Provincial Services.

Read the following papers :—

No. 168. From J. W. NEILL, Esq., Officiating Secretary to the Chief Commissioner, Central Provinces, to the Secretary to the Government of India, Financial Department, dated Nagpur, 10th April 1875, No. 1286-50.

I am directed to return the papers forwarded for report under your endorsement, No. 1537, dated 5th March, regarding the charges of the taluqs transferred from the Central Provinces to Madras.

2. The question is, by how much the allotment from the Imperial Government for Provincial Services should be reduced in the case of the Central Provinces and increased in the case of Madras by reason of the transfer, and as elucidating that point I am directed to forward copy of a letter from the Accountant-General, Central Provinces, showing how far he admits the charges tabulated by the Accountant-General, Madras.

Of the charges, excluding Public Works, the Accountant-General admits Rupees 5,433, but disallows Rupees 2,043, giving his reasons for doing so. In the matter of Public Works the Controller of Public Works Accounts has put up a brief note, copy of which is also appended. He shows that the expenditure on Public Works, Provincial, in 1870-71 was Rupees 523 and has been less every year since, while the Accountant-General, Madras, claims Rupees 24,000.

From these papers, then, it would appear that the Imperial allotment for Central Provinces, Provincial Services, should be reduced by Rs. 5,433 + 523 = 5,956 and the Madras allotment increased *pro tanto*.

From J. WESTLAND, Esq., Accountant-General, Central Provinces, to J. W. NEILL, Esq., Officiating Secretary to the Chief Commissioner, Central Provinces, dated 23rd March 1875, No. 1064-G.

I have the honor to acknowledge receipt of your No. 883-40, dated the 11th instant.

2. As regards the Imperial Budget, there is no occasion for making any transfers between this Province and Madras, and the Accountant-General of Madras does not propose any.

3. As regards Provincial estimates, the question is, by how much the allotment from Imperial Government for Provincial Services ought to be reduced in the case of Central Provinces and increased in the case of Madras on account of establishments, &c., formerly paid by the former Government and now to be paid by the latter.

4. The detail of these establishments is as follows :—

	Rs.
Police Establishment	3,846
Contingencies, as stated by the Accountant-General, Madras	130
Total ...	3,976

Clothing.—The establishment includes four Head Constables and thirty-three Constables, for whom clothing has to be provided, which, at the Central Provinces rate of Rupees 36 each, comes to Rupees 222. I do not know how the Accountant-General, Madras, comes by such a high figure as Rupees 914.

Under "*Education*" the Accountant-General, Madras, states Rupees 1,044, which is thus made up—

		Rs.
Anglo-Vernacular School Establishment	360	
Contingencies	24	
	—	384
Village Schools Establishment		420
Grant-in-Aid Girls' School		240
Total ...		1,044

Of these, the first may be admitted. The second is a charge against Education Cess, of which the collections, Rupees 359, have been transferred with the taluqs, so that only Rupees 61 of charge has to be transferred. Of the third, Rupees 240 is the full measure of the establishments, of which half was paid by Government and half by subscription, so that only Rupees 120 of charge has been transferred.

The next charge is for "Minor Establishment." There was a cemetery chowkedar, whose aggregate cost was Rupees 60 a-year, and I presume the Accountant-General has added Rupees 10 as contingencies.

The next is "Miscellaneous," under which the Accountant-General, Madras, writes Rs. 500. I do not know on what account this charge is, and should like details.

District Post.—The charges are Rupees 52-8-0 a-month, or Rupees 630 a-year. The Accountant-General puts down Rupees 762, which makes a very large margin for contingencies. The realization of District Post Cess is Rupees 100 8 0, and, as this has been transferred as well as the charges, the net charge transferred to Madras is Rupees 539, *plus* contingencies, say Rs. 600 a-year.

Under "Public Works" I am not in a position to report what the expenditure has been in time past in the transferred taluqs and what amount should be transferred on this account. Probably the Public Works Department will be able to say.

Under the two next heads, "Special Funds" and "Local Funds," I do not know the particulars referred to, but, as both the revenue and expenditure of Local Funds are transferred, there should be no claims on this head. The collections of Road Cess, which amount to Rupees 359 (same amount as Education Cess), have been transferred with the taluqs and are sufficient to meet any charges under this head.

The following, therefore, is the statement of the amount to be transferred from Provincial Services allotment to Central Provinces to Provincial Services allotment to Madras :—

Head.	Claims by Acct-Genl., Madras.	Admitted.	Disallowed.
	Rs.	Rs.	Rs.
Police	3,976	3,976	...
Do. Clothing	914	222	692

Public Works Department	24,000	Refer to P. W. D.	
Special Funds	110	...	110
Local do.	100	...	100
Total ...	31,476	5,433	2,043

The enclosures of your letter are returned.

Note by the Controller of Public Works Accounts, Central Provinces.

According to Resolution, No. 3334, dated 10th December 1870, in the Financial Department, the permanent Imperial allotment for "Provincial Services" was made on the basis of the assignments for the year 1870-71.

2. In the assignment for the Public Works Department for 1870-71 the only item relating to the taluqs transferred to the Madras Government affecting "Provincial Services" is for "Petty repairs at first barrier," Godavery, under head "Civil Buildings," Rupees 500, and against this the expenditure incurred was Rupees 523.

3. The following figures, however, show the expenditure for five years ending 31st March 1875 :—

		Rs.
1870-71.		
Burial-ground, Dumagudiem	309	
Court-houses, petty repairs	160	
Police	54
