEY, Esq., Inspector of Schools, 2nd Division, to Colonel R. M. MACDONALD, Director of Public Instruction, dated Ramandroog, 21st May 1875, No. 82.

I have the honor to reply to your proceedings, No. 1064, dated 15th instant, forwarding Proceedings of the Board of Revenue, No. 4152, dated the 12th instant, for report.

2. I observe that the Madras Government have for some months past been suggesting to Local Fund Boards the adoption of a system of fixed salaries combined with results grants as the best means of diffusing primary education.

3. If this system is to be adopted at once throughout the country in supersession of the system of pure results grants, I venture to predict that it will be productive of evil rather than good and will lead to a great waste of public money.

4. But if it be adopted with such limitations as will ensure that the additional benefit of a fixed salary be given only to competent teachers, it will perhaps be instrumental in improving the quality of primary education.

5. I would recommend that a fixed salary be not assigned to any master who has not passed the Teachers' Certificate Examination; if he has passed for the 4th grade, his salary might be fixed somewhat higher than if he has passed for the 5th. In the former case he might perhaps be paid Rupees 7 per mensem, and in the latter Rupees 5.

6 There should be one uniform scale of fixed salaries for the whole Presidency, as there is one scale of results grants. This matter should be decided by Government and not left to the discretion of the Local Fund Boards.

7. I have made these remarks on the assumption that it is not open to me to discuss the expediency or otherwise of adopting this system of combined grants, as it seems to have been deliberately approved by Government.

8. The Proceedings of the Board of Revenue and enclosures are herewith returned.

Resolution No. 6.—Read Revenue Board's Proceedings, No. 640, dated the 17th March 1875, passing the Local Fund Budgets of the Bellary District for 1875-76. Also President's footnote calling for proposals with reference to paragraph 5 of the above Proceedings, *viz.*, for the utilization of a considerable portion of Rupees 6,900, being the general reserve and balance of the funds of the Gooty Circle upon establishment of Local Fund Schools upon the continued system of results grants and fixed stipends.

The Deputy Inspector of Schools has been asked to recommend for the combined system such schools as are likely to be improved by it.

Read also report by the Deputy Inspector of Schools, No. 14, dated the 14th April 1875, deprecating a system which would involve the payment of fixed salaries as being calculated to induce apathy, pointing out that it would be absurd to add to the emoluments of the existing Local Fund Schoolmasters by allowing them to receive results grants as well, their present salaries being large, and suggesting such a modification of their constitution as would control the rate of their pay and allow them to receive results grants, the former being dependent upon the examinations their school pass for the latter.

The Board resolve to select the schools noted below for the combined system of salaries and results grants at the salaries placed opposite to each:—
